Shattered Crystal Ball Fear And Learning In The Cuban Missile Crisis:

The Shattered Crystal Ball James G. Blight, 1992 an extraordinarily accurate and insightful account of the Cuban missile crisis I remember well the fear of which he writes so persuasively Robert S McNamara Secretary of Defense to Presidents Kennedy and Johnson *The Shattered Crystal Ball* James G. Blight, 1990-04-30 an extraordinarily accurate and insightful account of the Cuban missile crisis I remember well the fear of which he writes so persuasively Robert S McNamara

Secretary of Defense to Presidents Kennedy and Johnson *Emergency Policy* Allan McConnell, 2017-03-02 This volume of leading scholarly articles addresses the international dynamics of emergency policy and practice In a world of increasing technological economic and political interdependency it is no longer feasible for states to ignore the pervasive influence of globalisation The crises wrought by industrial disasters catastrophic weather events pandemics financial implosion and cyber intrusion now transcend and challenge national interests with increasing frequency The case studies collected here explore these global dimensions of crisis and the state through the lenses of planning and prevention acute responses recovery and reconstruction and learning about crisis This collection is essential reading for academics policy officials and practitioners with an interest in emergency management risk management and issues of national global security In original introductory and concluding chapters to the volume Legrand and McConnell provide a critical perspective on the challenges that globalisation presents to policymakers under crisis conditions and signposts some of the emerging challenges to the state and international community *Understanding the Cold War* Elspeth O'Riordan, 2022-09-29 This book provides an advanced introduction to the Cold War assessing its origins development and conclusion as a dynamic interaction between superpower confrontation and complex regional and local situations The evolution of the subject's scholarly debate is discussed throughout and the contest situated alongside enduring historical themes including decolonisation development nationalism and globalisation Regional case studies on Europe East and Southeast Asia Latin America and the Middle East illuminate the Cold War's global reach Thematic analysis considers competition in military strategic and economic spheres as well as in aspects of culture ideology society and Human Rights The Cold War's transnational elements and facets of international cooperation are also highlighted The book unpacks the subject's extensive scholarly discourse underlining the interdisciplinary character of today's Cold War historiography and the importance of understanding that its development has been informed by a vibrant interface between international history international relations and the Cold War itself

Deterrence Now Patrick M. Morgan, 2003-04-17 Patrick Morgan's authoritative study revisits the place of deterrence after the Cold War *Hot Groups* Jean Lipman-Blumen, Harold J. Leavitt, 1999 A hot group is defined by a distinctive state of mind coupled with a style of behavior that is sharply focused on an ultimate goal This book explores the extraordinary phenomenon of hot groups *That Infernal Little Cuban Republic* Lars Schoultz, 2011-02-01 Lars Schoultz offers a comprehensive chronicle of U.S. policy toward the Cuban Revolution Using a rich array of documents and firsthand interviews

with U S and Cuban officials he tells the story of the attempts and failures of ten U S administrations to end the Cuban Revolution He concludes that despite the overwhelming advantage in size and power that the United States enjoys over its neighbor the Cubans historical insistence on their right to self determination has been a constant thorn in the side of American administrations influenced both U S domestic politics and foreign policy on a much larger stage and resulted in a freeze in diplomatic relations of unprecedented longevity

The Reagan Reversal Beth A. Fischer,2013-10-10 It is often assumed that Ronald Reagan s administration was reactive in bringing about the end of the cold war that it was Mikhail Gorbachev s new thinking and congenial personality that led the administration to abandon its hard line approach toward Moscow In The Reagan Reversal now available in paperback Beth A Fischer convincingly demonstrates that President Reagan actually began seeking a rapprochement with the Kremlin fifteen months before Gorbachev took office She shows that Reagan known for his long standing antipathy toward communism suddenly began calling for dialogue cooperation and understanding between the superpowers This well written and concise study challenges the conventional wisdom about the president himself and reveals that Reagan was at times the driving force behind United States Soviet policy

National and International Security Michael Sheehan,2018-01-18 This title was first published in 2000 This series brings together significant journal articles appearing in the field of comparative politics over the past 30 years The aim is to render accessible to teachers researchers and students an extensive range of essays to provide a basis for understanding the established terrain and new ground This volume introduces the undergraduate to a significant body of the periodical literature on the subject of national and international security

Cuba Libre Philip Brenner,Peter Eisner,2017-08-31 This timely book provides a balanced and deeply knowledgeable introduction to Cuba since Christopher Columbus s first arrival in 1492 With decades of experience studying and reporting on the island Philip Brenner and Peter Eisner provide an incisive overview for all readers seeking to go beyond stereotypes in their exploration of Cuba s politics economy and culture As Cuba and the United States open their doors to each other Cuba Libre gives travelers policy makers businesspeople students and those with an interest in world affairs an opportunity to understand Cuba from a Cuban perspective to appreciate how Cubans quest for independence and sovereignty animates their spirit and shapes their worldview and even their identity In a world ever more closely linked Cuba Libre provides a compelling model for US citizens and policy makers to empathize with viewpoints far from their own experiences

The Oxford Handbook of Foreign Policy Analysis Juliet Kaarbo,Cameron G. Thies,2024 The Oxford Handbook of Foreign Policy Analysis provides an inclusive and forward looking assessment of this subfield Edited and written by a team of word class scholars it sets the agenda for future research in FPA and in IR

Nuclear Deterrence in the 21st Century Thérèse Delpech,2012-03-28 Deterrence remains a primary doctrine for dealing with the threat of nuclear weapons in the 21st century The author reviews the history of nuclear deterrence and calls for a renewed intellectual effort to address the relevance of concepts such as first strike escalation extended deterrence and

other Cold War era strategies in today's complex world of additional superpowers smaller nuclear powers and nonstate actors [Historical Dictionary of United States Intelligence](#) Michael A. Turner,2014-10-08 While the United States has had some kind of intelligence capability throughout its history its intelligence apparatus is young dating only to the period immediately after World War II Yet in that short a time it has undergone enormous changes from the labor intensive espionage and covert action establishment of the 1950s to a modern enterprise that relies heavily on electronic data technology satellites airborne collection platforms and unmanned aerial vehicles to name a few This second edition covers the history of United States intelligence and includes several key features Chronology Introductory essayAppendicesBibliographyOver 600 cross referenced entries on key events issues people operations laws regulations This book is an excellent access point for members of the intelligence community students scholars and historians legal experts and general readers wanting to know more about the history of U S intelligence [Good Judgment in Foreign Policy](#) Stanley Allen Renshon,Deborah Welch Larson,2003 At the heart of political leadership lies choice And at the heart of choice lies judgment A leader's psychology and experience intersect with political realities to produce consequences that can make or break a leader or a country Nowhere is judgment more important than in the making of foreign policy Good judgments can avoid wars or win them Poor judgments can start wars or lose them This book draws together a distinguished group of contributors psychologists political scientists and policymakers to focus on and understand both good and poor judgment in foreign policy making Case studies of key leadership decisions combine with theoretical overviews and analyses to offer a highly textured portrait of judgment in action in the all important foreign policy arena An up to the minute case on George W Bush and the war on terrorism applies good judgment theory to contemporary events **Decisionmaking on War and Peace** Nehemia Geva,Alex Mintz,1997 Reviewing comparing and contrasting models of foreign policy this volume focuses on the cognitive vs rational debate about decisionmaking on war and peace It provides alternative models of foreign policy choice and identifies when one strategy is more appropriate than another **When Things Go Wrong** Charles F. Hermann,2012-03-12 The question of how to deal with adverse feedback to high stakes foreign policy speaks to a number of important current scenarios in international relations The esteemed contributors to this book offer explanations and illustrative case studies of critical choice points in foreign and national security policy Competing theories from several of disciplines primarily psychology political science and management offer insights into a subject that has been very little studied in foreign policy yet is as current as today's headlines **Power and Interdependence in Organizations** Dean Tjosvold,Barbara Wisse,2009-02-26 Power is an inescapable feature of human existence It plays a role in all social contexts and is particularly important in the functioning of organizations and work groups Organizational researchers have certainly recognised the importance of power but have traditionally focused on its negative aspects Yet power can also have very positive effects Power and Interdependence in Organizations capitalizes on significant developments in social science over

the past twenty years to show how managers and employees can manage power in order to make it a constructive force in organizations Written by a team of international academics the book explores both the positive and negative aspects of power identifying opportunities and threats It shows that harnessing the positive aspects of power as well as controlling its more destructive effects has the potential to revolutionise the way that organizations function making them both more humane and productive

North Korea and Nuclear Weapons Sung Chull Kim, Michael D. Cohen (PhD), 2017 North Korea is perilously close to developing strategic nuclear weapons capable of hitting the United States and its East Asian allies Since their first nuclear test in 2006 North Korea has struggled to perfect the required delivery systems Kim Jong un's regime now appears to be close however Sung Chull Kim Michael D Cohen and the volume contributors contend that the time to prevent North Korea from achieving this capability is virtually over scholars and policymakers must turn their attention to how to deter a nuclear North Korea The United States South Korea and Japan must also come to terms with the fact that North Korea will be able to deter them with its nuclear arsenal How will the erratic Kim Jong un behave when North Korea develops the capability to hit medium and long range targets with nuclear weapons How will and should the United States South Korea Japan and China respond and what will this mean for regional stability in the short term and long term The international group of authors in this volume address these questions and offer a timely analysis of the consequences of an operational North Korean nuclear capability for international security

From Lambs to Lions Thomas Preston, 2009-03-16 While many books discuss how nations can prevent the proliferation of biological and nuclear weapons this unique and controversial volume begins with the premise that these weapons will certainly multiply despite our desperate desire to slow this process How worried should we be and what should we do In From Lambs to Lions Thomas Preston examines current trends in the proliferation of nuclear and biological weapons capabilities know how and technologies for both state and non state actors and then projects these trends over the coming ten to fifteen years to assess how they might impact existing security relationships between states With a new preface to the paperback edition Thomas Preston also addresses the threat of biological and nuclear weapons proliferation that faces the Obama administration How might a nuclear North Korea or Iran constrain U S freedom of action in its foreign or military policies How might U S security be impacted by the current biotechnical revolution and spread of bioweapons know how to opponents How might terror groups like Al Qaeda make use of such weapons in future attacks against the United States or its allies around the world These are the central most fundamental questions facing American security policy over the coming decades and to ignore them is to put ourselves at risk for new 9 11 style surprises For answers and for some potentially surprising reassurances this clear and informative book will be invaluable

The Public Dimension of Foreign Policy David D. Newsom, 1996 The chasm dividing the scholarly from the practitioner's view of foreign policy is brilliantly dissected in the chapter on Academia Detailed case studies look at the negotiations over the Strategic Arms Limitation Treaty SALT II Nicaragua after the fall of Somoza apartheid in South

Africa and the civil war in Angola
