with the artistic community of his time *John Calvin* William J. Bouwsma,1989-03-17 Historians have credited or blamed Calvinism for many developments in the modern world including capitalism modern science secularization democracy individualism and unitarianism These same historians however have largely ignored John Calvin the man When people consider him at all they tend to view him as little more than the joyless tyrant of Geneva who created an abstract theology as forbidding as himself This volume written by the eminent historian William J Bouwsma who has devoted his career to exploring the larger patterns of early modern European history seeks to redress these common misconceptions of Calvin by placing him back in the proper historical context of his time Eloquently depicting Calvin s life as a French exile a humanist in the tradition of Erasmus and a man unusually sensitive to the complexities and contradictions of later Renaissance culture Bouwsma reveals a surprisingly human plausible ecumenical and often sympathetic Calvin John Calvin offers a brilliant reassessment not only of Calvin but also of the Reformation and its relationship to the movements of the Renaissance *A Companion to Late Antique Literature* Scott McGill,Edward J. The Bible Bruce Gordon, 2024-09-17 A wonderful highly comprehensive John Barton author of *A History of the Bible* global history of the world's best known and most influential book For Christians the Bible is a book inspired by God Its eternal words are transmitted across the world by fallible human hands Following Jesus's departing instruction to go out into the world the Bible has been a book in motion from its very beginnings and every community it has encountered has read heard and seen the Bible through its own language and culture In *The Bible* Bruce Gordon tells the astounding story of the Bible's journey around the globe and across more than two thousand years showing how it has shaped and been shaped by changing beliefs and believers radically different needs The Bible has been a tool for violence and oppression and it has expressed hopes for liberation God speaks with one voice but the people who receive it are scattered and divided found in desert monasteries and Chinese house churches in Byzantine cathedrals and Guatemalan villages Breathtakingly global in scope *The Bible* tells the story of this sacred book through the stories of its many and diverse human encounters revealing not a static text but a living dynamic cultural force

Latin Christian Writers in Late Antiquity and their Texts Mark Vessey, 2024-10-28 By close engagement with both traditional and contemporary approaches to ancient Christian literature *Latin Christian Writers in Late Antiquity and their Texts* seeks to delineate a historiographical problem at the same time rendering patristics as part of the subject matter of a new literary history After preliminary essays marking out the field the volume is organized in three sections by authors forms of discourse and disciplines Released from the theological discipline of patristics the writings of the church fathers have in recent decades become the common property of students of early Christianity late antiquity and the classical tradition In principle they are now no more nor less than sources documents and literary texts like others from their period and milieux Yet when replaced in the longer history of Western textual and literary practices the collective literary oeuvre of Latin clerics monks and ascetic freelances of the Later Roman Empire may still seem to occupy a place of decisive if not canonical importance How does one now account for the abiding formativeness of Latin Christian writing of the fourth and fifth centuries CE What demands does such writing lay on a modern history of literature These are the questions asked here in view of a new literary history of patristic texts
