Sharing Research Data

**Louise Corti, Veerle Van den
Eynden, Libby Bishop, Matthew
Woollard**

Sharing Research Data:

Managing and Sharing Research Data Louise Corti, Veerle Van den Eynden, Libby Bishop, Matthew Woollard, 2014-03-01 Research funders in the UK USA and across Europe are implementing data management and sharing policies to maximize openness of data transparency and accountability of the research they support Written by experts from the UK Data Archive with over 20 years experience this book gives post graduate students researchers and research support staff the data management skills required in today s changing research environment The book features guidance on how to plan your research using a data management checklist how to format and organize data how to store and transfer data research ethics and privacy in data sharing and intellectual property rights data strategies for collaborative research how to publish and cite data how to make use of other people s research data illustrated with six real life case studies of data use

Managing and Sharing Research Data Louise Corti, Veerle Van den Eynden, Libby Bishop, Matthew Woollard, 2014-02-04 Research funders in the UK USA and across Europe are implementing data management and sharing policies to maximize openness of data transparency and accountability of the research they support Written by experts from the UK Data Archive with over 20 years experience this book gives post graduate students researchers and research support staff the data management skills required in today s changing research environment The book features guidance on how to plan your research using a data management checklist how to format and organize data how to store and transfer data research ethics and privacy in data sharing and intellectual property rights data strategies for collaborative research how to publish and cite data how to make use of other people s research data illustrated with six real life case studies of data use Research Data Sharing and Valorization Joachim Schöpfel, Violaine Rebouillat, 2022-08-02 As platforms for sharing re using and storing data research data repositories are integral to open science policy This book provides a comprehensive approach to these data repositories their functionalities uses issues and prospects Taking France as an example the current landscape of data repositories is considered including discussion of the idea of a national repository and a comparative study of several national systems The international re3data directory is outlined and a collection of six case studies of model repositories both public and private are detailed CDS Data INRAE SEANOE Nakala Figshare and Data Mendeley Research Data Sharing and Valorization also includes appendices containing a number of websites and reference texts from the French Ministry of Higher Education Research and Innovation and the CNRS To the authors knowledge it is the first book to be entirely devoted to these new platforms and is aimed at researchers teachers students and professionals working with scientific and technical data and information **Children As Research Subjects : Science, Ethics, and Law** Program in Medical Ethics Michael A. Grodin Director, Leonard H. Glantz Associate Director and Professor of Health Law both at the Boston University Schools of Medicine and Public Health, 1994-02-08 Is using children as research subjects ever justified Are there limits to such use Does the fact that children are medically and psychosocially different from adults have implications for research What can we

learn from the history of the use and abuse of children as research subjects Do parents have the authority to volunteer their children for research projects How should children participate in the decision to be involved in research How should research risks be assessed and balanced These perplexing questions and others are addressed by a distinguished group of experts in the field of biomedical and behavioral research with children This book adopts an integrated multidisciplinary approach which uses science ethics and law as guides for exploring these most difficult issues The tension between acquiring important new knowledge and fulfilling the obligation to protect children from exploitation and harm is a recurring theme As the first book to be devoted solely to the science ethics and law of research with children it is an indispensable resource to physicians psychologists educators lawyers ethicists Institutional Review Board members child advocates and others involved in performing or reviewing research with children

Research Data Management - A European Perspective Filip Kruse, Jesper Boserup Thestrup, 2017-12-04 Based on case studies this book offers an insight in various European activities and practices in data management and their interaction with policies and programs The latter form the background for the following case studies provide the conceptual framework at the same time giving an exhaustive understanding of the specific subjects The case studies share common themes and give a concrete insight into vital issues such as web archiving digitization of analog archives researchers motivations for sharing data and how libraries archives and researchers can collaborate in creating research tools and services

Resource Sharing in Biomedical Research Institute of Medicine, Committee on Resource Sharing in Biomedical Research, 1996-12-29 The United States is entering an era when more than ever the sharing of resources and information might be critical to scientific progress Every dollar saved by avoiding duplication of efforts and by producing economies of scale will become increasingly important as federal funding enters an era of fiscal restraint This book focuses on six diverse case studies that share materials or equipment with the scientific community at large the American Type Culture Collection the multinational coordinated Arabidopsis thaliana Genome Research Project the Jackson Laboratory the Washington Regional Primate Research Center the Macromolecular Crystallography Resource at the Cornell High Energy Synchrotron Source and the Human Genome Center at Lawrence Livermore National Laboratory The book also identifies common strengths and problems faced in the six cases and presents a series of recommendations aimed at facilitating resource sharing in biomedical research

Open Access Implications for Sustainable Social, Political, and Economic Development Jain, Priti, Mnjama, Nathan, Oladokun, O., 2020-09-18 Open access publishing can be used as a strategic tool to avail access to information and achieve universal literacy Open access has gained importance over the past 15 years by making knowledge available to all without any barrier of affordability or restrictions on using this knowledge to inform and develop Open access contributes to scientific research excellence disseminates research results to a wider community and promotes multi disciplinary and collaborative research Issues of sustainable development and open access are major concerns in librarianship and information management particularly as

the international library and information management community is focusing on how to contribute to the Sustainable Development Goals Open Access Implications for Sustainable Social Political and Economic Development is a pivotal reference source that provides an understanding of the concept of open access within the context of social political and economic development and deliberates the critical issues and challenges that face the implementation of open access and its impact on the global economy and sustainable development While highlighting a broad range of topics including digital scholarship open data and ethics this book is ideally designed for librarians information science professionals government officials policymakers academicians researchers and students

Managing Research Data Graham Pryor, 2012-01-20 This title defines what is required to achieve a culture of effective data management offering advice on the skills required legal and contractual obligations strategies and management plans and the data management infrastructure of specialists and services Data management has become an essential requirement for information professionals over the last decade particularly for those supporting the higher education research community as more and more digital information is created and stored As budgets shrink and funders of research demand evidence of value for money and demonstrable benefits for society there is increasing pressure to provide plans for the sustainable management of data Ensuring that important data remains discoverable accessible and intelligible and is shared as part of a larger web of knowledge will mean that research has a life beyond its initial purpose and can offer real utility to the wider community This edited collection bringing together leading figures in the field from the UK and around the world provides an introduction to all the key data issues facing the HE and information management communities Each chapter covers a critical element of data management Why manage research data The lifecycle of data management Research data policies principles requirements and trends Sustainable research data Data management plans and planning Roles and responsibilities libraries librarians and data Research data management opportunities and challenges for HEIs The national data centres Contrasting national research data strategies Australia and the USA Emerging infrastructure and services for research data management and curation in the UK and Europe Readership This is essential reading for librarians and information professionals working in the higher education sector the research community policy makers and university managers It will also be a useful introduction for students taking courses in information management archivists and national library services

Personal Genomes: Accessing, Sharing, and Interpretation Manuel Corpas, Stephan Beck, Gustavo Glusman, Mahsa Shabani, 2021-08-02

The Routledge Handbook of Privacy and Social Media Sabine Trepte, Philipp Masur, 2023-06-27 This volume provides the basis for contemporary privacy and social media research and informs global as well as local initiatives to address issues related to social media privacy through research policymaking and education Renowned scholars in the fields of communication psychology philosophy informatics and law look back on the last decade of privacy research and project how the topic will develop in the next decade The text begins with an overview of key scholarship in online privacy expands to focus on influential factors shaping

privacy perceptions and behaviors such as culture gender and trust and continues with specific examinations of concerns around vulnerable populations such as children and older adults It then looks at how privacy is managed and the implications of interacting with artificial intelligence concluding by discussing feasible solutions to some of the more pressing questions surrounding online privacy This handbook will be a valuable resource for advanced students scholars and policymakers in the fields of communication studies digital media studies psychology and computer science Chapter 22 and Chapter 30 of this book are freely available as downloadable Open Access PDFs at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

Information Literacy in Everyday Life Serap Kurbanoglu, Sonja Špiranec, Yurdağül Ünal, Joumana Boustany, Maija Leena Huotari, Esther Grassian, Diane Mizrahi, Lorie Roy, 2019-02-19 This book constitutes the refereed post conference proceedings of the 6th European Conference on Information Literacy ECIL 2018 held in Oulu Finland in September 2018 The 58 revised papers included in this volume were carefully reviewed and selected from 241 submissions The papers cover a wide range of topics in the field of information literacy and focus on information literacy in everyday life They are organized in the following topical sections information literacy in different contexts of everyday life information literacy active citizenship and community engagement information literacy health and well being workplace information literacy and employability information literacy research and information literacy in theoretical context information seeking and information behavior information literacy for different groups in different cultures and countries information literacy for different groups in different cultures and countries information literacy instruction information literacy and aspects of education data literacy and research data management copyright literacy information literacy and lifelong learning

Genetic Analysis of Complex Disease William K. Scott, Marylyn D. Ritchie, 2021-11-11 Genetic Analysis of Complex Diseases An up to date and complete treatment of the strategies designs and analysis methods for studying complex genetic disease in human beings In the newly revised Third Edition of Genetic Analysis of Complex Diseases a team of distinguished geneticists delivers a comprehensive introduction to the most relevant

strategies designs and methods of analysis for the study of complex genetic disease in humans The book focuses on concepts and designs thereby offering readers a broad understanding of common problems and solutions in the field based on successful applications in the design and execution of genetic studies This edited volume contains contributions from some of the leading voices in the area and presents new chapters on high throughput genomic sequencing copy number variant analysis and epigenetic studies Providing clear and easily referenced overviews of the considerations involved in genetic analysis of complex human genetic disease including sampling design data collection linkage and association studies and social legal and ethical issues Genetic Analysis of Complex Diseases also provides A thorough introduction to study design for the identification of genes in complex traits Comprehensive explorations of basic concepts in genetics disease phenotype definition and the determination of the genetic components of disease Practical discussions of modern bioinformatics tools for analysis of genetic data Reflecting on responsible conduct of research in genetic studies as well as linkage analysis and data management New expanded chapter on complex genetic interactions This latest edition of Genetic Analysis of Complex Diseases is a must read resource for molecular biologists human geneticists genetic epidemiologists and pharmaceutical researchers It is also invaluable for graduate students taking courses in statistical genetics or genetic epidemiology

Computer Medical Databases Morris F. Collen, 2011-10-20 Chapter 1 offers an overview of the basic computer technology Each succeeding chapter describes the problems in medicine followed by a review in chronological sequence of why and how computers were applied to try to meet these problems Only the technical aspects of computer hardware software and communications are discussed as they are necessary to explain how the technology was applied This approach generally led to defining the objectives for applications of medical informatics At the end of each chapter the author summarizes his personal views and interpretations of the chapter contents Although the concurrent evolution of medical informatics in Canada Europe and Japan certainly influenced workers in the United States the scope of this historical review is limited to the development of medical informatics within the United States Furthermore this review is limited to electronic digital computers it excludes mechanical analog and hybrid computers Open Science in Africa Katie Wilson, Rania Mohamed Hassan Baleela, Heila Pienaar, Martie Van Deventer, Dale Peters, 2023-08-30 There is an ongoing transition in the research enterprise towards Open Science OS increasing transparency in researchers collaboration knowledge exchange and how science is organized The Open Access OA movement can be seen as a case study of the challenges that this transition can present For example despite all the advantages of OA and the fact that the concept is exceptionally strong as a principle it is yet to be implemented across all institutions particularly in Africa Even though research productivity from the African continent has increased over the last two decades the global north still dominates the scholarly communication and publication sphere High article processing charges APCs can make it difficult for some African researchers to publish in highly rated and respected academic journals which are critical to their career advancement Fee waivers and discounts are

available but eligibility and percentages vary by publisher and predatory publishing presents a challenge to African researchers In addition the exclusion of many African publication sources from the major bibliographic databases such as Scopus and the Web of Science skews and limits bibliometric analysis and influences the outcomes of world university rankings This Research Topic aims to investigate the transition to OS in the African continent This will include researchers and other stakeholders support services policy makers concerns regarding OS as well as the advantages it offers them Moreover the role of new technologies is also of interest in the implementation of OA as it is the knowledge divide between different countries and regions It is also crucial to address what needs to change in the research enterprise to make OS a worthwhile venture practice for most researchers and research role players and how they can cope with the contradictory challenges

Information for a Better World: Shaping the Global Future Malte Smits,2022-02-22 This two volume set LNCS 13192 13193 constitutes the refereed proceedings of the 17th International Conference on Information for a Better World Shaping the Global Future held in February 2022 Due to COVID 19 pandemic the conference was held virtually The 32 full papers and the 29 short papers presented in this volume were carefully reviewed and selected from 167 submissions They cover topics such as Library and Information Science Information Governance and Ethics Data Science Human Computer Interaction and Technology Information Behaviour and Retrieval Communities and Media Health Informatics

Routledge Handbook of Law and the COVID-19 Pandemic Joelle Grogan,Alice Donald,2022-05-16 The COVID 19 pandemic not only ravaged human bodies but also had profound and possibly enduring effects on the health of political and legal systems economies and societies Almost overnight governments imposed the severest restrictions in modern times on rights and freedoms elections parliaments and courts Legal and political institutions struggled to adapt creating a catalyst for democratic decline and catastrophic increases in poverty and inequality This handbook analyses the global pandemic response through five themes governance and democracy human rights the rule of law science public trust and decision making and states of emergency and exception Containing 12 thematic commentaries and 25 chapters on countries of diverse size wealth and experience of COVID 19 it represents the combined effort of more than 50 contributors including leading scholars and rising voices in the fields of constitutional international public health human rights and comparative law as well as political science and science and technology studies Taking stock after the onset of global emergency this book provides essential analysis for politicians policy makers jurists civil society organisations academics students and practitioners at both national and international level on the best and most concerning practices adopted in response to COVID 19 and key insights into how states and multilateral institutions should reform adapt and prepare for future emergencies

Dynamic Research Support in Academic Libraries Starr Hoffman,2016-03-16 This inspiring book will enable academic librarians to develop excellent research and instructional services and create a library culture that encompasses exploration learning and collaboration Higher education and academic libraries are in a period of rapid evolution Technology

pedagogical shifts and programmatic changes in education mean that libraries must continually evaluate and adjust their services to meet new needs Research and learning across institutions is becoming more team based crossing disciplines and dependent on increasingly sophisticated and varied data To provide valuable services in this shifting diverse environment libraries must think about new ways to support research on their campuses including collaborating across library and departmental boundaries This book is intended to enrich and expand your vision of research support in academic libraries by Inspiring you to think creatively about new services Sparking ideas of potential collaborations within and outside the library increasing awareness of functional areas that are potential key partners Providing specific examples of new services as well as the decision making and implementation process Encouraging you to take a broad view of research support rather than thinking of research and instruction services metadata creation and data services etc as separate initiatives Dynamic Research Support in Academic Libraries provides illustrative examples of emerging models of research support and is contributed to by library practitioners from across the world The book is divided into three sections Part I Training and Infrastructure which describes the role of staff development and library spaces in research support Part II Data Services and Data Literacy which sets out why the rise of research data services in universities is critical to supporting the current provision of student skills that will help develop them as data literate citizens Part III Research as a Conversation which discusses academic library initiatives to support the dissemination discovery and critical analysis of research This is an essential guide for librarians and information professionals involved in supporting research and scholarly communication as well as library administrators and students studying library and information science **Scientific Scholarly**

Communication Pali U. K. De Silva, Candace K. Vance, 2017-01-18 This book critically examines the historical developments and current trends in the scientific scholarly communication system issues and challenges in scientific scholarly publishing and scientific data sharing implications and debates associated with the influence of intellectual property rights on scientific information sharing and new trends related to peer reviewing and measuring the impact of scientific publications Based on thorough examination of published literature the book illustrates the involvement of many stakeholders scientists science educators university administrators government entities research funders and other interested parties in this complex and dynamic system The discussion highlights the roles these stakeholders have to play individually and collaboratively to help transform the future of the scientific scholarly communication system **OECD Science, Technology and Innovation**

Outlook 2018 Adapting to Technological and Societal Disruption OECD, 2018-11-19 The OECD Science Technology and Innovation Outlook 2018 is the twelfth edition in a series that biennially reviews key trends in science technology and innovation STI policy in OECD countries and a number of major partner economies The 14 chapters within this edition look at a range of

Sharing Research Data Introduction

Sharing Research Data Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Sharing Research Data Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Sharing Research Data : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Sharing Research Data : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Sharing Research Data Offers a diverse range of free eBooks across various genres. Sharing Research Data Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Sharing Research Data Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Sharing Research Data, especially related to Sharing Research Data, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Sharing Research Data, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Sharing Research Data books or magazines might include. Look for these in online stores or libraries. Remember that while Sharing Research Data, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Sharing Research Data eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Sharing Research Data full book , it can give you a taste of the authors writing style. Subscription Services Platforms

like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Sharing Research Data eBooks, including some popular titles.

FAQs About Sharing Research Data Books

What is a Sharing Research Data PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Sharing Research Data PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Sharing Research Data PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Sharing Research Data PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Sharing Research Data PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
