Anthropologies of Unemployment Jong Bum Kwon, Carrie M. Lane, 2016-09-09 Anthropologies of Unemployment offers accessible theoretically innovative and ethnographically rich examinations of unemployment in rural and urban regions across North and South America Europe Africa and Asia The diversity of case studies demonstrates that unemployment is a pressing global phenomenon that sheds light on the uneven consequences of free market ideologies and policies Economic social and cultural marginalization is common in the lives of the unemployed but their experience and interpretation are shaped by local and national cultural particularities In exploring those differences the contributors to this volume employ recent theoretical innovations and engage with some of the more salient topics in contemporary anthropology such as globalization migration youth cultures bureaucracy class gender and race Taken together the chapters reveal that there is something new about unemployment today It is not a temporary occurrence but a chronic condition In adjusting to persistent longstanding unemployment people and groups create new understandings of unemployment as well as of work and employment they improvise new forms of sociality morality and personhood Ethnographic studies such as those found in Anthropologies of Unemployment are crucial if we are to understand the broader forms meanings and significance of pervasive economic insecurity and discover the emergence of new social and cultural possibilities

Movimientos sociales y acción colectiva en la Argentina de hoy Ernesto Villanueva, Adrián Piva, Atilio Borón, 2007

"Quiero escribir mi historia" Pablo Francisco Di Leo, Ana Clara Camarotti, 2021-07-29 El diagnóstico de poca que se desprende de los testimonios de jóvenes populares en los que se basa este libro refiere al sentimiento de inexistencia de claras trayectorias institucionales que aseguren el tránsito entre los diferentes periodos etarios en la imagen de una trama institucional globalmente abusiva y que solo algunos individuos logran matizar en la fuerza de las aspiraciones y de los sueños personales que no se abdican Los distintos capítulos de esta obra suscitan la polémica El retrato que aquí se lee de la juventud popular es sin lugar a dudas inquietante para algunos esperanzador para otros Algunos al poner el énfasis en la experiencia de una juventud que inserta en una sociedad y en su trabajo económico social y cultural se percibe a sí misma desde un horizonte de interpretación que hace de la vida personal el principal universo de comprensión concluir que la sociedad argentina está en tren de perder el lazo con su juventud y el arco de la alianza entre las generaciones Otros al contrario son conmovidos por la fuerza de los relatos las voluntades que se expresan en ellos la capacidad para afrontar retos múltiples sin desfallecer contando antes que nada y a veces exclusivamente con ellos mismos pero también con los vínculos interpersonales que han podido establecer y podrán

tejer más tarde una juventud que por sobre todo no se resigna al descorazonamiento Pero unos y otros deberán coincidir en que se trata de una juventud que tal vez como pocas otras antes de ella está condenada a inventar mañana sin grandes ilusiones ni personales ni colectivas el futuro
