Nineteenth-century Paris comtesse Căleste Vănard de Chabrilan, 2001-01-01 When C leste Mogador s memoirs were first published in 1854 and again in 1858 they were immediately seized and condemned as immoral and unsuitable for public consumption For a reader in our more forgiving times this extraordinary document offers not only a portrait of the early life of an intelligent courageous and infinitely intriguing Frenchwoman but also an exceedingly rare inside look at the world of the courtesans and prostitutes of nineteenth century France Writing to conciliate judges and creditors Mogador born C leste Venard in 1824 explains how with tenacity wit and audacity she managed to escape a difficult childhood and subsequent life of prostitution to become successively a darling of the dance halls a circus rider and an actress all the while attracting wealthy young men who vied for her favor Although her account gives readers a peek into the rakish demimonde made famous by Verdi s opera La Traviata its greatest value lies in its candid picture of a spunky self educated woman who doggedly transformed herself into an esteemed and prolific novelist and playwright who fell in love with a count and married him and who made her name synonymous with the bohemian life of the 1840s and 1850s in Paris **The Drawing** Annie

Peralta, 2020-12-22 **The Drawing** This is a novel about a childhood full of friendship and memories that blossomed into an undying love that tied their hearts forever for the rest of their lives It is also about a little girl s little journey in pursuit of her dream expressed in her paintings that became a reality The past had been a thief to their friendship It had stolen all the good innocent days of their childhood their youth teen years and growing years Henry and May Liza grew up separated by the past and were reunited after eleven years **Seeing Suffering in Women's Literature of the Romantic Era** Elizabeth A.

Dolan, 2016-12-05 Arguing that vision was the dominant mode for understanding suffering in the Romantic era Elizabeth A

Dolan shows that Mary Wollstonecraft Charlotte Smith and Mary Shelley experimented with aesthetic and scientific visual methods in order to expose the social structures underlying suffering Dolan's exploration of illness healing and social justice in the writings of these three authors depends on two major questions How do women writers innovations in literary form make visible previously unseen suffering And how do women authors portray embodied vision to claim literary authority Dolan's research encompasses a wide range of primary sources in science and medicine including nosology health travel botany and ophthalmology allowing her to map the resonances and disjunctions between medical theory and literature This in turn points towards a revisioning of enduring themes in Romanticism such as the figure of the Romantic poet the relationship between the mind and nature sensibility and sympathy solitude and sociability landscape aesthetics the reform novel and Romantic era science Dolan's book is distinguished by its deep engagement with several disciplines and genres making it a key text for understanding Romanticism the history of medicine and the position of the woman writer during the period
