The English Renaissance and the Far East Adele Lee, 2017-10-25 The English Renaissance and the Far East Cross Cultural Encounters is an original and timely examination of cultural encounters between Britain China and Japan It challenges accepted Anglocentric models of East West relations and offers a radical reconceptualization of the English Renaissance suggesting it was not so different from current developments in an increasingly Sinocentric world and that as China in particular returns to a global center stage that it last occupied pre 1800 a curious and overlooked synergy exists between the early modern and the present Prompted by the current eastward tilt in global power in particular towards China Adele Lee examines cultural interactions between Britain and the Far East in both the early modern and postmodern periods She explores how key encounters with and representations of the Far East are described in early modern writing and demonstrates how work of that period particularly Shakespeare has a special power today to facilitate encounters between Britain and East Asia Readers will find the past illuminating the present and vice versa in a book that has at its heart resonances between Renaissance and present day cultural exchanges and which takes a cyclical long view of history to offer a new innovative approach to a subject of contemporary importance

narratives In the cinematic world of martial arts films one can easily find representations of women of Ancient China released from the constraints of patriarchal social order to revel in a dreamlike space of their own They can develop themselves protect themselves and even defeat or conquer men This world not only frees women from the convention of foot binding but it also unbinds them in terms of education critical thinking talent ambition opportunities to socialize with different men and the freedom or right to both choose their spouse and decide their own fate Chen calls this phenomenon Chinese cinematic martial arts feminism The liberation is never sustaining or complete however Chen reveals the presence of a glass ceiling marking the maximal exercise of feminism and women s rights which the patriarchal order is willing to accept As such these films are not to be seen as celebrations of feminist liberation but as enunciations of the patriarchal authority that suffuses Chinese cinematic martial arts feminism The film narratives under examination include *Crouching Tiger Hidden Dragon* directed by Ang Lee *Hero* Zhang Yimou *House of the Flying Daggers* Zhang Yimou *Seven Swords* Tsui Hark *The Promise* Chen Kaige *The Banquet* Feng Xiaogang and *Curst of the Golden Flower* Zhang Yimou Chen also touches upon the plots of two of the earliest award winning Chinese martial arts films *A Touch of Zen* and *Legend of the Mountain* both directed by King Hu

Thornton Burnett,2019-07-04 Reveals a rich cinematic history discussing Hamlet films from Africa Asia Europe Latin America and the Middle East *The Romance of Three Hamlets* Hao Liu,2024-06-03 Through a metaphorical journey of Shakespeare in traditional Chinese theatre using three Chinese opera productions of Hamlet as signposts the book discusses the relationship between Shakespeare and Chinese theatrical traditions A brief discussion of the Yue opera Hamlet looks back at the role of Shakespeare in the Chinese discourse of renaissance and re evaluation of traditions since the early twentieth century A detailed analysis of the Peking opera Hamlet shows what is lost and what is gained in the negotiation between Shakespeare and Chinese theatrical traditions and why The third Hamlet is an experimental Kun opera production leading to a discussion of the potential for Shakespeare and Chinese theatrical traditions to join hands and reach new depths of artistic expression The book will attract researchers students and enthusiasts of Shakespeare cross cultural Shakespearean recreation Chinese theatrical traditions and comparative literature Asian Interventions in Global Shakespeare Poonam Trivedi,Paromita Chakravarti,Ted Motohashi,2020-11-16 This volume critically analyses and theorises Asian interventions in the expanding phenomenon of Global Shakespeare It interrogates Shakespeare s universality from Asian perspectives how this has been modified or even replaced by the global bard as a recognisable brand and how Asian Shakespeares have

contributed to or subverted this process by both facilitating the worldwide dissemination of the bard's plays and challenging and resisting the very templates through which they become globally legible. Critically acclaimed Asian productions have prominently figured at premier Western festivals and popular Asian appropriations like Bollywood, manga and anime have created new kinds of globally accessible Shakespeare. Essays in this collection engage with the emergent critical issues: the efficacy of definitions of the local, global, transnational and cosmopolitan and of the liminalities and mobilities in between. They further examine the politics of West and East, the evolving markers of the Asian and the equation of the glocal with the Asian, they attend to performance and archiving protocols and bring the current debates on translation, appropriation and world literature to speak to the concerns of global and transnational Shakespeare. These investigations analyse recent innovative Asian theatre productions, popular cinematic and manga appropriations and the increasing presence of Shakespeare in the Asian digital sphere. They provide an Asian standpoint and lens in rereading the processes of cultural globalisation and the mobilisation of Shakespeare.

Soul of Beijing Opera, The Ruru Li, 2010-05-01. This book will act as a powerful introduction to the story of Beijing Opera over the course of the twentieth century with a particularly strong emphasis on the Communist period and its influence on contemporary performance. Using excellent oral history research and with a strong focus on practice and performance techniques, Li Ruru places the genre in both its historical and global context, not a timeless Chinese tradition but a product of China's turbulent twentieth century and the global interactions that were a key part of that history. Henrietta Harrison, Harvard University. This meticulously researched and colourful account of the highly complex performance form, jingju, will be of interest to a wide constituency of theatre scholars and cultural historians. Writing from the unique dual perspective of insider practitioner and academic, Li Ruru deftly weaves oral and cultural histories together with detailed performance analyses, including a fascinating chapter on the secrets of jingju training. This book promises to raise significantly the profile of this Chinese total theatre for English speaking audiences. Jonathan Pitches, founding co-editor of *Theatre, Dance and Performance Training*. Li Ruru's unique and valuable perspective combines the critical eye of the imaginative researcher with the intimate perspective of a true jingju insider: the daughter of one of the twentieth century's leading female performers. Impeccably researched, passionate and personal, this aptly titled book provides readers with an exciting and thought provoking look at jingju history and performance practice through its focus on the lives and work of six controversial leading artists. Elizabeth Wichmann Walczak, University of Hawai'i at Manoa. Any traditional theatre has to engage the changing world to avoid becoming a living fossil. How has Beijing Opera, a highly stylized theatre with breath-taking acrobatics and martial arts, fabulous costumes and striking makeup, survived into the new millennium while coping with a century of great upheavals and competition from new entertainment forms? Li Ruru's *The Soul of Beijing Opera* answers that question, looking at the evolution of singing and performance styles, make up and costume, audience demands as well as stage and street presentation modes amid tumultuous social and political changes. Li's study follows a

number of major artists careers in mainland China and Taiwan drawing on extensive primary print sources as well as personal interviews with performers and their cultural peers One chapter focuses on the illustrious career of Li's own mother and how she adapted to changes in Communist ideology In addition she explores how performers as social beings have responded to conflicts between tradition and modernity and between convention and innovation Through performers negotiation and compromises Beijing Opera has undergone constant re-examination of its inner artistic logic and adjusted to the demands of the external world *The Oxford Handbook of Shakespeare and Performance* James C.
