Gendering Culture in Greater Syria Fruma Zachs, Sharon Halevi, 2014-11-14 The Nahda lit the Awakening was one of the most significant cultural movements in modern Arab history By focusing on the neglected role of women in the intellectual Islamic renaissance of the late Ottoman Period Fruma Zachs and Sharon Halevi provide a refreshingly interdisciplinary exploration of gender and culture in the Arab World Focusing mainly on Greater Syria this book re-examines the cultural by products of the Nahda such as scientific debates journal articles essays short stories and novels and provides a new framework for rethinking the dynamics of cultural and social change in what today we know as Syria and Lebanon The lasting impact of the Nahda is given an innovative and thoroughly unique interpretation providing an indispensable perspective to studying the nuanced roles of the construction and development of gender ideologies in the nineteenth century Middle East The authors explore contemporary ideas concerning modern gender roles in the Middle East and the extent to which these emerged in nineteenth century Greater Syria How were these ideas incorporated into daily

lives consumer patterns and cultural activities Was class a determining factor in the creation of gender relations in the Muslim world How were the subjectivities of gender moulded and articulated in fictional and non fictional texts The authors delineate both the evolution of a discourse on gender as well the real life activities of men and women as writers readers and participants in philanthropic and cultural societies literary salons and educational enterprises This book reemphasizes the position of the Nahda in the worlds of Damascus Aleppo and Beirut as an innovative deeply influential and significant socio cultural and political movement in its own right which played a major role in shaping modern Arab culture worldviews and self perception Zachs and Halevi here provide a new framework for rethinking the dynamics of cultural and social change and present a groundbreaking new interpretation of the cumulative impact of the Nahda on gender perception in the late Ottoman Period On Time On Barak,2013-07-19 Revised version of the author s dissertation New York University 2009

Women and the Egyptian Revolution Nermin Allam,2018 An examination of women s political participation and engagement during and after the 2011 uprising in Egypt *Childhood in the Late Ottoman Empire and After* ,2015-10-27 This volume explores the variety of ways in which childhood was experienced lived and remembered in the late Ottoman Empire and its successor states The period of the late nineteenth and early twentieth centuries was a time of rapid change and the history of childhood reflects the impact of new expectations lived realities and national responsibilities on the youngest members of societies undergoing monumental change because of ideological wartime and demographic shifts Drawing on comparisons both within the Balkans Turkey and the Arab lands and with Western Europe and beyond the chapters investigate the many ways in which upheaval and change affected the youth Particular attention is paid to changing conceptions of childhood gender roles and newly dominant national imperatives Contributors include Elif Ak it Laurence Brockliss Nazan i ek Alex Drace Francis Benjamin C Fortna Naoum Kaytchev Duygu K ksal Kathryn Libal Nazan Maksudyan Heidi Morrison and Philipp Wirtz This title in its entirety is available online in Open Access **Women and the City, Women in the City** Nazan Maksudyan,2014-09-01 An attempt to reveal recover and reconsider the roles positions and actions of Ottoman women this volume reconsiders the negotiations alliances and agency of women in asserting themselves in the public domain in late and post Ottoman cities Drawing on diverse theoretical backgrounds and a variety of source materials from court records to memoirs to interviews the contributors to the volume reconstruct the lives of these women within the urban sphere With a fairly wide geographical span from Aleppo to Sofia from Jeddah to Istanbul the chapters offer a wide panorama of the Ottoman urban geography with a specific concern for gender roles *The Politics of Love* Rebecca Joubin,2013-10-03 Dramatic miniseries are the primary arena for the expression of postcolonial Syrian culture and artistic talent an arena that unites diverse aspects of artisanship in a struggle over visions of the past present and future of the nation As the tour de force of the television medium blossoming amidst persisting authoritarianism these miniseries serve as a crucial and complex artistic avenue through which political and social opposition manifests Scholars have tried to come to

terms with a highly critical culture produced within attempted state co optation and argue that politically critical culture operates as a safety valve to release frustrations so that dissenters are less likely to mobilize against the government Through research fueled by a viewing of over two hundred and fifty miniseries ranging from the 1960s to the present as well as an examination of hundreds of press reports Facebook pages and extensive interviews with drama creators this book turns away from the dominant paradigm that focuses on regime intent When turning attention instead to the drama creators themselves we witness the polyphony of voices employing love and marriage metaphors and gender de constructions to explore larger issues of nationalism self identity and political critique At the heart of constructions of femininity are the complications that arise with the symbiosis of pure femininity with authentic national identity Deconstructing masculinity as political critique has been less complicated since it is not implicated in Western identity issues on the contrary illustrations of subservient masculinity serve to subtly denounce government corruption and oppression Miniseries from the 1960s demonstrate that the focus of the qabaday tough man on female sexuality comes from his own political alienation vis vis the state and is part of a vicious cycle of state violence vis vis the citizen In recent years and in particular after the uprising we can see the emerging definition of the true qabaday as one who does not suppress a woman s sexuality thereby allowing for full equality in relationships as the basis of a truly free society
