Comparative Study of Religions Y. Masih, 2013-01-01 A Comparative Study of Religions has been written by a scholar who has occupied himself with the subject of religion for over fifty years But no finality can be claimed the reason is that religion deals with what is transcendent in the sense that it deals with what man is going to be Advaitism terms this futuristic end as becoming Brahman Jainism as regaining one's pristine glory theists as becoming gold fit for heaven However Bergson and other evolutionists would say that religion is a collective and cooperative effort of men to become gods This simply means the divinising of man what Aurobindo calls supermind They refer to a state beyond human ills beyond human infatuation and beyond the befogging of human intellect This is known in Jainism as sarvajnata One thing is clear that fighting with other human beings in the name of religion is subhuman As religious men we are fellow travellers in the direction of the realm of spirit Here the nomenclature of Hindus Muslims Christians etc ceases to be meaningful Of course we have to go very far and we have not made any beginning yet However at present the advaitic principle of differences Brahman can serve the purpose of harmonizing all religions Here we have adopted this principle Secondly the key concepts of different religions have been shown to mingle with one another

Sikhs DK, 2023-04-25 Dive into the history the philosophy the essence of the Sikh faith and trace its evolution At the turn of the 15th century Guru Nanak embarked on a series of journeys

across the Indian subcontinent and instituted an equitable community and an egalitarian religion built upon the values of inclusion service and kindness Sikhs throws a spotlight on this incredible faith that places service before self Today it is the fifth largest religion in the world with over 30 million Sikhs across the globe The book explores the gurus the scriptures the philosophy and stories and legends It explains how a faith led to the birth of a historic empire of immense military and political might maps the emergence of a distinct identity looks at its impact on the world today and celebrates the contributions of this illustrious community *All One Must Know About The Sikh Faith* Colonel Daljeet Singh Cheema,2023-06-05

This book helps as a religious teacher preaching the fundamental learnings basic beliefs and understanding of the sikh faith It is a simple and primary book that teaches our young generation and beginners about The Sikh Religion All One Must Know About The Sikh Faith Every generation is the trustee of its culture and heritage for future generations who become its custodians Teachings of a faith of love peace Oneness of God and universal brotherhood founded by Guru Nanak and carried forward by his nine followers are the most valuable heritage of the Sikhs Identity and unshaken faith of the present generation of Sikhs is perhaps the last link between the ones who value and respect its heritage and take pride in being born a Sikh and the new crop that seem to be getting lost in search of it Despite the orthodoxy and rigidity that holds Sikhism back Sikhs have excelled in all aspects of human endeavour and are acknowledged as uniquely courageous people working towards the upliftment of humanity and their contribution is extraordinary considering their small number The youth in India and abroad are ignorant of the glorious past of the Sikh faith what it stands for and what it can teach the world For example most of them may not be aware of the importance of the five Takhsats Amrit vela Daswandh Chaali Mukte and Nishan Sahib et al in Sikh history The knowledgeable must help the new generations understand all such aspects in correct historical perspective The book in your hands is a humble effort in that direction **Two Gurus One**

Message Savinder Kaur Gill,Sonam Wangmo,2019-01-01 Buddhism and Sikhism founded by the Lord Buddha and Guru Nanak respectively are both religions of India with a two thousand year gap between the two faiths Tarungpa Tulku in his 1966 article Guru Nanak in Tibet A Buddhist view point wrote that Tibetan Buddhists have a special connection with Sikhism due to the belief that Guru Nanak was a manifestation of Guru Padmasambhava It is with this curiosity that the idea for this book was conceived leading to the discovery of an astonishing number of similarities between the two spiritual traditions This comparative study the first major attempt of its kind scoured the entire Sikh Scripture Shri Guru Granth Sahib and found numerous parallels with the Buddhist Canon especially Pali ranging from the life stories of the founding fathers of the two faiths their social agenda and core tenets to articles of faith including religious symbolism It is hoped that this research can in some way help to blur the divisions between religious labels and bring out pure spirituality devoid of fixation on religious externalities which leads to much dissent especially in this degenerate ere While acknowledging the rich diversity and uniqueness of each spiritual tradition this book eventually comes to the conclusion that spirituality transcends religious

labels We have come to appreciate that although the externalities of religion may differ vastly spiritual insights remain universal SUBALTERN DISCOURSES T.
