Sailing On Friday The Perilous Voyage Of Americas Merchant Marine:

Sailing On Friday John A. Butler, 2000-03-01 Recounts the colorful history of the U S merchant fleet in times of war peace from 1776 to the present Twice in U S history the American maritime fleet grew to become the most powerful in the world only to decline thereafter This is a tale of operatic dimension peopled with patriots politicians industrial geniuses fearless seamen gallant swashbucklers Includes accounts of little noted innovations that had long lasting effects daring ocean rescues sea battles financial gambles that won or lost fortunes Growing stress among diverse forces of merchants shipowners seafarers federal agencies brings this exciting story to an appalling climax The single best one volume source available on this neglected aspect of U S history Illustrations [The Communist Party on the American Waterfront](#) Vernon L. Pedersen, 2019-12-20 In the early years of the Great Depression the Marine Workers Industrial Union MWIU was a colorful presence on the American Waterfront In 1935 the MWIU seemed to vanish closing its halls and stopping its publications Vernon L Pedersen convincingly demonstrates that the MWIU did not vanish instead it was ordered by the Moscow based Communist International to send its members into mainstream ALF unions and take over from the inside Initiated by accident on the west coast and deliberately duplicated in the east the Communists seized control of the west coast longshoremen s union destroyed the International Seamen s Union and created the Communist dominated National Maritime Union [The Ghost Ships of Archangel](#) William Geroux, 2022-05-03 An extraordinary story of survival and alliance during World War II the icy journey of four Allied ships crossing the Arctic to deliver much needed supplies to the Soviet war effort On the fourth of July 1942 four Allied ships traversing the Arctic split from their decimated convoy to head further north into the ice field of the North Pole They were seeking safety from Nazi bombers and U boats in the perilous white maze of ice floes growlers and giant bergs Despite the many risks of their chosen route the four vessels had a better chance of reaching their destination than the rest of the remains of convoy PQ 17 The convoy had started as a fleet of thirty five cargo ships carrying 1 billion worth of war supplies to the Soviet port of Archangel the only help Roosevelt and Churchill had extended to Joseph Stalin to maintain their fragile alliance against Germany At the most dangerous point of the voyage the ships had received a startling order to scatter and had quickly become easy prey for the Nazis The crews of the four ships focused on their mission U S Navy Ensign Howard Carraway aboard the SS Troubadour was a farm boy from South Carolina and one of the many Americans for whom the convoy was a first taste of war from the Royal Navy Reserve Lt Leo Gradwell was given command of the HMT Ayrshire a British fishing trawler that had been converted into an antisubmarine vessel The twenty four hour Arctic daylight in midsummer gave them no respite from bombers or submarines and they all feared the giant German battleship Tirpitz nicknamed the Big Bad Wolf Icebergs were as dangerous as Nazis as the remnants of convoy PQ 17 tried to slip through the Arctic to deliver their cargo in one of the most dramatic escapes of World War II At Archangel they found a traumatized starving city and a disturbing preview of the Cold War ahead **The Captain's Widow of Sandwich** Megan

Taylor Shockley,2010-04-12 In 1852 Hannah Rebecca Crowell married sea captain William Burgess and set sail Within three years Rebecca Burgess had crossed the equator eleven times and learned to navigate a vessel This title examines how Burgess constructed her own legend and how the town of Sandwich embraced that history as its own **The Mathews Men** William Geroux,2017-03-21 Vividly drawn and emotionally gripping Daniel James Brown 1 New York Times bestselling author of The Boys in the Boat From the author of The Ghost Ships of Archangel one of the last unheralded heroic stories of World War II the U boat assault off the American coast against the men of the U S Merchant Marine who were supplying the European war and one community s monumental contribution to that effort Mathews County Virginia is a remote outpost on the Chesapeake Bay with little to offer except unspoiled scenery but it sent an unusually large concentration of sea captains to fight in World War II The Mathews Men tells that heroic story through the experiences of one extraordinary family whose seven sons and their neighbors U S merchant mariners all suddenly found themselves squarely in the cross hairs of the U boats bearing down on the coastal United States in 1942 From the late 1930s to 1945 virtually all the fuel food and munitions that sustained the Allies in Europe traveled not via the Navy but in merchant ships After Pearl Harbor those unprotected ships instantly became the U boats prime targets And they were easy targets the Navy lacked the inclination or resources to defend them until the beginning of 1943 Hitler was determined that his U boats should sink every American ship they could find sometimes within sight of tourist beaches and to kill as many mariners as possible in order to frighten their shipmates into staying ashore As the war progressed men from Mathews sailed the North and South Atlantic the Caribbean the Gulf of Mexico the Mediterranean the Indian Ocean and even the icy Barents Sea in the Arctic Circle where they braved the dreaded Murmansk Run Through their experiences we have eyewitnesses to every danger zone in every kind of ship Some died horrific deaths Others fought to survive torpedo explosions flaming oil slicks storms shark attacks mine blasts and harrowing lifeboat odysseys only to ship out again on the next boat as soon as they d returned to safety The Mathews Men shows us the war far beyond traditional battlefields often the U S merchant mariners life and death struggles took place just off the U S coast but also takes us to the landing beaches at D Day and to the Pacific When final victory is ours General Dwight D Eisenhower had predicted there is no organization that will share its credit more deservedly than the Merchant Marine Here finally is the heroic story of those merchant seamen recast as the human story of the men from Mathews **The Way of the Ship** Alex Roland,W. Jeffrey Bolster,Alexander Keyssar,2008 The Way of the Ship offers a global perspective and considers both oceanic shipping and domestics shipping along America s coasts and inland waterways with explanations of the forces that influenced the way of the ship The result is an eye opening authoritative look at American maritime history and the ways it helped shape the nation s history **BOOK JACKET** **The Republic Afloat** Matthew Taylor Raffety,2024-05-31 In the years before the Civil War many Americans saw the sea as a world apart an often violent and insular culture governed by its own definitions of honor and ruled by its own authorities The truth however is that legal cases that originated at sea had a

tendency to come ashore and force the national government to address questions about personal honor dignity the rights of labor and the meaning and privileges of citizenship often for the first time By examining how and why merchant seamen and their officers came into contact with the law Matthew Taylor Raffety exposes the complex relationship between brutal crimes committed at sea and the development of a legal consciousness within both the judiciary and among seafarers in this period The Republic Afloat tracks how seamen conceived of themselves as individuals and how they defined their place within the United States Of interest to historians of labor law maritime culture and national identity in the early republic Raffety s work reveals much about the ways that merchant seamen sought to articulate the ideals of freedom and citizenship before the courts of the land and how they helped to shape the laws of the young republic

Bluejackets in the Blubber Room

Neptune's Car - An American Legend

the spring of 1853 the Neptune s Car quickly established her reputation for speed However murder mutiny mayhem plague disaster war death and financial ruin haunted any who know her The fickle hand of fate was always at the helm and like the oceans upon which the clipper sailed she spared none who showed weakness Volume One of the Virginia Clippers *Sailing on Friday* John A. enemy's guns to steer clear of the treacherous banks of desperate crowds of slaves clambering for safe passage and of a fire raft 150 feet long filled with burning pine knots set on a course of destruction among the Union's ships.
