Knowing Feeling: Affect, Script, and Psychotherapy Donald L. Nathanson, 1996-05-17 Nathanson and his colleagues explore contemporary affect studies focusing on the work of Silvan Tomkins and examine their impact on the theory and practice of psychotherapy.

The Moral Psychology of Guilt Bradford Cokelet, Corey J. Maley, 2019-10-10 In most Western societies, guilt is widely regarded as a vital moral emotion. In addition to playing a central role in moral development and progress, many take the capacity to feel guilt as a defining feature of morality itself; no truly moral person escapes the pang of guilt when she has done something wrong. But proponents of guilt's importance face important challenges, such as distinguishing healthy from pathological forms of guilt and accounting for the fact that not all cultures value guilt in the same way, if at all. In this volume, philosophers and psychologists come together to think more systematically about the nature and value of guilt. The book begins with chapters on the biological origins and psychological nature of guilt and moves on to discuss the culturally enriched conceptions of guilt and its value that we find in various eastern and western philosophic traditions. In addition, numerous chapters discuss healthy or morally valuable forms of guilt and their pathological or irrational shadows.

The Theater of Trauma Michael Cotsell, 2005 *The Theater of Trauma* is a groundbreaking rereading of the relations between psychology and drama in the age of Eugene O'Neill. Susan Glaspell and her many brilliant contemporaries, American modernist Theater of Trauma, drew its vision from the psychological investigation of trauma and its consequences among them: hysteria and dissociation made by French and American psychiatrists such as the great Pierre Janet, Alfred Binet, William James, Morton Prince, and W. E. B. Du Bois; the European and American dissociationist culture that developed around their work; and the resulting trauma of World War I. American dramatists' deep resistance to Freud's suppression of trauma challenges the equation of Freud and modernism that has become commonplace in modernist criticism.

Theologies of Failure Robert Sirvent, Duncan B. Reyburn, 2020-01-01 What does failure mean for theology In the Bible we find some unsettling answers to this question We find lastness usurping firstness and foolishness undoing wisdom We discover too a weakness more potent than strength and a loss of life that is essential to finding life Jesus himself offers an array of paradoxes and puzzles through his life and teachings He even submits himself to humiliation and death to show the cosmos the true meaning of victory As David Bentley Hart observes most of us would find Christians truly cast in the New Testament mold fairly obnoxious civically reprobate ideologically unsound economically destructive politically irresponsible socially discreditable and really just a bit indecent By incorporating the work of scholars working with a range of frameworks within the Christian tradition *Theologies of Failure* aims to offer a unique and important contribution on understanding and embracing failure as a pivotal theological category As the various contributors highlight it is a category with a powerful capacity for illuminating our theological concerns and perspectives It is a category that frees us

to see old ideas in a brand new light and helps to foster an awareness of ideas that certain modes of analysis may have obscured from our vision In short this book invites readers to consider how both theology and failure can help us ask new questions discover new possibilities and refuse the ways of the world *Jean Rhys* Erica L Johnson,2015-06-21 The 10 newly commissioned essays and introduction collected in this volume demonstrate Jean Rhys s centrality to modernism and to postcolonial literature alike by addressing her stories and novels from the 1920s and 1930s **Baseball and the Blame**

Game John Billheimer,2007-07-16 Most baseball fans know what links Fred Merkle Fred Snodgrass Mickey Owen and Bill Buckner It s a pantheon of public failure They would be harder put to say what links Eric Byrnes Tony Fernandez and Babe Ruth though these players made misplays every bit as egregious In this smart highly readable history of scapegoating John Billheimer identifies the elements that combine to condemn one player to a life sentence while another gets a wrist slap for the same offense As it turns out the difference between a lower case e in some forgotten box score and a lifetime of ignominy can hinge on a number of factors including timing geography reputation misunderstanding media bias and just plain bad luck
