The Shape of Practical Theology Ray S. Engaging in Practical Theology Helen Morris, Helen Cameron, 2022-03-30 This book aims to introduce a distinctively evangelical voice to the discipline of practical theology Evangelicals have sometimes seen practical theology as primarily a liberal project This collection however actively engages with practical theology from an evangelical perspective both through discussion of the substantive issues and by providing examples of practical theology done by evangelicals in the classroom the church and beyond This volume brings together established and emerging voices to debate the growing role which practical theology is playing in evangelical and Pentecostal circles Chapters begin by addressing methodological concerns before moving into areas of practice Additionally there are four short papers from students who make use of practical theology to reflect upon their own practice Issues of authority and normativity are tackled head on in a way that will inform the debate both within and beyond evangelicalism This book will therefore be of keen interest to scholars of practical evangelical and Pentecostal theology

Daniel S. Diffey, Ryan A. Brandt, Justin McLendon, 2018-04-18 The Journal of Biblical and Theological Studies JBTS is an academic journal focused on the fields of Bible and Theology from an inter denominational point of view The journal is comprised of an editorial board of scholars that represent several academic institutions throughout the world JBTS is concerned with presenting high level original scholarship in an approachable way Academic journals are often written by scholars for other scholars They are technical in nature assuming a robust knowledge of the field There are fewer journals that seek to introduce biblical and theological scholarship that is also accessible to students JBTS seeks to provide high level scholarship and research to both scholars and students which results in original scholarship that is readable and accessible As an inter denominational journal JBTS is broadly evangelical We accept contributions in all theological disciplines from any evangelical perspective In particular we encourage articles and book reviews within the fields of Old Testament New Testament Biblical Theology Church History Systematic Theology Practical Theology Philosophical Theology Philosophy and Ethics *Transforming Pastoral Leadership* Quentin P. Kinnison, 2016-05-20 For many congregations change creates discomfort Pastoral leaders are often expected to be experts who manage and control realities beyond their expertise experience and ability That expectation a product of modern approaches to leadership views the pastor as responsible for maintaining the status quo Transforming Pastoral Leadership responds to this context by challenging readers to rediscover key biblical themes around the shepherding metaphor as well as key theological themes steeped in our historical faith narratives Readers are challenged to consider the origins of our dominant leadership practices and to reconsider how Christ's preeminence as the leader of his church requires us to reconstruct leadership practices that are faithful to his preeminence To assist congregations Transforming Pastoral Leadership suggests two processes that might help congregations discern God's missional promptings as they move forward into God's future and experience conflict as opportunities for transformation

We Are Catholic Jason Valeriano Hallig, 2016-05-16 What is a church What makes a church a church What is necessary to have a church Is membership in a local church really that important Might a group of people who claim to be Christians become so unlike what a church should be that they should no longer be called a church Why are there so many churches of different traditions What is tradition Are the historical traditions of the church still relevant today These and many others are questions related to the life and purpose of the church which every Christian must wrestle with not only for themselves as disciples of Jesus but also for others to whom they are called to make disciples One of the early confessions of the Christian church centers on the catholicity of the church we believe in the holy Catholic Church It was Ignatius who first used the word catholic and rightly identified the church as the Catholic Church Where Jesus Christ is there is the Catholic Church This book offers a fresh look at this important mark of the church from an evangelical perspective and seeks to elucidate the life being

and purpose doing of the church The author believes that catholicity is to the church as the Trinity is to God We are Catholic is a confession of our faith in Christ our commitment to the unity of the church local and universal anchored in the Word and in the Spirit and our passion for the mission to all the nations as a community of disciples of Jesus Christ **Karl Barth in North America** John Peter Lewis,2009-04-01 This study looks at the formation of theology as it emerges out of biography Indeed the biography of the theologian is the key to unlocking the meaning of his or her writings and a valuable tool for a thorough investigation of their work There will be a focus on the biography of Karl Barth and how this relates to his theological writings Attention will then be turned on a group of North American theologians to analyze how Barth s theology has influenced their personal experiences and corresponding theologies The personal experience of the theologian provides the background to the theological judgments she or he makes and therefore provides valuable insight into what she or he has written Experiences in the theologian s life determine how she or he forms and communicates the ideas that the experiences have given rise to Indeed theologians profoundly connect with readers as they write theology as an expression of their experiences of faith Therefore this book contends that there is a necessary connection to be made between the theologian as a person and the theology that emerges out of her or his unique biography Indeed it will be argued that theology is born out of the lived encounters of the theologian that develop into the kind of personal convictions passions concerns questions and a motivation to connect with others that is evident in her or his writing Consequently theology and theologian are inseparable

Wide-Awake in God's World Graham D. Stanton,2020-10-08 In an expressivist culture effective engagement must acknowledge teenagers freedom to choose their own spiritual path Yet in an evangelical theology faithful formation must hold on to biblical authority As we seek to engage young people with the Bible key questions need to be explored Such questions include how can pedagogical freedom be affirmed without undermining theological authority and how can authority be asserted without diminishing personal freedom This study explores a freedom authority dialectic in theological dialogue with the educational philosophy of Maxine Greene Greene s reflection on the arts and the imagination are brought into conversation with insights from Charles Taylor Garret Green and Nicholas Wolterstorff As a work of practical theology the book concludes with a framework to shape the purpose content and values for Bible engagement in contemporary youth ministry Let Your Voice Be Heard Joan Hebert Reisinger,2012-10-08 People are moving to the margins of the Catholic Church As one dialogue partner states I left the Church to beat the rush Yet another remarks I just wonder I have to ask who s on the margins I m not sure Let Your Voice Be Heard details original practical theology research that endeavors to understand the dynamics on the margins of the Roman Catholic Church in dialogue with fifty dialogue partners from across the United States Practical theology the theology of marginality of Jung Young Lee reciprocal ethnography and the communication theory of Mikhail Bakhtin join in a cross disciplinary dialogue In conversation with dialogue partners Joan Hebert Reisinger seeks the reasons why Catholics over the age of twenty one who were once active and involved in the

Catholic Church find themselves on the margins of the Church and how they understand their own marginality The dialogue partners speak of new ways of being Church emerging on the margins This emerging Church is marked by inclusive relationships that include dialogue that does not seek agreement or consensus a critical and thoughtful recalling of memories and narratives of the Catholic faith tradition and appropriation of these in new and creative ways *The Importance of Inner Healing and Deliverance for Effective Discipleship* Johnathan Lee Shoo Chiang,2019-12-18 Personal encounters with God are vital for the current generation of believers the postmodern millennial generation who affirm truth through experience Instead of the traditional view of inner healing and deliverance IHD as a hospital unit of the church this dissertation turned book will explain the biblical theological and current relevance of incorporating IHD into the discipleship structure of the local church With field research based in Singapore and Taiwan a grounded theory based on empirical research attests to a framework that enables believers to personally and powerfully encounter God experience divine healing and wholeness and become equipped for ongoing sanctification *Roma Pentecostals Narrating Identity, Trauma, and Renewal in Croatia and Serbia* Melody Wachsmuth,2022-10-17 Stories of Pentecostal conversion and church growth in Roma communities are prolific across Europe but how does conversion impact daily lives in the context of economic hardship and social marginalization In fact Roma Pentecostal life stories from Croatia and Serbia reveal both resilience and suffering and consequently reveal the struggle of lived faith amidst formidable challenges In what ways then has a new Pentecostal identity shifted relationships thinking and behaviour This ethnography explores the ways in which these Roma Pentecostals incorporate their faith in their daily lives through analysing their life stories in conjunction with their socio cultural contexts and Pentecostal theology **Practical Theology** Mark J. Cartledge,2012-04-04 Mark Cartledge s book is unique in integrating charismatic and empirical perspectives in practical theology It exemplifies both qualitative and quantitative methods of research and suggests a way forward for the emerging field of charismatic theology In part one Cartledge offers a proposal for the development of a charismatic practical theology He surveys the different models of the interaction of practical theology and social sciences and defends one that is consistent with charismatic spirituality The section also explores how charismatic spirituality affects theories of truth and knowledge by making testimony an integrating center before concluding with a clear explanation of the methods of research employed Part two progresses into six empirical studies on charismatic worship glossolalia and postmodernity women and prophetic activity the Toronto Blessing healing and socialization Each chapter of this important book ends with a methodological reflection and suggestions from renewed theological praxis enforcing the values of such methods of study for a clearer understanding of charismatic Christianity **Prison Life and the Aftermath of Thug Living** Damien W. D. Davis,2024-07-05 While COVID 19 affected the world the prison population was equally impacted Three thousand incarcerated men at the beginning of the pandemic were exposed to the virus With an increasing number of individuals in custody hospitalized and others placed in quarantine individuals in

custody felt little attention was given to their survival and spiritual care during incarceration Therefore this study highlights what pastoral care should resemble for chaplains working in prison through the critical lens and assessment of formally incarcerated citizens Furthermore this work reflects on their experiences with chaplains and reconstructs how chaplaincy provides care Damien Davis utilizes qualitative data interviews questions observations and storytelling to measure his results This thesis ministry project offered a trauma informed pastoral care model through a framework known as the 3 Cs for chaplains who in the end became more educated informed and equipped to meet the needs of the incarcerated **Powers, Principalities, and the Spirit** Esther E. Acolatse, 2018-02-27 Among the many factors that separate churches in the West from those of the global South there may be no greater difference than their respective attitudes toward supernatural powers and principalities In this follow up to her book *For Freedom or Bondage* African theologian Esther Acolatse bridges the enormous hermeneutical gap not only between the West and global Christianity but also between the West and its own biblical theological heritage *At the Intersection of Hermeneutics and Homiletics* Yung Suk Kim, 2025-04-18 While hermeneutics involves comprehensive study of the biblical text whether through historical or literary or reader focused approaches homiletics is concerned with a selected theme message and on the composition and delivery of sermon discourse aimed at a particular audience But the border between hermeneutics and homiletics is blurry because both disciplines require readers to engage the biblical text from their own contexts This collection deals with the intersection of hermeneutics and homiletics by exploring two revelatory texts one from the Hebrew Bible and the other from the New Testament the book of Ruth and Matthew 15 21-28 a Canaanite woman's encounter with Jesus Both reflect agonizing issues that readers must tackle immigration family community identity agency race ethnicity gender class culture economy and religion A diverse group of scholars brings their transgressive perspectives to the above texts Unfolding new areas of interest inquiry and insight they will transgress authoritative readings of biblical texts fashion hermeneutic horizons in dialogue with the text and forge homiletic trajectories toward contemporary audiences Without limiting interpretation to a box this volume looks to register bold voices to perennial issues in our day Homiletic transformation occurs through the relentless resistant reading of the text and through reimagining our world *Becoming a Pastor Theologian* Todd Wilson, Gerald L. Hiestand, 2016-10-27 The Center for Pastor Theologians CPT seeks to overcome the bifurcation that has developed between the roles of pastor and theologian Based on the first CPT conference in 2015 this volume brings together the reflections of church leaders and academic theologians to consider how these roles might be reconnected once again *The Decline of Established Christianity in the Western World* Paul Silas Peterson, 2017-09-22 While Church attendance in the West is often cited as being in decline it is argued that this applies primarily to the older established forms of Christianity Other expressions of the faith are in fact stable or even growing This volume provides multidisciplinary interpretations of and responses to one of the most complicated and controversial issues regarding the global transformation of Christianity today

the decline of established Christianity in the Western world It also addresses the future of Christianity in the West after the decline Drawing upon historical research sociology religious studies philosophy and theology an international panel of contributors provide new theoretical frameworks for understanding this decline and offer creative suggestions for responding to it Established Christianity is conceptualized as historically culturally socially and politically embedded religion with or without official established status This is a dynamic volume that gives fresh perspective on one of the great social changes taking place in the West today As such it will be of great interest to scholars of religious sociology history and anthropology as well as theologians
