The Care and Feeding of Sailing Crew Lin Pardey, Larry Pardey, 2014-06-03 The Care and Feeding of Sailing Crew despite the title is hardly a cookbook rather it's a primer on successful cruising Certainly anyone contemplating or preparing for off-shore passages would want to read and then keep this volume aboard A 50-day passage from Japan to Victoria Canada in 1979 provides Lin a base for discussing everything from menus to clothing to choosing a fresh chicken to dealing with port officials to preventing sea sickness to buying liquor abroad as well as the best material for underwear Lin and Larry have been full-time cruisers and professional sailors for some 40-plus years it's all that they do They've learned a lot and a great deal of their wisdom appears in this book where specific situations mix with general guidelines As a bonus Lin writes very well She's able to seamlessly tie one subject to the next in a style that seems like great conversation rather than reading a how-to-do-it text By structuring the flow of information in and around the process of food preparation while experiencing the joys and travails of a very long passage she provides the reader with a good cruising tale enhanced with a thousand useful tips Tips vary from entertaining aboard to coping with money transfers There are great tips on provisioning in foreign ports as well as a strong suggestion to only go a short distance before anchoring following a farewell party Excellent chapters will help insure your crew stays healthy and well-rested Others deal with creating an ideal galley From big ideas to small tips all are presented logically and with useful illustrations Learn why
