SoulStirrers H. Ike Okafor-Newsum,2016-01-19 In SoulStirrers H Ike Okafor Newsum describes the birth and development of an artistic movement in Cincinnati Ohio identified with the Neo Ancestral impulse The Neo Ancestral impulse emerges as an extension of the Harlem Renaissance the Negritude Movement and the Black Arts Movement all of which sought to re represent the primitive and savage Black and African in new terms Central to the dominant racial framework has always been the conception that the Black subject was not only inferior but indeed incapable of producing art The Neo Ancestral impulse posed a challenge to both existing form and content Like its intellectual antecedents the movement did not separate art from life and raised a central question one that the soul stirrers of Cincinnati are engaging in their artistic productions Okafor Newsum defines collapsing of the sacred and the profane as a central tendency of African aesthetics transformed and rearticulated here in the Americas In this volume the artistic productions ask readers to consider the role of those creating and viewing this art by attempting to shift the way in which we view the ordinary The works of these artists therefore are not only about the survival of African derived cultural forms though such remains a central effect of them These extraordinary pieces installations and movements consistently refer to the cultural reality of the Americas and the need for political and intellectual transformation They constitute important intellectual interventions that serve as indispensable elements in the redefinition and reinterpretation of our society Featuring numerous color illustrations and profiles of artists this volume reveals exciting trends in African American art and in the African diaspora more broadly **At the Crossroads**

Echoes of Ararat Nick Liguori, 2021-01-29 In *Echoes of Ararat*, author Nick Liguori contends that oral traditions of the Flood and the survival of the few inside the floating Ark are even more prevalent than previously thought, and they powerfully confirm the truth of the Genesis account. This unprecedented work carefully documents hundreds of native traditions of the Flood as well as the Tower of Babel and the Garden of Eden from the tribes of North and South America. Learn what the Cherokee, Lakota, Iroquois, Cheyenne, Inuit, Inca, Aztec, Guarani, and countless other tribes claimed about the early history of the world. Liguori also shares many evidences for the historical reliability of Genesis and shows that the Genesis Flood account is not dependent on the Epic of Gilgamesh or other Near Eastern texts, as skeptics claim. Rather, its author Moses had access to ancient records passed down by the early Patriarchs, including Joseph, Jacob, Abraham, and even Noah himself.

The African Burial Ground in New York City Andrea E. Frohne, 2015-10-09 In 1991, archaeologists in lower Manhattan unearthed a stunning discovery. Buried for more than 200 years was a communal cemetery containing the remains of up to 20,000 people. At roughly 6.6 acres, the African Burial Ground is the largest and earliest known burial space of African descendants in North America. In the years that followed its discovery, citizens and activists fought tirelessly to demand respectful treatment of eighteenth-century funerary remains and sacred ancestors. After more than a decade of political battle on local and national levels and scientific research at Howard University, the remains were eventually reburied on the site in 2003. Capturing the varied perspectives and the emotional tenor of the time, Frohne narrates the story of the African Burial Ground and the controversies surrounding urban commemoration. She analyzes both its colonial and contemporary representations, drawing on colonial-era maps, prints, and land surveys to illuminate the forgotten and hidden visual histories of a mostly enslaved population buried in the African Burial Ground. Tracing the history and identity of the area from a

forgotten site to a contested and negotiated space Frohne situates the burial ground within the context of late twentieth and early twenty first century race relations in New York City to reveal its enduring presence as a spiritual place
