Shattered Images Jennifer Ann Petlick, 1992 **Broken Images - A Dystopian Journey** Lisa Shea, 2011-01-01 I could not believe my eyes Everything I had feared had become true Now I had to try to stay alive long enough to make all the sacrifices worthwhile *Broken Images* is the third and final book in the *Ishtato Saga* after *He Who Was Living* This series follows one young woman's journey through treacherous landscapes backstabbing strangers and lethal challenges If she survives her path will lead her to a final destination beyond anything she could have imagined All author's proceeds from sales of Lisa Shea's dystopian novellas benefit battered women's shelters Lisa's novellas are teen friendly They are written without explicit intimacy or violence **Colonizing Bodies** Mary-Ellen Kelm, 1998 Recent debates about the health of First Nations peoples have drawn a flurry of public attention and controversy and have placed the relationship between Aboriginal well being and reserve locations and allotments in the spotlight Aboriginal access to medical care and the transfer of funds and responsibility for health from the federal government to individual bands and tribal councils are also bones of contention Comprehensive discussion of such issues however has often been hampered by a lack of historical analysis *Colonizing Bodies* examines the impact of colonization on Aboriginal health in British Columbia during the first half of the twentieth century Mary Ellen Kelm explores how Aboriginal bodies were materially affected by Canadian Indian policy which placed restrictions on fishing and hunting allocated inadequate reserves forced children into unhealthy residential schools and criminalized Indigenous healing She goes on to consider how humanitarianism and colonial medicine were used to pathologize Aboriginal bodies and institute a regime of doctors hospitals and field matrons all working to encourage assimilation Finally Kelm reveals how Aboriginal people were able to resist and alter these forces in order to preserve their own cultural understanding of their bodies disease and medicine **The Intimacy of Images** Myriam Lamrani, 2025 It's been said that Oaxacans believe in images Visual manifestations of saints and loved ones are a fundamental part of life there Oaxacans also seem to have a special relationship with La Santa Muerte a female reaper like figure whose cult has grown rapidly as violence in Mexico has increased In this book Myriam Lamrani recontextualizes Santa Muerte within Mexican Catholicism by looking at how intimately devotees interact with images including effigies tattoos artworks photographs even dreams of the infamous saint For Lamrani focusing on the intimate modalities through which people interact with their images offers insight into religious social and political life as well as anthropology itself The media turn in anthropology often considers religion as mediation and media as a bridge with the divine Lamrani suggests that it is intimacy with rather than mediation through such images that make the dead be they former humans loved ones or divine entities Santa Muerte present for the living She is essentially using aesthetics and affect theory to make intimacy her theoretical frame rather than visual analysis or the media turn The manuscript has six chapters divided into three sections The first section explores what constitutes an image how to move beyond the idea of it as medium and how dreams play into these ideas Part two unpacks

her ideas about intimacy particularly devotional intimacy and the very special dead loved ones and saints The final section covers how images transcend boundaries through different scales of intimacy from an individual's devotion to their ofrenda altar to the Mexican nation's famously intimate relationship with death A conclusion reflects on devotion to Santa Muerte in Mexico within the landscape of popular religion and political unrest and summarizes the central argument of this book that intimacy understood as a scalable index of closeness which traverses all spheres of sociality is an anthropological tool to make sense of how people understand their worlds

Broken Idols of the English Reformation Margaret

Aston, 2015-11-26 Why were so many religious images and objects broken and damaged in the course of the Reformation

Margaret Aston's magisterial new book charts the conflicting imperatives of destruction and rebuilding throughout the English Reformation from the desecration of images rails and screens to bells organs and stained glass windows She explores the motivations of those who smashed images of the crucifixion in stained glass windows and who pulled down crosses and defaced symbols of the Trinity She shows that destruction was part of a methodology of religious revolution designed to change people as well as places and to forge in the long term new generations of new believers Beyond blanked walls and whited windows were beliefs and minds impregnated by new modes of religious learning Idol breaking with its emphasis on the treacheries of images fundamentally transformed not only Anglican ways of worship but also of seeing hearing and remembering

Imagining Emperors in the Later Roman Empire ,2018-07-10 Imagining Emperors in the Later Roman Empire offers new analysis of the textual depictions of a series of emperors in the fourth century within overlapping historical religious and literary contexts Drawing on the recent Representational Turn in the study of imperial power these essays examine how literary authors working in various genres both Latin and Greek and of differing religious affiliations construct and manipulate the depiction of a series of emperors from the late third to the late fourth centuries CE In a move away from traditional source criticism this volume opens up new methodological approaches to chart intellectual and literary history during a critical century for the ancient Mediterranean world

T. S. Eliot's Dialectical Imagination Jewel Spears Brooker,2018-11-15 What principles connect and what distinctions separate The Love Song of J Alfred Prufrock The Waste Land and Four Quartets The thought tormented characters in T S Eliot s early poetry are paralyzed by the gap between mind and body thought and action The need to address this impasse is part of what drew Eliot to philosophy and the failure of philosophy to appease his disquiet is the reason he gave for abandoning it In T S Eliot s Dialectical Imagination Jewel Spears Brooker argues that two of the principles that Eliot absorbed as a PhD student at Harvard and Oxford were to become permanent features of his mind grounding his lifelong quest for wholeness and underpinning most of his subsequent poetry The first principle is that contradictions are best understood dialectically by moving to perspectives that both include and transcend them The second is that all truths exist in relation to other truths Together or in tandem these two principles dialectic and relativism constitute the basis of a continual reshaping of Eliot s imagination The dialectic serves as a kinetic principle undergirding his impulse to move forward by looping back and the relativism supports his ingrained ambivalence Brooker considers Eliot s poetry in three blocks each represented by a signature masterpiece The Love Song of J Alfred Prufrock The Waste Land and Four Quartets She correlates these works with stages in the poet s intellectual and spiritual life disjunction ambivalence and transcendence Using a methodology that is both inductive moving from texts to theories and comparative juxtaposing the evolution of Eliot s mind as reflected in his philosophical prose and the evolution of style as seen in his poetry Brooker integrates cultural and biographical contexts The first book to read Eliot s poems alongside all of his prose and letters T S Eliot s Dialectical Imagination will revise received readings of his mind and art as well as of literary modernism
