Shanghai Revolution And Development In An Asian Metropolis:

Shanghai Christopher Howe, 1981-05-07 This book is a comprehensive study of the way in which old Shanghai was transformed and developed by the Communist Party between 1949 and the later 1970s Sino-Japanese Transculturation Richard King, Cody Poulton, Katsuhiko Endo, 2012-01-01 This is a multi author work which examines the cultural dimensions of the relations between East Asia's two great powers China and Japan in a period of change and turmoil from the late nineteenth century to the end of the Second World War This period saw Japanese invasion of China the occupation of China's North east Manchuria and Taiwan and war between the two nations from 1937-1945 the scars of that war are still evident in relations between the two countries today In their quest for modernity the rulers and leading thinkers of China and Japan defined themselves in contradistinction to the other influenced both by traditional bonds of classical culture and by the influx of new Western ideas that flowed through Japan to China The experiences of intellectual and cultural awakening in the two countries were inextricably linked as our studies of poetry fiction philosophy theatre and popular culture demonstrate The chapters explore this process of transculturation the sharing and exchange of ideas and artistic expression not only in Japan and China but in the larger region which Joshua Fogel has called the Sinosphere an area including Korea and parts of Southeast Asia with a shared heritage of Confucian statecraft and values underpinned by the classical Chinese language The authors of the chapters who include established senior academics and younger scholars and employ a range of disciplines and methodologies were selected by the editors for their expertise in particular aspects of this rich and complex cultural relationship As for the editors Richard King and Cody Poulton are scholars and translators of Chinese literature and Japanese theatre respectively each taking a historical and comparative perspective to the study of their subject Katsuhiko Endo is an intellectual historian dealing with both Japan and China Social Policy Reform in Hong Kong and Shanghai: A Tale of Two Cities Linda Wong, Lynn T. White, III, Gui Shixun, 2016-07-22 As the richest cities in the world's most populous nation Hong Kong and Shanghai have recently experienced dynamic growth spurred by more and better managed capital These cities also have social problems whose solutions will cost money Their urban populations are aging Health finance at the level these First World cities demand threatens to consume a large portion of the municipal budgets Eldercare and social security are now less well covered by traditional Chinese families Education has become more complex and public tuition where it occurs brings with it official plans for schools Immigrants have flocked to Shanghai from inland China and Hong Kong's border has become a protector of the former colony's high productivity jobs Housing problems also have deeply affected both cities albeit in somewhat different ways This book provides a comprehensive overview of the similarities and differences between social policies in the two cities Each chapter covers a different issue health finance housing education labor poverty and social security eldercare and migration and competitiveness The contributors explore pertinent developments in each city and analyze the similarities and differences between the two cities approaches to social policies They focus on policy reform

and the interface between social policy and its environment One main theme throughout the book is the extent to which spending for capital accumulation is in conflict with spending for social policies **China and the Global Economy Since 1840** L. Aiguo,2016-04-30 This is a study of the long run evolution of the relationship between China and the world economy The book presents an original interpretation of the country s socio economic processes in the past 150 years focusing on China s interaction with the expanding capitalist world economy The author argues that the general thrust of China s quest for development or modernization has been to catch up with the wealthy nations of the West and goes on to explain the changing paths and outcomes The book proceeds chronologically from China s mid nineteenth century incorporation to the world economy starting from a semi colonial state to the Maoist state led industrialization after 1949 and to the post Mao liberalization and reintegration By carefully examining the patterns of development in these three major periods of the nation s history it addresses fundamental issues pertaining to the making of modern China This rigorously argued book will be a timely and much debated contribution as the rise of China in the twenty first century has become an issue of our time

Understanding Chinese Society Xiaowei Zang,2015-07-14 This second edition of Understanding Chinese Society provides a comprehensive readable and well grounded introduction to the key issues affecting contemporary China A thorough analysis is undertaken not only of China s family patterns education system status hierarchy and ethnic diversity but also of China s mass media legal system and social control work and cultural expression As well as being thoroughly updated and revised throughout this edition offers new chapters on urbanization the environment and civil society in China A team of international experts guide students through social issues including What are the key features of the family and marriage institutions in China How are women and men faring differently in Chinese society today How are minorities faring in China How does the education system differentiate Chinese society How are religion and cultural traditions expressed Including handy pedagogical features such as a chronology of the People s Republic of China further reading suggestions and related novels and films Understanding Chinese Society is suitable for anyone studying Chinese Culture and Society Chinese Studies and Asian sociology *Remaking the Chinese City* Joseph W. Esherick,2001-10-31 In China today skyscrapers tower over ancient temples freeways deliver lines of cars and tour buses to imperial palaces cinema houses compete with old theaters featuring Peking Opera The disparity evidenced in the contemporary Chinese cityscape can be traced to the early decades of the twentieth century when government elites sought to transform cities into a new world that would be at once modern and distinctly Chinese Remaking the Chinese City aims to capture the full diversity of recent Chinese urbanism by examining the modernist transformations of China s cities in the first half of the twentieth century Collecting in one place some of the most interesting and exciting new work on Chinese urban history this volume presents thirteen essays discussing ten Chinese cities the commercial and industrial center of Shanghai the old capital Beijing the southern coastal city of Canton the interior s Chengdu the tourist city of Hangzhou the utopian New Capital built in Manchuria during the Japanese

occupation the treaty port of Tianjin the Nationalists capital in Nanjing and temporary wartime capitals of Wuhan and Chongqing Unlike past treatments of early twentieth century China which characterize the period as one of failure and decay the contributors to this volume describe an exciting world in constant and fundamental change During this time the Chinese city was remade to accommodate parks and police paved roads and public spaces Rickshaws trolleys and buses allowed the growth of new downtowns Department stores theaters newspapers and modern advertising nourished a new urban identity Sanitary regulations and traffic laws were enforced and modern media and transport permitted unprecedented freedoms Yet despite their fondness for things Western and modern early urban planners envisioned cities that would lead the Chinese nation and preserve Chinese tradition The very desire for modernity led to the construction of a visible and accessible national past and the imagining of a distinctive national future In their investigation of the national capitals of the period the essays show how cities were reshaped to represent and serve the nation To promote tourism traditions were invented and recycled for the pleasure and edification of new middle class and foreign consumers of culture Abundantly illustrated with maps and photographs *Remaking the Chinese City* presents the best and most current scholarship on modern Chinese cities Its thoroughness and detailed scholarship will appeal to the specialist while its clarity and scope will engage the general reader Contributors Michael Tsin on Canton Ruth Rogaski and Brett Sheehan on Tianjin David Buck on Changchun Kristin Stapleton on Chengdu Liping Wang on Hangzhou Madeleine Dong on Beijing Charles Musgrove on Nanjing Stephen MacKinnon on Wuhan Lee MacIsaac on Chongqing and Jeffrey Wasserstrom and David Strand with concluding essays

The Chinese Banking Industry Yuanyuan Peng, 2007-08-18 This book provides detailed systematic micro level analysis of the historical development of the Chinese banking industry focusing in particular on the development of the Bank of China BOC in the period 1905 to 1949 Banking reform is a key area of China's economic transformation and this book bringing a vast amount of material to a Western audience for the first time provides a detailed evidence of the key challenges faced by a major Chinese bank The book addresses important issues in its evolution including corporate governance government intervention foreign competition and white collar crime evaluates how the challenges in these areas were met considers the results of its efforts draws lessons for policy making today

Britain in China Robert Bickers, 2017-03-01 This is a study of Britain's presence in China both at its peak and during its inter war dissolution in the face of assertive Chinese nationalism and declining British diplomatic support Using archival materials from China and records in Britain and the United States the author paints a portrait of the traders missionaries businessmen diplomats and settlers who constituted Britain in China challenging our understanding of British imperialism there Bickers argues that the British presence in China was dominated by urban settlers whose primary allegiance lay not with any grand imperial design but with their own communities and precarious livelihoods This brought them into conflict not only with the Chinese population but with the British imperial government The book also analyzes the formation and maintenance of settler identities and then investigates how the British

state and its allies brought an end to the reign of freelance settler imperialism on the China coast At the same time other British sectors missionary and business renegotiated their own relationship with their Chinese markets and the Chinese state and distanced themselves from the settler British **Shanghai** Yue-man Yeung,1996 As China's largest city best known for its pre eminent achievements in the early part of the twentieth century Shanghai grew modestly in comparison with southern China after the adoption of China's open policy in 1978 With the 1990 announcement of Pudong as an area for special development Shanghai has raced ahead seemingly on its way to an economic and cultural resurgence that is likely to accelerate development and modernization in the Yangzi Delta and China at large This volume focuses on the physical and socioeconomic transformation of Shanghai across a wide range of topics Drawing on the experience and expertise of researchers primarily in Hong Kong this study is a major contribution to the subject of economic development and social change in China It seeks to understand analyze and interpret how Shanghai has transformed itself in recent years

Handbook of Contemporary Behavioral Economics Morris Altman,2006 This groundbreaking handbook of original works by leading behavioral economists is the first comprehensive articulation of behavioral economics theory At a time when conventional approaches have failed to resolve key economic concerns the book provides a provocative alternative view of how economic decisions are actually made **Unstately Power: Local causes of China's economic reforms** Lynn T. White,1998 China's dramatic reforms are usually said to have been caused by the policies of state leaders under Deng Xiaoping This fascinating new study by one of the West's leading authorities on contemporary China shows however that reforms began and are maintained by local networks They emerged first in the economy partly as unintended results of previous policies Agricultural extension in Mao Zedong's time freed so much labor from the land in rich areas such as the Shanghai delta that peasant leaders set up rural industries to employ clients Many of these leaders were avowed state cadres but they acted for local constituencies more than for Beijing Their initiatives can be documented in the early 1970s long before the 1978 proclamation of new enterprises which the central bureaucracy could not monitor taking materials and markets away from state industries This caused socialist control of input prices and commodity flows to collapse by the mid 1980s As a result shortages and inflation bedeviled the economy the state ran deficits management decentralized local banks proliferated and immigration to cities soared **China Watching** Robert Ash,David Shambaugh,Seiichiro Takagi,2007-01-24 An international team of contributors analyzes the state of European Japanese and American scholarship on China over the last decade exploring in depth the main subjects and trends in research being done on contemporary Chinese politics economy foreign affairs and security studies **China's Urban Future and the Quest for Stability** Rebecca Clothey,Richardson Dilworth,2020-04-16 In recent decades China has used urbanization as an economic development tool to reconstruct the country's traditional institutions culture and society The downside of these many changes is that they have presented the country's government with a massive challenge how can it maintain basic stability

China's Urban Future and the Quest for Stability examines the complexities of Chinese cities. Together the essays in this book explore how the relatively recent onset of urbanization has altered the country and how that experience is similar to and distinct from developments in other times and places. Each chapter analyzes one facet of China's transformation focusing on three main themes: urbanization and the rapid growth of Chinese cities; mobility in both the abstract and the literal sense; and marginalization evidenced by growing residential segregation in cities and diminishing access to education, health care, and jobs. Underlying these themes is the issue of governance, the systems by which a state attempts to maintain control and achieve its ends, often in ways that differ significantly from what one might expect. An up-to-date, concise, and multidisciplinary collection. China's Urban Future and the Quest for Stability discusses the social, economic, and political forces at work in the urbanization of a modern superpower. **The Cambridge History of China** Roderick MacFarquhar, John King

Fairbank, 1987. Revolutionizing the Family Neil J. Diamant, 2023-04-28. In 1950 China's new Communist government enacted a Marriage Law to allow free choice in marriage and easier access to divorce. Prohibiting arranged marriages, concubinage, and bigamy, it was one of the most dramatic efforts ever by a state to change marital and family relationships. In this comprehensive study of the effects of that law, Neil J. Diamant draws on newly opened urban and rural archival sources to offer a detailed analysis of how the law was interpreted and implemented throughout the country. In sharp contrast to previous studies of the Marriage Law, which have argued that it had little effect in rural areas, Diamant argues that the law reshaped marriage and family relationships in significant but often unintended ways throughout the Maoist period. His evidence reveals a confused and often conflicted state apparatus, as well as cases of Chinese men and women taking advantage of the law to justify multiple sexual encounters, to marry for beauty, to demand expensive gifts for engagement, and to divorce on multiple occasions. Moreover, he finds that those who were best placed to use the law's more liberal provisions were not well-educated urbanites but rather illiterate peasant women who had never heard of sexual equality, and it was poor men, not women, who were those most betrayed by the peasant-based revolution. Lets delve into the realm of popular books, exploring the engaging narratives that have charmed audiences this year. Shanghai Revolution And Development In An Asian Metropolis : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens' "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and thrilling novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
