Robert Armin and Shakespeare's Performed Songs Catherine A. Henze, 2017-06-26 After Robert Armin joined the Chamberlain's Men singing in Shakespeare's dramas catapulted from 125 songs and 995 lines of singing per play to 344 songs and 2975 lines of singing a virtually unnoticed phenomenon In addition many of the songs became seemingly improvisatory similar to Armin's personal style as an author and solo comedian In order to study Armin's collaborative impact this interdisciplinary book investigates the songs that have Renaissance music that could have been heard on Shakespeare's stage They occur in some of Shakespeare's most famous plays including *Much Ado About Nothing* *Twelfth Night* *Hamlet* and *The Tempest* In fact Shakespeare's plays as we have them are not complete They are missing the music that could have accompanied the plays songs Significantly Renaissance vocal music far beyond just providing entertainment was believed to alter the bodies and souls of both performers and auditors to agree with its characteristics directly inciting passions from love to melancholy By collaborating with early modern music editor and performing artist Lawrence Lipnik Catherine Henze is able to provide new performance editions of seventeen songs including spoken interruptions and cuts and rearrangement of the music to accommodate the dramatist's words Next Henze analyzes the complete songs words and music according to Renaissance literary and music primary sources and applies the new information to interpretations of characters and scenes frequently challenging commonly held literary assessments The book is organized according to Armin's involvement with the plays before during and after the comic actor joined Shakespeare's company It offers readers the tools to interpret not only these songs but also vocal music in dramas by other Renaissance playwrights Moreover *Robert Armin and Shakespeare's Performed Songs* written with non-specialized terminology provides a gateway to new areas of research and interpretation in an increasingly significant interdisciplinary field for all interested in Shakespeare and early modern drama [Rethinking Theatrical Documents in Shakespeare's England](#) Tiffany Stern, 2019-11-14 This book is open access and available on www.bloomsburycollections.com It is funded by Knowledge Unlatched *Rethinking Theatrical Documents* brings together fifteen major scholars to analyse and theorise the documents lost and found that produced a play in Shakespeare's England Showing how the playhouse frantically generated paratexts it explores a rich variety of entangled documents some known and some unknown from before the play drafts casting lists actors parts during the play prologues epilogues title boards and after the play playbooks commonplace snippets ballads though before during and after intertwine in fascinating ways By using collective intervention to rethink both theatre history and book history it provides new ways of understanding plays critically interpretatively editorially practically and textually [The Cambridge Companion to Shakespeare's Last Plays](#) Catherine M.
