

The background of the book cover is a detailed illustration of a battle scene, likely from the Great Plains. It depicts numerous Native American warriors in traditional dress, including tunics, leggings, and moccasins, engaged in combat with Spanish soldiers. The soldiers are wearing armor and carrying long pikes. The scene is set in a dry, open landscape with sparse vegetation like cacti and small shrubs. The illustration is rendered in a style reminiscent of historical paintings or tapestries, with a warm, aged color palette.

Epics of Empire and Frontier

Celia López-Chávez,2016-04-26 First published in 1569 La Araucana an epic poem written by the Spanish nobleman Alonso de Ercilla valorizes the Spanish conquest of Chile in the sixteenth century Nearly a half century later in 1610 Gaspar de Villagr Mexican born captain under Juan de O ate in New Mexico published Historia de la Nueva M xico a historical epic about the Spanish subjugation of the indigenous peoples of New Mexico In Epics of Empire and Frontier a deft cultural ethnohistorical reading of these two colonial epics both of which loom large in the canon of Spanish literature Celia L pez Ch vez reveals new ways of thinking about the themes of empire and frontier Employing historical and literary analysis that goes from the global to the regional and from the sixteenth to the twenty first centuries L pez Ch vez considers Ercilla and Villagr not only as writers but as citizens and subjects of the powerful Spanish empire Although frontiers of conquest have always been central to the regional histories of the Americas this is the first work to approach the subject through epic poetry and the main events in the poets lives L pez Ch vez also investigates the geographical spaces and landmarks where the conquests of Chile and New Mexico took place the natural landscape of each area as both the Spanish and the natives saw it and the characteristics of the expeditions in both regions with special attention to the violence of the invasions In her discussion of law geography and frontier L pez Ch vez carries the poems firsthand testimony on the political cultural and social resistance of indigenous people into present day debates about regional and national identity An interdisciplinary comparative postcolonial interpretation of the history found in two poetic narratives of conquest Epics of Empire and Frontier brings fresh understanding to the role that poetry plays in regional and national memory and culture

Original Narratives of Early American History : Spanish Explorers in the Southern United States 1528-1543

Vacandard, E. (Elphège), *Original Narratives of Early American History Spanish Explorers in the Southern United States 1528-1543* There are few Spanish narratives that are more unsatisfactory to deal with by reason of the lack of directions distances and other details than that of Cabeza de Vaca consequently there are scarcely two students of the route who agree His line of travel through Texas was twice crossed by later explorers in 1541 by the army of Francisco Vazquez Coronado on the eastern edge of the Stake Plains and again in 1582 by Antonio de Espejo on the Rio Grande below the present El Paso These data with the clues afforded by the narrative itself point strongly to a course from the tuna fields about thirty leagues inland from San Antonio Bay to the Rio Colorado and perhaps to the Rio Llano westward across the lower Pecos to the Rio Grande above the junction of the Conchos thence in an approximately straight line across Chihuahua and Sonora to the Rio Sonora where we find Cabeza de Vaca's Village of the Hearts which Coronado also visited in 1540 at or in the vicinity of the present Ures Soon after he reached this point traces of the first Christians were seen and shortly after the Spaniards themselves in the form of a military body of slave hunters As to the character of our chronicler he seems to have been an honest modest and humane man who underestimated rather than exaggerated the many strange things that came under his

notice if we except the account of his marvellous healings even to the revival of the dead The expedition of Narvaez was in itself a disastrous and dismal failure reaching an end alike forlorn and fatal but viewed from the standpoint of present day civilization the commander deserved his fate On the other hand while one might well hesitate to say that the accomplishment of Cabeza de Vaca and his three 8 companions compensated their untold sufferings the world eventually became the wiser in more ways than one The northern continent had been penetrated from shore to shore the waters of the Mississippi and the bison of the plains were now first seen by white men and some knowledge of the savage tribes had been gleaned for the benefit of those who should come after There is no blatant announcement of great mineral wealth a mountain with scoria of iron some small bags of mica a quantity of galena with which the Indians painted their faces a little turquoise a few emeralds and a small copper bell were all Yet the effect of the remarkable overland journey was to inspire the expedition of Coronado in 1540 and it is not improbable that De Soto who endeavored to enlist the services of Cabeza de Vaca may likewise have been stimulated to action After the three Spaniards returned to Mexico they united in a report to the Audiencia of Espola Santo Domingo which is printed in Oviedo's Historia General y Natural de las Indias tomo III lib XXXV ed 1853 In April 1537 they embarked for Spain but the ship in which Dorantes set sail proved to be unseaworthy and returned to Vera Cruz Invited to the capital by the Viceroy Mendoza Dorantes was tendered a commission to explore the northern country but this project was never carried out Cabeza de Vaca in reward for his services was appointed governor captain general and adelantado of the provinces of Rio de la Plata Sailing from Cadiz in November 1540 he reached Brazil in March of the following year Here he remained seven months when he sent his vessels ahead to Buenos Ayres and started overland to Asuncion which he reached in March 1542 after a remarkable experience in the tropical forests But the province seems to have needed a man of sterner stuff than Alvar Nu ez for he soon became the subject of animosity and intrigue which finally resulted in open rebellion and his arrest in April 1543 He was kept under close guard for about two years when he was sent to Spain and in 1551 was sentenced to banishment in Africa for eight years a judgment that does not seem to have been carried out for after serving probably a year or so in mild captivity at Seville he was acquitted He died in 1557
