Mingardi,2023-06-29 How is capitalism represented in popular culture today Are profits seen as a legitimate reward of entrepreneurship Are thrift and effort still considered a cornerstone of a healthy society Or is it that inequalities are eliciting scandal and reproach How is the ecosystem portrayed vis vis profit seeking companies Are they irreconcilable or maybe not Are there any established trends with respect to the presentation of entrepreneurship and that complex legal artefact that is the modern limited liability company These are questions that will be at the core of this book But they are not examined through the usual theoretical point of references but looking at TV series produced in 2000 2020 Each chapter of this book is a case studies covering some of the most popular successful and engaging TV shows of the last 20 years And showing how deep economic ideas and biases lie at the roots of some of our times most successful entertainment products In the Name of Sharks François Sarano,2023-10-17 Twenty metres below water the oceanographer Fran ois Sarano came face to face with a five and a half metre great white shark Seduced by the gentle elegance of this majestic creature Sarano experienced a profound sense of affinity with her as they swam side by side shoulder to shoulder eye to eye cutting a single figure through the ocean depths It was an experience which made him realize the depth of our ignorance of the lives of sharks leading him to become a passionate advocate for their protection Drawing on the latest scientific research on the biology and ethology of sharks and their exceptional characteristics this book aims to break through the barrier of prejudice and to pay homage to

their true nature Representing a last vestige of wildness their populations are nevertheless under threat like so many species they have been hunted and exploited by humans Sarano argues for a change of mindset in which we lose ourselves in the world of the other so that each living entity human and non human can take their rightful place in the broader global ecosystem Also available as an audiobook **Sport Diver** ,1996-05
