Making Disciples Sylvia Wilkey Collinson, 2007-01-01 The Christian faith

community regards the making of disciples as a prime directive of Jesus himself though this theme is not dominant in contemporary models of teaching in the church This investigation seeks to develop a theory of discipling and to test its congruence as an effective educational strategy with the objectives of modern Christian faith communities After briefly examining the discipling model of teaching as practiced in the world of the Ancient Near East a detailed study of New Testament texts investigates the practice of discipling by Jesus and his followers and in the church of the first century An understanding of the concept of discipling is gained by gradually refining its definition as the study progresses through a contemporary examination of other informal models of education Religious and educational research findings are explored to enable the validity of the discipling model to be determined Finally the definition is used as a benchmark to examine various contemporary educational theories within the community of faith In contrast to the schooling model discipling has been shown to be an effective model for teaching attitudes values and behavior as well as knowledge and beliefs in today's church Its emphasis on commitment to learning relationships within a nurturing community and active involvement in the mission of Christ to the world and its capacity to adapt to differences in age culture ability and interests make it a model of teaching worthy of much greater attention by the Christian faith community

and they feel uncomfortable and embarrassed in encouraging financial support for the church's ministries. Failure to provide decisive leadership in this area has had negative consequences for the church, including a decreasing percentage of charitable dollars directed toward churches and a growing lack of understanding among church members of the relationship between giving and spiritual growth. *Creating Generous Congregations* is written to assist church leaders in gaining necessary expertise in the stewardship of financial resources so that persons will be invited to grow spiritually and the various ministries of the church will flourish.

Five Practices of Fruitful Congregations Robert Schnase, 2011-12-01. People are searching for a church shaped and sustained by Radical Hospitality, Passionate Worship, Intentional Faith Development, Risk Taking, Mission and Service, and Extravagant Generosity. These fundamental practices are critical to the success of congregations. Their presence and strength demonstrate congregational health, vitality, and fruitfulness. By repeating and improving these practices, churches fulfill their mission to make disciples of Jesus Christ for the transformation of the world. Robert Schnase astutely weaves theological insight, practical advice, and exemplary stories into an inspiring book for pastors and laity alike. L. Gregory Jones, Dean and Professor of Theology, Duke Divinity School. Robert Schnase's words are thoughtful, provocative, and challenging. Any congregation will find encouragement and insight to deepen faithfulness and multiply fruitfulness. Lovett H. Weems Jr., Distinguished Professor of Church Leadership, Wesley Theological Seminary. Stimulating, Challenging, Uniquely helpful. Bishop Schnase gives us powerful language, rich examples, and practical suggestions for fulfilling the mission God gives us.
