Luis Buñuel Román Gubern, Paul Hammond, 2012-01-04 The turbulent years of the 1930s were of profound importance in the life of Spanish film director Luis Buñuel 1900 1983 He joined the Surrealist movement in 1929 but by 1932 had renounced it and embraced Communism During the Spanish Civil War 1936 39 he played an integral role in disseminating film propaganda in Paris for the Spanish Republican cause Luis Buñuel The Red Years 1929 1939 investigates Buñuel's commitment to making the politicized documentary Land without Bread 1933 and his key role as an executive producer at Film fono in Madrid where he was responsible in 1935 36 for making four commercial features that prefigure his

work in Mexico after 1946 As for the republics of France and Spain between which Bu uel shuttled during the 1930s these became equally embattled as left and right totalitarianisms fought to wrest political power away from a debilitated capitalism Where it exists the literature on this crucial decade of the film director s life is scant and relies on Bu uel s own self interested accounts of that complex period Rom n Gubern and Paul Hammond have undertaken extensive archival research in Europe and the United States and evaluated Bu uel s accounts and those of historians and film writers to achieve a portrait of Bu uel s Red Years that abounds in new information **Dalí** Dawn Ades,Michael R. Documenting Spain: Artists, Exhibition Culture, and the Modern Nation, 1929-1939 ,

The news media have given us potent demonstrations of the ambiguity of ostensibly truthful representations of public events Jordana Mendelson uses this ambiguity as a framework for the study of Spanish visual culture from 1929 to 1939 a decade marked on the one hand by dictatorship civil war and Franco s rise to power and on the other by a surge in the production of documentaries of various types from films and photographs to international exhibitions Mendelson begins with an examination of El Pueblo Espa ol a model Spanish village featured at the 1929 International Exposition in Barcelona She then discusses Bu uel s and Dal s documentary films relating them not only to French Surrealism but also to issues of rural tradition in the formation of regional and national identities Her highly original book concludes with a discussion of the 1937 Spanish Pavilion where Picasso s famed painting of the Fascist bombing of a Basque town Guernica was exhibited along with monumental photomurals by Josep Renau Based upon years of archival research Mendelson s book opens a new perspective on the cultural politics of a turbulent era in modern Spain It explores the little known yet rich intersection between avant garde artists and government institutions It shows as well the surprising extent to which Spanish modernity was fashioned through dialogue between the seemingly opposed fields of urban and rural fine art and mass culture

and explained contemporary American art to their many and varied audiences Whilst many are fluent in one or two foreign languages few are able to read all twenty five languages represented in the two volumes These ground breaking publications significantly enrich the fields of American art studies and European art criticism

The Crucified Mind Robert Havard, 2001 Why is the Spanish input to Surrealism so distinctive and strong What do such renowned figures as Dalí, Buñuel, Lorca, Aleixandre and Alberti have in common This book untangles the issue of Surrealism in Spain by focusing on a consistent feature in Spanish avant garde poetry art and film of the late twenties and thirties its supersaturation in religion A repressive religious upbringing typically under the Jesuits intensifies both the paranoiac and the mystical Surrealism's twin pillars which were already deeply ingrained in the Spanish psyche Striking examples are Lorca's prophetic voice in New York Dalí and Buñuel's Eucharistic transformations Alberti's Loyolan materio mysticism Alberti is the fulcrum of this study since his poetry goes the full distance of Surrealism's evolution from Freudian catharsis to metaphysical transcendence until it expires in a Marxist reaction to church bound tradition when his nation convulses in civil war the surrealist ethos in Spain is not reducible to measuring how closely it imitates French theory It is more serious than the French says Alberti and its bearings are found on a cross of mental suffering and in a journey out of hell that made real art in practice ROBERT HAVARD is Professor of Spanish University of Wales Aberystwyth

The Screen in Surrealist Art and Thought Haim Finkelstein, 2017-07-05 An interrogation of the notion of space in Surrealist theory and philosophy this study analyzes the manifestations of space in the paintings and writings done in the framework of the Surrealist Movement Haim Finkelstein introduces the screen as an important spatial paradigm that clarifies and extends the understanding of Surrealism as it unfolds in the 1920s exploring the screen and layered depth as fundamental structuring principles associated with the representation of the mental space and of the internal processes that eventually came to be linked with the Surrealist concept of psychic automatism Extending the discussion of the concepts at stake for Surrealist visual art into the context of film literature and criticism this study sheds new light on the way film thinking permeates Surrealist thought and aesthetics In early chapters Finkelstein looks at the concept of the screen as emblematic of a strand of spatial apprehension that informs the work of young writers in the 1920s such as Robert Desnos and Louis Aragon He goes on to explore the way the spatial character of the serial films of Louis Feuillade intimated to the Surrealists a related mode of vision associated with perception of the mystery and the Marvelous lurking behind the surfaces of quotidian reality The dialectics informing Surrealist thought with regard to the surfaces of the real with walls doors and windows as controlling images are shown to be at the basis of Andr reton's notion of the picture as a window Contrary to the traditional sense of this metaphor Breton's

window is informed by the screen paradigm with its surface serving as a locus of a dialectics of transparency and opacity permeability and reflectivity The main aesthetic and conceptual issues that come up in the consideration of Breton's window metaphor lay the groundwork for an analysis of the work of Giorgio de Chirico Ren Magritte Max Ernst André Breton and Joan Miró he concluding chapter considers

Federico Garcia Lorca and the Culture of Male Homosexuality Ángel Sahuquillo, 2007-05-31 Spain in the twentieth century gave birth to an array of astounding artistic and literary talent including the passionately iconoclastic writer Federico Garcia Lorca But his works were ill-received in the homophobic atmosphere of institutionalized Spanish criticism Because of this atmosphere even today's critics have effectively marginalized and disavowed intimations of homo-affectivity and homoeroticism in the great Spanish works This book first appeared in Spain in 1991 as counter-discourse against those prevailing ideological structures Before its appearance no significant work had focused on the position of Spanish culture towards homosexuality or on how homosexuality could affect the works of canonical writers Engaging with homosexuality as an imperative source of meaning in artistic work this volume rigorously studies the works of Federico Garcia Lorca and several of his marginalized homosexual contemporaries including Emilio Prados Luis Cernuda Juan Gil Albert and Salvador Dalí The study relies on the

textual evidence presented by these authors to define the homosexual culture as one plagued by the realities of rejection fear of the law self doubts the lack of an authorized language with which to convey emotions the awareness of disgust around the individual the need to accept marginality to find sexual or emotional satisfaction and the knowledge of one's own social divergence all of which have an enormous influence on any artist's work With this new and updated translation this work offers English speaking readers the opportunity to focus on formal aspects of literary expressions of homosexuality Dalí joven, Dalí genial Ian Gibson, 2019-05-23 Como lleg Dal a ser Dal Qui n se escond a detr s de la m scara del gran exhibicionista posterior D gales que yo fui surrealista antes de conocer a Gala Con solicitud tan imperiosa Salvador Dal dio fin a la emotiva entrevista concedida a Ian Gibson en 1986 poco antes de su muerte En Dal joven Dal genial Gibson nos descubre las ra ces ampurdanesas de Dal y su familia antes de llevarnos en un apasionante periplo a Barcelona Madrid con Lorca y Bu uel en primer plano y Par s trazando con mano magistral la trayectoria que en diez a os lleva al figuerense desde el impresionismo hasta el surrealismo El encuentro con Gala y la compra al a o siguiente de la barraca de pescadores al pie del cabo de Creus que significan el inicio de una nueva etapa en la vida del pintor En este libro el protagonista es el fabuloso Dal joven cuya ambici n es ser tan famoso o m s que Picasso Rese a Un relato gil y ameno por supuesto bien documentado y esmaltado con an lisis de los cuadros m s importantes que sigue los pasos de Dal desde su infancia hasta su triunfo en el Par s de los surrealistas El Cultural *Goya en el audiovisual* Lázaro Sebastián, Francisco Javier, Sanz Ferreruela, Fernando, 2017-11-10 Este libro analiza de forma global tanto los planteamientos art sticos ideol gicos y est ticos como los condicionantes sociales pol ticos y de todo orden que han determinado la presencia de la figura de Francisco de Goya y su obra en la producci n cinematogr fica y televisiva documental y de ficci n en el mbito nacional e internacional El per odo cronol gico considerado abarca desde la d cada de los a os veinte incluidos diversos proyectos del per odo silente hasta la ltimas manifestaciones audiovisuales desarrolladas en el presente siglo algunas de las cuales han tenido como medio de difusi n la red de redes **Concepcions i discursos sobre la modernitat en la literatura catalana dels segles XIX i XX** Ramon Panyella, 2010
