**E Durkheim**

## Shared Childbirth:

*Shared Childbirth* Philip E. Sumner, Celeste R. Phillips, 1982      *Sexuality, Maternity, and (Re)productive Futures* Kazue Harada, 2021-11-29 Contemporary Japanese female speculative fiction writers of novels and manga employ the perspectives of aliens cyborgs and bioengineered entities to critique the social realities of women particularly with respect to reproduction which they also re imagine in radical ways Harada examines the various meanings of re production in light of feminist and queer studies and offers close readings of works by novelists Murata Sayaka hara Mariko Ueda Sayuri and manga artists Hagio Moto and Shirai Yumiko Scholarship of SF in Japanese studies has primarily focused on male authors but this book shows not only how women writers have created a space in SF and speculative fiction but how their work can be seen as a response to particular social norms and government policies      *Chestnut's Obstetric Anesthesia: Principles and Practice E-Book* David H. Chestnut, Cynthia A Wong, Lawrence C Tsen, Warwick D Ngan Kee, Yaakov Beilin, Jill Mhyre, 2014-02-28 From basic science to various anesthesia techniques to complications the meticulously updated fifth edition of Chestnut s Obstetric Anesthesia Principles and Practice covers all you need to know about obstetric anesthesia An editorial team of leading authorities presents the latest on anesthesia techniques for labor and delivery and medical disorders that occur during pregnancy New chapters and rewritten versions of key chapters cover topics such as psychiatric disorders in the pregnant patient neurologic disorders and critical care of obstetric patients It is an invaluable comprehensive reference textbook for specialists in obstetric anesthesiology and obstetricians as well as anesthesiology and obstetric residents This book also serves as a clear user friendly guide for both anesthesiologists and obstetricians who are in clinical practice Consult this title on your favorite e reader conduct rapid searches and adjust font sizes for optimal readability Get all the accuracy expertise and dependability you could ask for from the most important names in the fields of obstetric anesthesia and maternal fetal medicine Master the current best practices you need to know for treating the fetus and the mother as separate patients each with distinct needs Search and retain difficult concepts easily with the help of key point summaries in each chapter Stay current on the latest advancements and developments with sweeping updates and new chapters on topics such as patient safety and team approach transthoracic echocardiography and noninvasive measurement of cardiac output in obstetric patients psychiatric disorders during pregnancy neurologic injuries and more Prevent and plan for potential complications associated with the advancing age of pregnant women An extensive state of the art discussion of critical care of obstetric patients equips you to address any special considerations for this increasing segment Know exactly how to proceed An abundance of tables and boxes illustrate the step by step management of a full range of clinical scenarios Choose the best drugs available while adhering to the most recent guidelines for obstetric anesthesia      *Birth* Connie Riker, 101-01-01 Are you tired of feeling unheard and unsupported in your journey to motherhood Are you ready to reclaim your power and discover the truth about birth Look no further This book is here to redefine your understanding of birth challenge societal

norms and inspire you to embrace your feminine strength 1 Explore the spiritual depths of the womb and uncover its significance in your life 2 Dive into matriarchal societies and learn how they prioritize women's voices and experiences 3 Discover the transformative power of placing women's needs and autonomy at the center of childbirth 4 Uncover the emotional dimension of birth and understand your mental health needs as a new mother 5 Recognize the political nature of birth and learn how to fight for your reproductive rights 6 Acknowledge the intersectional impact on birth experiences and work towards equality for all mothers 7 Discover the role of religion in shaping birth and learn how to navigate its influence 8 Understand the historical context of childbirth and how societal beliefs have evolved If you want to change the narrative around birth challenge the status quo and embrace your feminine power then buy this book today Say goodbye to outdated beliefs and welcome a new empowering perspective on motherhood *Make Room for Daddy* Judith Walzer Leavitt, 2009-06-21

Using fathers' first-hand accounts from letters, journals, and personal interviews along with hospital records and medical literature, Judith Walzer Leavitt offers a new perspective on the changing role of expectant fathers from the 1940s to the 1980s. She shows how, as men moved first from the hospital waiting room to the labor room in the 1960s and then on to the delivery and birthing rooms in the 1970s and 1980s, they became progressively more involved in the birth experience and their influence over events expanded. With careful attention to power and privilege, Leavitt charts not only the increasing involvement of fathers but also medical inequalities, the impact of race and class, and the evolution of hospital policies. Illustrated with more than seventy images from TV films and magazines, this book provides important new insights into childbirth in modern America, even as it reminds readers of their own experiences. Supporting a Physiologic Approach to Pregnancy and Birth

Melissa D. Avery, 2013-03-28 Supporting a Physiologic Approach to Pregnancy and Birth A Practical Guide provides an overview of current evidence and a range of practical suggestions to promote physiologic birth within the United States healthcare system. Presenting the latest evidence available on practical approaches and minimal interventions, this book looks into clinic exam rooms and hospital labor units to investigate the possibilities for improving the pregnancy and labor experience. Contributors discuss recent research and other published information and present a range of ideas, tools, and solutions for maternity care clinicians, including midwives, nurses, physicians, and other members of the perinatal team. An invaluable resource, Supporting a Physiologic Approach to Pregnancy and Birth is a must-have practical guide for those involved in all aspects of pregnancy and birth. **Men and Maternity**

Rosemary Mander, 2004-08-02 With men becoming increasingly involved in childbearing, as obstetricians and more recently as fathers, this book, considering the findings of recent research and wider literature, argues that the beneficial contribution of men has been taken for granted.

**Birth as an American Rite of Passage** Robbie E. Davis-Floyd, 2004-03-15 Why do so many American women allow themselves to become enmeshed in the standardized routines of technocratic childbirth routines that can be insensitive, unnecessary, and even unhealthy? Anthropologist Robbie Davis-Floyd first addressed these questions in the 1992 edition. Her

new preface to this 2003 edition of a book that has been read applauded and loved by women all over the world makes it clear that the issues surrounding childbirth remain as controversial as ever *Lifetime Disadvantage, Discrimination and the Gendered Workforce* Susan Bisom-Rapp, Malcolm Sargeant, 2016-10-20 Lifetime Disadvantage Discrimination and the Gendered Workforce fills a gap in the literature on discrimination and disadvantage suffered by women at work by focusing on the inadequacies of the current law and the need for a new holistic approach Each stage of the working life cycle for women is examined with a critical consideration of how the law attempts to address the problems that inhibit women's labour force participation By using their model of lifetime disadvantage the authors show how the law adopts an incremental and disjointed approach to resolving the challenges and argue that a more holistic orientation towards eliminating women's discrimination and disadvantage is required before true gender equality can be achieved Using the concept of resilience from vulnerability theory the authors advocate a reconfigured workplace that acknowledges yet transcends gender *Midwifery & Childbirth* J. Pence, Childbirth is both a profound experience and a contested subject The experience of women has complex medical historical cultural and public policy dimensions In this book Judith Rooks achieves the rare feat of bringing these dimensions together in a way that can be appreciated by health care planners midwives physicians and women considering pregnancy The author vividly describes the history of struggle among health care providers over the meaning and handling of the birth process The medical model and the midwifery model continue to collide today the former focusing on pathology and monitoring the patient for it the latter focusing on birth as a normal healthy process The education and professional training of those who care for women during pregnancy childbirth and the important postpartum period reflects these divisions Obstetrics family physicians midwives nurses and others play roles in providing the necessary care In focusing on midwives Rooks deals fairly and sensitively between certified nurse midwives and direct entry midwives most of whom lack formal educational preparation in midwifery This book describes clearly and with documented scientific evidence the specific benefits of the midwifery approach to the care of pregnant women and their families In clear language accessible to the lay reader Rooks summarizes the research on the unintended effects of obstetrical interventions such as episiotomies epidurals C sections and continuous electronic fetal heart monitoring and the effectiveness and important benefits of an approach that focuses on the positive potential of childbearing as contrasted with a narrow focus of potential for pathology While she acknowledges the importance of access to medical care extensive research shows the advantages of the midwifery approach Much that passes for routine obstetric care in the United States has been found to be unnecessary ineffective or even harmful when applied to women with normal pregnancies The arguments over the control of childbirth are set in the context of recent changes in health care including the current transition to managed care the impact of the women's movement and movements for natural childbirth home birth and breastfeeding and women's fear of and concern about the pain associated with labor Rooks also explains the influence of the reports and recommendations of prestigious scientific and

health policy commissions and of federal initiatives and programs on the care provided to pregnant women in this country She contrasts U S practices with those of comparable industrialized countries like the European states Canada Australia New Zealand and Japan

**Birth Autonomy** Nadine Edwards,2013-04-03 Birth Autonomy brings some balance to the difficult arguments that arise from debates about home births and focuses on women s views and their experiences of planning home births It provides an in depth exploration of how women make decisions about home births and what aspects matter most to them Comparing how differently the pros and cons of home births are constructed and contemplated by mothers and by the medical profession the book looks at how current obstetric thinking and practices can disempower and harm women emotionally and spiritually as well as physically Written in an accessible style this book is enlightening for student and practicing midwives and obstetricians as well as researchers and students of nursing medical sociology health studies gender studies feminist practitioners and theorists It will also be invaluable to expectant mothers who want to be more informed about the choices they are facing and the wider context within which their birth options are considered

*Global Perspectives on Women's Sexual and Reproductive Health Across the Lifecourse* Shonali Choudhury,Jennifer Toller Erausquin,Melissa Withers,2017-09-19 This expansive survey spotlights pervasive issues affecting girls and women s sexual and reproductive health across the lifecourse Research from diverse countries around the world analyzes the complex relationships among biological psychological sociocultural and economic issues particularly in terms of inequities as they shape women s lives Major challenges and possibilities for intervention are examined in their national context and with their global implications including child marriage motherhood reproductive care and access fertility childbearing contraception abortion HIV STIs gender based violence sexual pleasure and menopause In these forceful dispatches a consistent human rights perspective emphasizes women s control autonomy and agency in all stages of their lives A sampling of topics covered Girl child marriage a persistent global women s health and human rights violation Investigating challenges and resilience among women living with obstetric fistula in Kenya A qualitative exploration of mainstream and social media reflections on abortion A continuum of severity of sexual intimate partner violence among black women in the United States Economic empowerment to improve sexual and reproductive health among women and girls Summarizing an interdisciplinary field on research and practical levels *Global Perspectives on Women s Sexual and Reproductive Health Across the Lifecourse* will be an invaluable text for undergraduate and graduate courses in a wide range of fields including public health global health women s studies sociology anthropology gender studies and human rights

**Employment Law Concentrate** Michael Jefferson,2018-08-02 The Employment Law Concentrate is written and designed to help you succeed Written by experts and covering all key topics Concentrate guides help focus your revision and maximise your exam performance Each guide includes revision tips advice on how to achieve extra marks and a thorough and focused breakdown of the key topics and cases Revision guides you can rely on trusted by lecturers loved by students I have always used OUP revision and Q A books

and genuinely believe they have helped me get better grades Anthony Poole law student Swansea University The detail in this revision textbook is phenomenal and is just what is needed to push your exam preparation to the next level Stephanie Lomas law student University of Central Lancashire It is a little more in depth than other revision guides and also has clear diagrams and teaches ways to obtain extra marks These features make it unique Godwin Tan law student University College London The concentrate revision guides stand out against other revision guides Renae Haynes Williams law student Bangor University The exam style questions are brilliant and the series is very detailed prepares you well Frances Easton law student University of Birmingham The accompanying website for Concentrate is the most impressive I've come across Alice Munnelly law student Kings College London it is a fantastic book It covers absolutely all topics you need for the course Emma McGeorge law student Strathclyde University

**Maternal Healthcare and Doulas in China** Zoe Z. Dai, 2022-01-13 This brief explores the resurgence of the role of doulas in the child birthing process in Chinese clinical settings as a lens to understand comparative pre and post natal care worldwide The demand for doulas in China is increasing and the rise in the use of doulas is thought to be due to increasing dissatisfaction with current institutional maternity health care Attention is focused on Chinese women's relationships with their bodies and on women's experiences of choice agency and access to health and reproductive services as well as maternal health care information and support Chapters present an overview of the current experience of pre and post natal care in China In addition chapters explore interview data on how Chinese doulas construct multiple identities in terms of serving as lactation consultants child care providers and child care educators for women during pregnancy and childbirth Maternal Healthcare and Doulas in China will be of interest to researchers in public health and health policy particularly with an interest in maternal health or Asian studies as well as health practitioners and clinicians who are interested in issues related to women maternity health care childbirth and feminist research in China

### **Shared Childbirth Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Shared Childbirth has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Shared Childbirth has opened up a world of possibilities. Downloading Shared Childbirth provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Shared Childbirth has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Shared Childbirth. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Shared Childbirth. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Shared Childbirth, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Shared Childbirth has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By

doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

## FAQs About Shared Childbirth Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality?
