Sentiment Of Reality:

The Sentiment of Reality Michael Bell, 2021-06-23 Originally published in 1983 The Sentiment of Reality covers the rise and decline of the realist novel from the mid eighteenth century to the mid twentieth century The book takes the form of an extended essay on two closely related themes in the history of the novel first the impact and aftermath of the eighteenth century cult of sentiment and secondly the supplanting of illusionism by an aesthetic of mimesis This forms the basis of an exploration of the emotional impact that fiction has on the reader Using this analysis the book defends the realist tradition against common contemporary criticism The Sentiment of Reality combines a close reading of key moments in European fiction with a wide ranging speculative treatment of historical and formal questions Gender Ideology and Psychological Reality Melford E. Spiro, 1997-01-01 Why do members of a society espouse culturally constituted beliefs that are at odds with their personal interests and experiences This text answers this question by investigating ideologies of gender and sex relations in Burma Recent Trends of AI Technologies and Virtual Reality Kazumi Nakamatsu, Roumiana Kountcheva, Srikantha Patnaik, 2025-08-30 This book provides the proceedings of the 8th International Conference on Artificial Intelligence and Virtual Reality AIVR 2024 The focus is interdisciplinary in nature and includes research on all aspects of artificial intelligence and virtual reality from fundamental development to the applied system It constitutes a great honour and pleasure for us to publish the selected excellent works and recent research trends of scholars and graduate students from the 8th International Conference on Artificial Intelligence and Virtual Reality AIVR 2024 Fukuoka Japan July 19 21 2024 hosted and organized by Fukuoka Institute of Technology in conjunction with other four universities and Beijing Huaxia Rongzhi Blockchain Technology Institute The topics of AIVR 2024 cover system techniques performance and implementation content creation and modelling cognitive aspects perception user behaviour AI technologies interactions interactive and responsive environments AI VR applications and case studies These technologies have the potential to support AI and VR systems in many areas of production management business healthcare networks intelligent control traffic management logistics crisis response human interfaces etc **The Sentimental Mode** Jennifer A. Williamson, Jennifer Larson, Ashley Reed, 2014-02-28 This collection of new essay examines how authors of the 20th and 21st centuries continue the use of sentimental forms and tropes of 19th century literature Current literary and cultural critical consensus seems to maintain that Americans engaged in a turn of the century refutation of the sentimental mode an analysis of 20th and 21st century narratives however reveals an ongoing use of sentimental expression that draws upon its ability to instruct and influence readers through their emotions While these later narratives employ aspects of the sentimental mode many of them also engage in a critique of the failures of the sentimental deconstructing 19th century perspectives on race class and gender and the ways they are promoted by sentimental ideals **The Artist's Reality** Mark Rothko, 2023-07-11 Mark Rothko's classic book on artistic practice ideals and philosophy now with an expanded introduction and an afterword by Makoto Fujimura

Stored in a New York City warehouse for many years after the artist's death this extraordinary manuscript by Mark Rothko 1903-1970 was published to great acclaim in 2004. Probably written in 1940 or 1941 it contains Rothko's ideas on the modern art world, art history, myth, beauty, the challenges of being an artist in society, the true nature of American art and much more. In his introduction, illustrated with examples of Rothko's work and pages from the manuscript, the artist's son Christopher Rothko describes the discovery of the manuscript and the fascinating process of its initial publication. This edition includes discussion of Rothko's *Scribble Book* 1932, his notes on teaching art to children which has received renewed scholarly attention in recent years and provides clues to the genesis of Rothko's thinking on pedagogy. In an afterword written for this edition, artist and author Makoto Fujimura reflects on how Rothko's writings offer a lifeboat for art world refugees and a model for upholding artistic ideals. He considers the transcendent capacity of Rothko's paintings to express pure ideas and the significance of the decade-long gap between *The Artist's Reality* and Rothko's mature paintings during which the horrors of the Holocaust and the atomic bomb were unleashed upon the world.

[First Philosophy II: Knowledge and Reality - Second Edition](#) Andrew Bailey, 2011-07-08. First Philosophy: Knowledge and Reality brings together classic and groundbreaking readings on epistemology and the philosophy of science. Andrew Bailey's highly regarded introductory anthology has been revised and updated in this new edition. The comprehensive introductory material for each chapter and selection remains, and new sections on philosophical puzzles and paradoxes and philosophical terminology have been added. New readings include Edmund Gettier on justified true belief, Wesley Salmon on induction, and Helen Longino on feminist science.

Shared Reality E. Tory Higgins, 2019-06-04 What does it mean to be human Why do we feel and behave in the ways that we do The classic answer is that we have a special kind of intelligence But to understand what we are as humans we also need to know what we are like motivationally And what is central to this story what is special about human motivation is that humans want to share with others their inner experiences about the world share how they feel what they believe and what they want to happen in the future They want to create a shared reality with others People have a shared reality together when they experience having in common a feeling about something a belief about something or a concern about something They feel connected to another person or group by knowing that this person or group sees the world the same way that they do they share what is real about the world In this work Dr Higgins describes how our human motivation for shared reality evolved in our species and how it develops in our children as shared feelings shared practices and shared goals and roles Shared reality is crucial to what we believe sharing is believing It is central to our sense of self what we strive for and how we strive It is basic to how we get along with others It brings us together in fellowship and companionship but it also tears us apart by creating in group bubbles that conflict with one another Our shared realities are
