## **Shame Its Sisters:**

Politics and Affect in Black Women's Fiction Kathy Glass, 2017-12-15 Exploring literary possibilities Politics and Affect reads black women's text in particular Frances Harper's *The Two Offers* 1859 Julia Collins's *The Curse of Caste* 1865 Nella Larsen's *Quicksand* 1928 and Danzy Senna's *Caucasia* 1998 as richly creative documents saturated with sociopolitical value Interested in how African American women writers from the nineteenth century to the present have mined the politics of affect and emotion to document love shame and suffering in environments shaped by race Kathy Glass gives sustained attention to the impact of racist affect on the black body and examines how black women writers deploy emotional states to engender sociopolitical change

**Shame and Its Sisters** Irving E. Alexander, 1995 The question of affect is central to critical theory psychology politics and the entire range of the humanities but no discipline including psychoanalysis has offered a theory of affect that would be rich enough to account for the delicacy and power the evanescence and durability the bodily rootedness and the cultural variability of human emotion Silvan Tomkins 1911-1991 was one of the most radical and imaginative psychologists of the twentieth century In *Affect Imagery Consciousness* a four volume work published over the last thirty years of his life Tomkins developed an ambitious theory of affect steeped in cybernetics and systems theory as well as in psychoanalysis ethology and neuroscience The implications of his conceptually daring and phenomenologically suggestive theory are only now in the context of postmodernism beginning to be understood With *Shame and Its Sisters* editors Eve Kosofsky Sedgwick and Adam Frank make available for the first time an engaging and accessible selection of Tomkins's work Featuring intensive examination of several key affects particularly shame and anger this volume contains many of Tomkins's most haunting diagnostically incisive and theoretically challenging discussions An introductory essay by the editors places Tomkins's work in the context of postwar information technologies and will prompt a reexamination of some of the underlying assumptions of recent critical work in cultural studies and other areas of the humanities The text is also accompanied by a biographical sketch of Tomkins by noted psychologist Irving E Alexander Tomkins's longtime friend and collaborator

*Dangerous Sisters of the Hebrew Bible* Amy Kalmanofsky, 2014 Fathers sons and mothers take center stage in the Bible's grand narratives Amy Kalmanofsky observes Sisters and sisterhood receive less attention in scholarship but she argues play an important role in narratives revealing anxieties related to desire agency and solidarity among women playing out and playing against their roles in a patrilineal society Most often she shows sisters are destabilizing figures in narratives about family crisis where property patrimony and the resilience of community boundaries are at risk Kalmanofsky demonstrates that the particular role of sisters had important narrative effects revealing previously underappreciated dynamics in Israelite society
