Shameless Diary Of An Explorer A Story Of Failure On Mt Mckinley:

The Shameless Diary of an Explorer Robert Dunn,1907 In 1903 aspiring journalist Robert Dunn joined an expedition attempting the first ascent of Mt McKinley the highest mountain in North America Led by explorer Frederick Cook who would later win infamy for faking the discovery of the North Pole the climbers failed to conquer McKinley but they did circumnavigate the great peak an accomplishment not repeated until 1978 The trek also spawned a book unique in the literature of exploration Dunn s frank sardonic no holds barred look at day to day existence on an Alaskan expedition Before Dunn most such accounts were sanitized and expurgated of anything unflattering Dunn however a protege of the muckraker Lincoln Steffens endeavored to report what he saw with panache And what Dunn reported was a journey rife with conflict missed opportunity incompetence privation and danger By showing men reduced to their rawest state the young journalist produced a compelling insightful and oddly amusing book that disturbed and riveted his contemporaries As Hudson Stuck the Episcopal archdeacon of the Yukon who completed the first ascent of Mt McKinley in 1913 observed Dunn s book has a curious undeniable power despite its brutal frankness One is thankful however that it is unique in the literature of travel

Shameless Diary Of An Explorer Robert Dunn, 2001-09 Recounts the day to day experiences of explorers attempting the first ascent of Mt McKinley in 1903 revealing the bickering and insecurities that existed alongside the courage and determination of each member of the expedition Walter Harper, Alaska Native Son Mary F. Ehrlander, 2017 Walter Harper Alaska Native Son illuminates the life of the remarkable Irish Athabascan man who was the first person to summit Mount Denali North America's tallest mountain Born in 1893 Walter Harper was the youngest child of Jenny Albert and the legendary gold prospector Arthur Harper His parents separated shortly after his birth and his mother raised Walter in the Athabascan tradition speaking her Koyukon Athabascan language When Walter was seventeen years old Episcopal archdeacon Hudson Stuck hired the skilled and charismatic youth as his riverboat pilot and winter trail guide During the following years as the two traveled among Interior Alaska's Episcopal missions they developed a father son like bond and summited Denali together in 1913 Walter's strong Athabascan identity allowed him to remain grounded in his birth culture as his Western education expanded and he became a leader and a bridge between Alaska Native peoples and Westerners in the Alaska territory He planned to become a medical missionary in Interior Alaska but his life was cut short at the age of twenty five in the Princess Sophia disaster of 1918 near Skagway Alaska Harper exemplified resilience during an era when rapid socioeconomic and cultural change was wreaking havoc in Alaska Native villages Today he stands equally as an exemplar of Athabascan manhood and healthy acculturation to Western lifeways whose life will resonate with today s readers

support for the national parks and for legislation that restricted hunting in the US Canada and Newfoundland The Hunter Elite is the first book to explore both the international nature of American hunting during this period and the essential contributions of hunting narratives and the publishing industry to the North American conservation movement West, American Frontier David M. Wrobel, 2013-10-15 This thoughtful examination of a century of travel writing about the American West overturns a variety of popular and academic stereotypes Looking at both European and American travelers accounts of the West from de Tocqueville s Democracy in America to William Least Heat Moon s Blue Highways David Wrobel offers a counter narrative to the nation's romantic entanglement with its western past and suggests the importance of some long overlooked authors lively and perceptive witnesses to our history who deserve new attention Prior to the professionalization of academic disciplines the reading public gained much of its knowledge about the world from travel writing Travel writers found a wide and respectful audience for their reports on history geography and the natural world in addition to reporting on aboriginal cultures before the advent of anthropology as a discipline Although in recent decades western historians have paid little attention to travel writing Wrobel demonstrates that this genre in fact offers an important and rich understanding of the American West one that extends and complicates a simple reading of the West that promotes the notions of Manifest Destiny or American exceptionalism Wrobel finds counterpoints to the mythic West of the nineteenth century in such varied accounts as George Catlin's Adventures of the Ojibbeway and Ioway Indians in England France and Belgium 1852 Richard Francis Burton s The City of the Saints 1861 and Mark Twain s Following the Equator 1897 reminders of the messy and contradictory world that people navigated in the past much as they do in the present His book is a testament to the instructive ways in which the best travel writers have represented the West In Pursuit of Alaska Jean Morgan Meaux, 2013-07-15 This collection of Alaskan adventures begins with a newspaper article written by John Muir during his first visit to Alaska in 1879 when the sole U S government representative in all the territory s 586 412 square miles was a lone customs official in Sitka It closes with accounts of the gold rush and the 1909 Alaska Yukon Pacific Exposition in Seattle Jean Meaux has gathered a superb collection of articles and stories that captivated American readers when they were first published and that will continue to entertain us today The authors range from Charles Hallock the founder of Forest and Stream a precursor of Field and Stream to New York society woman Mary Hitchcock who traveled with china silver and a 2 800 square foot tent After explorer Henry Allen wore out his boots he marched barefoot as he continued mapping the Tanana River and Episcopal Archdeacon Hudson Stuck mushed by dog sled in Arctic winters across a territory encompassing 250 000 miles of the northern interior Although the United States acquired Alaska in 1867 it took more than a decade for American writers and explorers to focus attention on a territory so removed from their ordinary lives These writers adventurers tourists and gold seekers would help define the nation s perception of Alaska and would contribute to an image of the state that persists today This collection unearths early writings that offer a broad view of American encounters
