Saint-Exupéry écrivain Olivier Odaert,2018-10-18 L'ouvrage Antoine de Saint Exupéry est un des auteurs les plus lus au

monde Pourtant la critique universitaire ne lui a jusqu'ici consacré que peu d'attention Si les biographies et les traités de morale son sujet sont innombrables les travaux proprement littéraires sont rares et dispersés Cet essai veut mettre en lumière l'crivain que fut Saint Exupéry et propose en ce sens une étude générale de son œuvre Plus précisément l'objectif de ce livre est de révaluer la signification et la place de l'œuvre littéraire d'Antoine Saint Exupéry dans l'histoire de la littérature et des idées L'hypothèse est qu'elle manifeste un renversement radical de l'imaginaire d'inspiration platonicienne qui a structuré la plupart des représentations occidentales depuis leurs origines et tout particulièrement les représentations de l'aéronautique Cette inversion constitue depuis Nietzsche un des enjeux majeurs de la modernité La première partie de l'ouvrage est consacrée à l'examen méthodique et progressif de la poétique de Saint Exupéry et de l'imaginaire qu'elle configure La deuxième partie montre ensuite comment cet imaginaire implique une éthique de la responsabilité qui annonce les développements de la philosophie morale après la Seconde Guerre mondiale chez Sartre et Arendt et comment cette éthique a orienté les positions et les propositions politiques de Saint Exupéry Le public Cet ouvrage s'adresse tous ceux qui amateurs ou spécialistes ont un jour ouvert un livre de Saint Exupéry et se sont interrogés sur le pouvoir de ses mots Il concernera aussi les lecteurs qui intéressent l'histoire des idées et des représentations au XXe siècle notamment en rapport avec le développement de l'aéronautique

Le dernier vol de Saint-Exupéry Simon Guibert, 2006 Saint Exupéry l'avait annoncé Je finirai en croix dans la Méditerranée Le reste est de l'ordre du détail Une panne d'oxygène qui provoque la perte de conscience une syncope un moteur qui lâche une panne de kérosène un pilote qui pousse le manche vers la planche liquide une dernière révérence dans le désert du ciel peu importe La mort voilà longtemps qu'il l'a acceptée Il avait déjà tout choisi la beauté du lieu l'éternité de l'instant le sens de la manière Il avait eu l'argent les honneurs militaires la gloire littéraire la reconnaissance des femmes l'aventure Il souffrait par-dessus tout d'une soif d'absolu que les lendemains ne pouvaient plus promettre Oui le 31 juillet était un beau jour pour mourir Un crash silencieux un vol sans fin Oui d'ailleurs Saint Ex quicrivait j'aurais l'air d'être mort et ça ne sera pas vrai avait bien préparé son dernier tour de passe-passe

Decolonising Europe? Berny Sèbe, Matthew G. Stanard, 2020-04-01 Decolonising Europe Popular Responses to the End of Empire offers a new paradigm to understand decolonisation in Europe by showing how it was fundamentally a fluid process of fluxes and refluxes involving not only transfers of populations ideas and sociocultural practices across continents but also complex intra-European dynamics at a time of political convergence following the Treaty of Rome Decolonisation was neither a process of sudden rapid changes to European cultures nor one of cultural inertia but a development marked by fluidity movement and dynamism Rather than being a static process where Europe's former metropolises and their peoples at home reacted to the end of empire out there decolonisation translated into new realities for Europe's cultures societies and politics as flows ebbs fluxes and cultural refluxes reshaped both former colonies and former metropolises The volume's contributors set out a carefully crafted panorama of decolonisation's sequels in European popular culture by means of in-depth studies of specific cases and media analysing the interwoven meaning

momentum memory material culture and migration patterns of the end of empire across eight major European countries The revised meaning of decolonisation that emerges will challenge scholars in several fields and the panorama of new research in the book charts paths for new investigations The question mark in the title asks not only how European cultures experienced the end of empire but also the extent to which this is still a work in progress
