Shapeshift Sherwin Bitsui:

Shapeshift Sherwin Bitsui, 2022-05-03 Fourteen ninety something something happened and no one can pick it out of the lineup In words drawn from urban and Navajo perspectives Sherwin Bitsui articulates the challenge a Native American person faces in reconciling his or her inherited history of lore and spirit with the coldness of postmodern civilization **Shapeshift** is a collection of startling new poetry that explores the tensions between the worlds of nature and man Through brief imagistic poems interspersed with evocative longer narratives it offers powerful perceptions of American culture and politics and their lack of spiritual grounding Linking story history and voice **Shapeshift** is laced with interweaving images the gravitational pull of a fishbowl the scent of burning hair the trickle of motor oil from a harpooned log that speak to the rich diversity of contemporary Din writing Tonight I draw a raven s wing inside a circle measured a half second before it expands into a hand I wrap its worn grip over our feet As we thrash against pine needles inside the earthen pot With complexities of tone that shift between disconnectedness and wholeness irony and sincerity Bitsui demonstrates a balance of excitement and intellect rarely found in a debut volume As deft as it is daring **Shapeshift** teases the mind and stirs the imagination **Flood Song** Sherwin Bitsui, 2009 I bite my eyes shut between these songs So begins **Flood Song** a concentrated interweaving painterly sequence in which Native tradition scrapes against contemporary urban life In his second book Sherwin Bitsui intones landscapes real and imagined populated with the wrens winds and reeds of the high desert and constructed from the bricks and gasoline of the city Reverent to his family s indigenous traditions while simultaneously indebted to European modernism and surrealism Bitsui is at the forefront of a younger generation of Native writers His poems are highly imagistic and constantly in motion drawing as readily upon Dine Navajo myths customs and medicine songs as they do contemporary language and poetics I map a shrinking map Bitsui writes a map tribal and individual elemental and modern and utterly astonishing **Speak Like Singing** Kenneth Lincoln, 2007 **Speak Like Singing** honors talk song visions for all relatives and seeks to plumb if not to reconcile Native and American poetics tribal chorus and solitary vision **The Science Fiction of Poetics and the Avant-Garde Imagination** Michael Golston, 2023-11-19 How the tropes of science fiction infuse and inform avant garde poetics and many other kindred arts This insightful playful monograph from Golston does exactly what it advertises modeling poetics based on how poetry and some parallel artistic endeavors has filtered through a century plus of science fiction This is not a book about science fiction in and of itself but it is a book about the resonances of science fiction tropes and ideas in poetic language The germ of Golston s project is a throwaway line in Robert Smithson s *Entropy* and the *New Monuments* about how cinema supplanted nature as inspiration for many of his fellow artists The movies give a ritual pattern to the lives of many artists and this induces a kind of low budget mysticism which keeps them in a perpetual trance Golston charts how the demotic appeal of sci fi much like that of the B movie cross pollinated into poetry and other branches of the avant garde Golston creates what he calls a regular Rube Goldberg machine of a critical apparatus drawing on Walter

Benjamin Roman Jakobson and Gilles Deleuze He starts by acknowledging that per the important work of Darko Suvin to situate science fiction critically the genre is premised on cognitive estrangement But he is not interested in the specific nuts and bolts of science fiction as it exists but rather how science fiction has created a model not only for other poets but also for musicians and landscape artists Golston s critical lens moves around quite a bit but he begins with familiar enough subjects Edgar Rice Burroughs Mina Loy William S Burroughs From there he moves into more alien terrain Ed Dorn s long poem Gunslinger the discombobulated work of Clark Coolidge Sun Ra Ornette Coleman and Jimi Hendrix all come under consideration The result of Golston s restless rich scholarship is the first substantial monograph on science fiction and avant garde poetics using Russian Formalism Frankfurt School dialectics and Deleuzian theory to show how the avant garde inherently follows the parameters of sci fi in both theme and form

Twenty-First Century Perspectives on Indigenous Studies Birgit Däwes,Karsten Fitz,Sabine N. Meyer,2015-04-24 In

recent years the interdisciplinary fields of Native North American and Indigenous Studies have reflected at times even foreshadowed and initiated many of the influential theoretical discussions in the humanities after the transnational turn. Global trends of identity politics, performativity, cultural performance and ethics, comparative and revisionist historiography, ecological responsibility and education as well as issues of social justice have shaped and been shaped by discussions in Native American and Indigenous Studies. This volume brings together distinguished perspectives on these topics by the Native scholars and writers Gerald Vizenor, Anishinaabe Diane Glancy, Cherokee and Tomson Highway, Cree as well as non-Native authorities such as Chadwick Allen, Hartmut Lutz and Helmbrecht Breinig. Contributions look at various moments in the cultural history of Native North America from earthmounds via the Catholic appropriation of a Mohawk saint to the debates about Makah whaling rights as well as at a diverse spectrum of literary performative and visual works of art by John Ross, John Ridge, Elias Boudinot, Emily Pauline Johnson, Leslie Marmon Silko, Emma Lee Warrior, Louise Erdrich, N. Scott Momaday, Stephen Graham Jones and Gerald Vizenor among others. In doing so the selected contributions identify new and recurrent methodological challenges, outline future paths for scholarly inquiry and explore the intersections between Indigenous Studies and contemporary Literary and Cultural Studies at large.

Why Indigenous Literatures Matter Daniel Heath Justice, 2018-03-08

Part survey of the field of Indigenous literary studies, part cultural history and part literary polemic, *Why Indigenous Literatures Matter* asserts the vital significance of literary expression to the political, creative and intellectual efforts of Indigenous peoples today. In considering the connections between literature and lived experience, this book contemplates four key questions at the heart of Indigenous kinship traditions: How do we learn to be human? How do we become good relatives? How do we become good ancestors? How do we learn to live together? Blending personal narrative and broader historical and cultural analysis with close readings of key creative and critical texts, Justice argues that Indigenous writers engage with these questions in part to challenge settler colonial policies and practices that have targeted Indigenous connections to land, history, family and self. More importantly, Indigenous writers imaginatively engage the many ways that communities and individuals have sought to nurture these relationships and project them into the future. This provocative volume challenges readers to critically consider and rethink their assumptions about Indigenous literature, history and politics while never forgetting the emotional connections of our shared humanity and the power of story to effect personal and social change. Written with a generalist reader firmly in mind but addressing issues of interest to specialists in the field, this book welcomes new audiences to Indigenous literary studies while offering more seasoned readers a renewed appreciation for these transformative literary traditions.
