Lushombo,2022-11-30 This book surveys a broad panorama of Christian and African traditions to

discover and assess the components that will illuminate and motivate a Christian and African ethic of women's political participation. The author's primary lens for diagnosing the problems faced by women in Africa is Engelbert Mveng's concept of anthropological poverty that results from slavery and colonialism. It affects women in unique ways and is exacerbated by the religious and cultural histories of women's oppression. The author advocates an interplay between the sacredness of every individual's life, a salient principle of Christian ethics, and the collective consciousness of solidarity distinctive to African cultures. This interplay can in turn foster a more enlightened approach to African masculinity. Using a philosophical hermeneutic, this in-depth study undertakes a moral imagination through narrative criticism. It argues that the existential reality of African women must be addressed as an essential element in the development of Christian socio-political ethic. The righteous solidaristic and resistant anger of women can transform patriarchy and inform Catholic social teaching. The author draws on The Circle of concerned African women theologians, postcolonial theorists, inculturation theology, African males, and Jon Sobrino's liberation theology to present an innovative Christian ethic that will radically affect the lives of African women and inform feminist theology.

*The Religious Imagination of American Women* Mary Farrell Bednarowski, 1999-10-22. This book is a nuanced discussion of contemporary feminist thought in a variety of religious traditions. It draws from both academic and popular writings and offers a rich selection of books to pursue on one's own. This study of the fruits of many different women's religious thought offers insights into the ways women may be shaping American religious ideas and world views at the end of the twentieth century. At its broadest, this book presents a multi-voiced response to the question: When women across many traditions are heard speaking theologically publicly and self-consciously as women, what do they have to say?

**The Feminine Face of Christianity** Margaret Starbird, 2003. Early Christianity was fundamentally egalitarian, but later influences conspired to curtail the role of women in the Church. This text seeks to reclaim the gender-balanced Christianity implicit in the Gospels. It takes a historical look at the profound influence of women on the development of the Christian faith and uncovers a wealth of feminine symbols and icons found in Christianity, exploring their influence on architecture, literature, and art.

**Christian and Lyric Tradition in Victorian Women's Poetry** F. Elizabeth Gray, 2009-09-10. Women in the Victorian period were acknowledged to be the religious sex, but their relationship to the doctrines, practices, and hierarchies of Christianity was both highly circumscribed, which has been well documented, and complexly creative, which has not. Gray visits the importance of the literature of Christian devotion to women's creative lives through an examination of the varied ways in which Victorian women reproduced and recreated traditional Christian texts in their own poetic texts. Investigating how women poets redeployed the discourse of Christianity to uncover the multiple voices of the scriptures to expand identity and gender constructions and to question traditional narratives and processes of authorization, Gray contends that women found in religious poetry

unexpected liberating possibilities Taking into account multiple voices from the best known female poets of the day to some of the most obscure this study provides a comprehensive account of Victorian women's religious poetic creativity and argues that this body of work helped shape the development of the lyric in the Victorian period Lesbian, Gay, Bisexual and Transgender Christians Bronwyn Fielder, Douglas Ezzy, 2017-12-14 Lesbian Gay Bisexual and Transgender Christians details the processes through which LGBT Christians resolve the fraught tensions between their religious sexual and gendered identities and examines the associated changes to their religious practice in the pursuit of authenticity The book moves between richly described first person accounts and clear theoretical analysis contextualising the discussion within contemporary theories of religion and same sex attraction Through careful qualitative research with LGBT Christians in the Australian Metropolitan Community Church MCC and the Uniting Church Bronwyn Fielder and Douglas Ezzy show that although painful self questioning and struggle is experienced by some LGBT Christians many people ultimately find a resolution and a sense of peace with their sexual identity as LGBT Christians The pursuit of authenticity is shown to be driven by participants' essentialist understanding of sexuality and gender and the centrality of religiosity to their sense of self Offering insight into how participants transform their relationships emotions beliefs and ritual practices in order to make this authentic life possible this study is an important contribution to the field of religion and sexuality The British Christian Women's Movement Jenny Daggars, 2018-05-08 This title was first published in 2002 This book presents a timely study of a neglected British Christian women's movement Jenny Daggars charts the inception of the movement in the exciting times of the post sixties decades amid new currents generated in the British denominational churches and the wider current of Women's Liberation Focusing on Christian women's concern with the position of women in the church this book identifies a core Christian women's theology which affirms a rehabilitated new Eve in Christ and so contrasts with a concurrent paradigm shift taking shape in North American feminist theology Daggars argues that this divergence is primarily due to the effect of the prolonged Church of England women's ordination debate upon the ethos of the British Christian women's movement **The Bloomsbury Handbook of 21st-Century Feminist Theory** Robin Truth Goodman, 2019-02-07 The Bloomsbury Handbook of 21st Century Feminist Theory was a PROSE Award finalist The Bloomsbury Handbook of 21st Century Feminist Theory is the most comprehensive available survey of the state of the art of contemporary feminist thought With chapters written by world leading scholars from a range of disciplines the book explores the latest thinking on key topics in current feminist discourse including Feminist subjectivity from identity difference and intersectionality to affect sex and the body Feminist texts writing reading genre and critique Feminism and the world from power trauma and value to technology migration and community Including insights from literary and cultural studies philosophy political science and sociology The Bloomsbury Handbook of 21st Century Feminist Theory is an essential overview of current feminist thinking and future directions for scholarship debate and activism *The Oxford Companion to Christian Thought* Adrian
