Restaging the Sixties James Martin Harding, Cindy Rosenthal, 2006 A dynamic exploration of eight radical theater collectives from the 1960s and 70s and their influence on contemporary performance

Social Movement Dynamics Federico M. Rossi, Marisa von Bülow, 2016-03-03 This book presents an overview of new approaches to the study of social movements emerging out of Latin America based on original and innovative analyses of the recent changes in collective action across the region Over the past decade new repertoires of contention have emerged in parallel to changes in the configuration of actors

in previously established patterns of relationship between social movements and political institutions and in the shapes of collaborative networks both domestic and transnational The authors analyze a broad set of countries and social movements while focusing on three key theoretical debates the interactions between routine and contentious politics the relationship between protest and context and the organizational configurations of social movements The research agenda put forward by this book is neither defined nor restricted by geographical boundaries even though the chapters are based on field research undertaken in Latin America In doing so this volume contributes to a still underdeveloped dialogue in theory building in social movement studies among scholars from the South and from the North as well as among scholars specialized in different regions

Ancestral Echo: My Life's Autobiography by Dr Pradeep is a captivating autobiography that traces the author's family lineage back to Maharshi Harsh Datta Sharma in the 13th century, chronicling the family's enduring legacy through the rise and fall of dynasties, the emergence of luminaries, and their experiences in the modern era. The narrative seamlessly transitions to the author's own life, demonstrating the profound connection between their personal journey and the collective family saga. Ultimately, the book serves as a testament to the importance of preserving ancestral knowledge, bridging the past and the present, and inspiring readers to explore their own family histories, echoing the timeless power of heritage in shaping our identities and futures.

Out of This World Priscilla Dionne Layne, 2024-11-15. Examining Afro-German artists' use of Afrofuturist tropes to critique German racial history. The term Afrofuturism was first coined in the 1990s to describe African diasporic artists' use of science fiction, speculative fiction, and fantasy to reimagine the diaspora's pasts and to counter not only Eurocentric prejudices but also pessimistic narratives. *Out of This World* Afro-German Afrofuturism focuses on contemporary Black German Afrofuturist literature and performance that critiques Eurocentrism and specifically German racism and colonial history. This young generation has Priscilla Layne argues engaged with Afrofuturism to disrupt linear time and imagine alternative worlds, to introduce non-Western technologies into the German cultural milieu, and to consider the possibilities of posthumanism. Their experiments in futurist and speculative narratives offer new tools for breaking with the binary thinking about race, culture, and gender identity that have been enforced by repressive ideological and state apparatuses such as educational, cultural, and police institutions. Rather than providing escapism or purely imaginary alternatives, however, they have created a space, outer and artistic, in which their lives matter.

Borrowed from Your Grandchildren Dennis T. Jaffe, 2020-02-25. Families share how they have maintained and grown their wealth from generation to generation. While creating wealth is a wonderful achievement, business families are also concerned with how their wealth is used to support their values, the lives of their children, and the well-being of the community. Over several generations, families who are successful in growing their wealth have been able to reinvent themselves and their business in the face of significant environmental transformations and internal differences caused by family dynamics. *Borrowed from my Grandchildren* is a fascinating look at how large, long-lasting business families succeed across generations. Author Dennis T. Jaffe, one of the leading architects of the field of family enterprise consulting, has interviewed members of successful, well-known 100-year family enterprises from 20 countries who serve as role models for those wishing to see their wealth positively impact their children, employees, and communities. Half continue to own their legacy business, and others have gone on to become family offices with a portfolio of shared assets, but all these families have sustained their values and identity as a family over more than three generations. Offering the collected wisdom of nearly 100 global business families, this insightful book shares the real-life stories of partners in business and wealth management over
