Sailing Ships of the Romantic Era Antoine Roux,1968 Encyclopedia of the Romantic Era, 1760-1850 Christopher John Murray,2013-05-13 In 850 analytical articles this two volume set explores the developments that influenced the profound changes in thought and sensibility during the second half of the eighteenth century and the first half of the nineteenth century The Encyclopedia provides readers with a clear detailed and accurate reference source on the literature thought music and art of the period demonstrating the rich interplay of international influences and cross currents at work and to explore the many issues raised by the very concepts of Romantic and Romanticism *Sailing Ships of the Romantic Era. A 19th Century Album of Water-colours (and Drawings Reproduced from the Originals in the Collection of Jean Meissonnier).* [Introduction:] Jean Meissonnier Antoine Roux,1968

English Poetry and Prose of the Romantic Movement George Benjamin Woods,1916 *Ships Monthly* ,1972 **African Founders** David Hackett Fischer,2022-05-31 In this sweeping foundational work Pulitzer Prize winning historian David Hackett Fischer draws on extensive research to show how enslaved Africans and their descendants enlarged American ideas of freedom in varying ways in different regions of the early United States African Founders explores the little known history of how enslaved people from different regions of Africa interacted with colonists of European origins to create new regional cultures in the colonial United States The Africans brought with them linguistic skills novel techniques of animal husbandry and farming and generations old ethical principles among other attributes This startling history reveals how much our country was shaped by these African influences in its early years producing a new distinctly American culture Drawing on decades of research some of it in western Africa Fischer recreates the diverse regional life that shaped the early American republic He shows that there were varieties of slavery in America and varieties of new American culture from Puritan New England to Dutch New York Quaker Pennsylvania cavalier Virginia coastal Carolina and Louisiana and Texas This landmark work of history will transform our understanding of America's origins China and the Victorian Imagination Ross G. Forman,2013-08-15 What happens to our understanding of

orientalism and imperialism when we consider British Chinese relations during the nineteenth century rather than focusing on India Africa or the Caribbean This book explores China's centrality to British imperial aspirations and literary production underscoring the heterogeneous interconnected nature of Britain's formal and informal empire To British eyes China promised unlimited economic possibilities but also posed an ominous threat to global hegemony Surveying anglophone literary production about China across high and low cultures as well as across time space and genres this book demonstrates how important location was to the production circulation and reception of received ideas about China and the Chinese In this account treaty ports matter more than opium Ross G Forman challenges our preconceptions about British imperialism reconceptualizes anglophone literary production in the global and local contexts and excavates the little known Victorian

history so germane to contemporary debates about China's rise *MotorBoating* ,1964-03 **Western Enterprise in Far Eastern Economic Development** G. C. Allen,Donnithorne,2013-11-05 Western Enterprise in Far Eastern Economic Development charts the activities of Western firms in China and Japan from the middle of the nineteenth century when those countries were opened to foreign trade until recently The organization of the Western business undertakings the types of firms concerned and relations between the Westerners and the Japanese and Chinese economies are all discussed Among the economic activities covered are merchant banking finance manufacturing mining shipping and domestic transport A dominant theme is the contrast presented by China and Japan in their response to Western enterprise **Year Book** Port of Seattle,1929 *The General Magazine and Historical Chronicle* ,1741 **Hearings** United States. Congress. House. Committee on Merchant Marine and Fisheries,1967 **Hearings, Reports and Prints of the House Committee on Merchant Marine and Fisheries** United States. Congress. House. Committee on Merchant Marine and Fisheries,1967 **Hearings** United States. Congress. Senate. Committee on Commerce,1967 **Scotland and the Sea** Nick Robins,2014-01-21 Scotland's maritime heritage is a highly significant one embracing as it does a quite outstanding contribution to Britain's development both as an empire and as the world's leading maritime power in the nineteenth century Scottish engineering ship owning and operating as well as business and entrepreneurial skills played a major part in the success of the Merchant Navy while Scottish emigrants took skills to every corner of the world creating trade and wealth both abroad and at home In terms of engineering Clyde built was the Kitemark for the shipbuilding industry the world over Scottish shipowners included household names such as Allan Anchor Donaldson and Henderson while Scotsmen were instrumental in founding and for much of the time managing Cunard British India P O Orient Glen and many other English companies The author tells an exhilarating story of energy and inventiveness describing the remarkable navigational skills of the highlanders and the technological and business skills of the lowlanders and relates the early development of the steamship the impact of emigration the involvement with exploration and the development of trade routes and the final flowering of the world's last great iron sailing ships And the evidence is still here in the Cutty Sark the Denny test tank at Dumbarton and the Burrell Collection at Pollock all reminders of a remarkable story As seen in *Scottish Memories Magazine* *The Times Shipping Number* ,1913 **Mechanisms of cultural evolution** Victor Efremenko,2020-12-09 The definition of cultural evolution is given from a natural scientific point of view The functional structures of the brain called memes by R Dawkins turned out to be replicators that allow explaining the cultural adaptations of a social society which makes it possible to abandon a philosophical consideration of the processes of cultural evolution to understand the inconsistency of Marxism and the genetic shortcomings of autocracy in Russia **Children of the Comet** Donald Moffitt,2015-10-13 From the visionary author of *The Genesis Quest* a wildly imaginative Greg Bear science fiction novel about a young man's struggle for survival on a comet made of ice In Donald Moffitt's brilliant cosmic adventure Torris son of the Facemaker knows only his

small community at the base of the great Tree on a comet with almost no gravity or atmosphere Torris's daily struggle for survival includes harvesting frozen air to keep breathing dodging flutterbeasts and hunting meatbeasts for food When the time comes to make his vision quest to the top of the Tree Torris is completely unprepared for what he finds a thieving and hostile fellow quester Ning a female hunter in search of food to save her family on a neighboring comet and humans from a massive starship that has spent billions of years crossing the galaxy from Earth's solar system Perfect for fans of Arthur C Clarke Larry Niven and Peter F Hamilton *Children of the Comet* is an enthralling space odyssey about a young man grappling with unexpected cultural differences and learning to adapt in the face of an uncertain and rapidly changing fantastical future
