Korten,2006-05-14 The international bestselling author shares a compelling devastating and ultimately profoundly hopeful guide to navigating our global future Van Jones Executive Director The Ella Baker Center for Human Rights David Korten argues that corporate consolidation of power is merely a contemporary manifestation of what he calls Empire the organization of society by hierarchies of domination Increasingly destructive on every level the way of Empire is leading to environmental and social collapse We now face a mounting perfect storm of climate change peak oil and the financial instability inherent in an unbalanced global trading system In The Great Turning Korten makes the case that we must change course and choose a new future as a conscious collective act We cannot avoid the unraveling We can however turn a potentially terminal crisis into an epic opportunity to bring forth a new era of Earth Community grounded in the life affirming values of ecological integrity economic justice community and democracy The Great Turning is an essential resource for those who understand this need and are prepared to engage what Thomas Berry calls the Great Work Sins of the Spirit, Blessings of the Flesh, Revised Edition Matthew Fox,2016-03-15 Visionary theologian and award winning author Matthew Fox challenges traditional perceptions of good and evil by offering a new theology that lays the groundwork for a more enlightened treatment of ourselves one another and all of nature In this revised

edition with a luminous foreword by Deepak Chopra and a new preface that brings the book up to date with the cataclysmic events of the new millennium Fox illustrates how contrary to mainstream church doctrine flesh is the grounding of spirit Fox argues that our culture has concentrated far too much on transgressions of the flesh while failing to take into account its sacredness Artfully weaving together the wisdom of East and West he considers Thomas Aquinas's definition of sin as misdirected love and applies parallels between the Eastern teachings of the seven chakras and the Western teachings of the seven capital sins Fox explains how the chakras teach us to direct the love energies we all possess and proposes seven positive precepts for living a full and spirited life He invites us to change the way we think about sin and asserts that we can combat and transform evil through love generosity letting go and creativity Crafting a blueprint for social change *Sins of the Spirit Blessings of the Flesh* points the way toward a deeper and more compassionate way to live while eloquently revealing the means to confront evil both within and without

Divine Enjoyment Elaine Padilla, 2014-12-02 This book's theological and philosophical construction of a God of enjoyment poetically remaps divine love Posing a critique to the Aristotelian unmoved mover whose intellectual enjoyment is self enclosed this book's affective tones depict a passionate God who intermingles with the cosmos to suffer and yearn out of love even improper love Divine Enjoyment leads the reader to a path of excess first in the form of an intellectual appetite that for Aquinas places God beyond the divine self then more erotically in the silhouette of a lover whose love is like the delectable pain of mystics Culminating with banqueting fiesta and carnival the book deterritorializes God's affect conceiving of an expansively hospitable enjoyment stemming from many life forms With a renewed welcome for pleasure the book also upholds a disruptive ethic Ultimately an immoderate God of love whose passionate enjoyment stems from the sufferings as well as joys of the cosmos offers another paradigm of lovingly enjoying oneself in relationship with passionate becomings that belong to many others

Spirit Unleashed Anne Benvenuti, 2014-06-09 In *Spirit Unleashed* Anne Benvenuti uses analysis of real encounters with wild animals to take us on an intellectual tour of our thinking about animals by way of biological sciences scientific psychology philosophy and theology to show that we have been wrong in our understanding of ourselves amongst other animals The good news is that we can correct our course and make ourselves happier in the process Drawing us into encounters with a desert rattlesnake an offended bonobo an injured fawn a curious whale a determined woodpecker and others she gives us a glimpse of their souls Benvenuti strongly makes the case that to change the way we think about animals and our way of relating to them holds the possibility of changing all life on Earth for the better
