

**"If you are overweight, read this book. It could save your life."
—Gabe Mirkin, M.D., radio talk show host and bestselling author**

Safer Than Phen-Fen!

**Lose weight without
the risks! Now, a
Harvard-trained
physician shows you
how to reduce without
fenfluramine, the
controversial drug
in phen-fen.**

MICHAEL ANCHORS, M.D., PH.D.
Professor of Medicine, Georgetown University Medical School

Safer Than Phen Fen

Robert Pool

Safer Than Phen Fen:

Safer Than Phen-Fen! Michael Anchors, 1997 The prescription drug combination of phentermine and fenfluramine known as phen fen has become the most successful medical weight loss method ever However while phentermine has been used safely for more than thirty years a growing body of scientific evidence links fenfluramine to dangerous side effects affecting the heart and lungs Similar alarming results are reported with Redux and Pondimin related weight loss prescription aids Dr Michael Anchors has developed a safe alternative Using phentermine with other medications in place of fenfluramine he has helped over 600 people since 1995 and the vast majority have shown they can keep the pounds off with no more than a minor maintenance program Dr Anchors clearly spells out his safe new path to weight loss and better health He also explains the proper role of exercise and diet in weight loss programs tells how to locate doctors experienced in the use of prescription drugs and prepares you to talk knowledgeably with your doctor about the issue BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved [The 7-Minute Miracle](#) Sheldon Levine, 2003-09-19 Sheldon Levine M D shows how it s entirely possible and easy to shrink our tough luck areas our hips and thighs our bellies and butts Based on landmark research Levine s program allows you to spot reduce your fat so you can target exactly the areas that bother you most *When Good Companies Go Bad* Donald W. Beachler, Thomas Shevory, 2014-09-09 Covering the entire world of business from heavy industry to the financial houses of Wall Street this book shines a spotlight on 100 of the most infamous cases of misconduct and malfeasance in corporate history Corporations are in the business of making money But when companies forget ethics take operational shortcuts or willingly endanger customers and the general public in their quest for profits disasters of enormous magnitude can result This book examines 100 of the worst cases of corporate greed and irresponsibility and poses the questions Is it necessary or desirable to conduct business in this manner Do the penalties and other punishments levied against these companies go far enough And what is the government s responsibility for keeping corporate misdeeds in check Coauthored by distinguished public policy experts *When Good Companies Go Bad* 100 Corporate Miscalculations and Misdeeds presents a representative sample of cases on a variety of topics such as the financial sector health care environmental protection product liability and copyright This broad introduction to the dark side of the corporate world focuses on events and scandals that resulted in substantial financial penalties regulatory actions or criminal convictions The cases are presented in a readable and engaging format making the book an illuminating and informative read for high school and college students as well as businesspeople lawyers journalists and professors who teach American politics public law or public policy **Why Can't I Stop Eating?** Debbie Danowski, Pedro Lazaro, 2009-06-03 This straight talking book puts the widespread problem of food addiction into clear perspective and points the way to a life free of the obsession with food Why can t I stop eating If like millions of others you often ask yourself this question you may be addicted to food The food you eat may be precisely what makes you crave more and more This straight talking book puts the widespread

problem of food addiction into clear perspective and points the way to a life free of the obsession with food Debbie Danowski whose food addiction nearly ruined her life and Peter Lazaro combine forces to give readers a full understanding of this debilitating condition its sources patterns consequences and physiological underpinnings Unlike fad diets and drugs with their side effects hidden costs and infamous failure rates the program outlined in this book goes to the root cause of chronic overeating and puts the tools for a lifelong cure into the hands of anyone willing to accept responsibility for a healthy happy future

Weight Gain: When It's Not Your Fault Dr. Lance Dean Ashworth, 2013-12-20 In *Weight Gain When It's Not Your Fault* Dr Lance Dean Ashworth reveals that the struggle with weight is in most cases caused by a number of surprisingly common medical conditions He explains how your symptoms the lab values the condition and the cure all come together to help you lose weight Some of the medical conditions that he sites are an underactive thyroid gland hypothyroidism anemia post menopausal hormone deficiencies in women and psychological issues among other conditions Dr Ashworth explains that physicians focus their attention on the individual diseases that result from being overweight or obese while ignoring the potential cure weight loss itself Instead of the Band Aid approach to such diseases as diabetes and high blood pressure physicians must focus on the cause of these conditions in their overweight patients which is fatty tissue He contends that a paradigm shift in the treatment of obesity is long overdue a shift from the reactionary mentality of the current medical environment to a proactive cure driven focus on the conditions associated with obesity *Weight Gain When It's Not Your Fault* provides the knowledge you need to ask your physician the right medically relevant questions These questions will guide you and your physician to determine how and why you gained weight in the first place

The Complementary and Alternative Medicine Information Source Book Alan Rees, 2001-03-30 From acupuncture to yoga the increasing popularity of unconventional medical therapies has risen sharply during the past decade Consumers are turning to complementary and alternative medicine CAM for a variety of reasons and are spending billions annually for treatments Recognizing the growing need to locate authoritative CAM information award winning author Alan M Rees has compiled a first stop resource for those seeking information to guide their decisions Noted health information expert Alan Rees organizes the best of complementary and alternative medicine CAM information resources in this new guide for librarians and patients The book is divided into twelve sections beginning with an overview of CAM terminology safety concerns ongoing research and education and the movement towards integrative medicine Best of lists of books magazines newsletters CD ROMs and professional publications are augmented with contact information for several hundred CAM associations and professional groups an extensive section on the Internet as a source of CAM related information and reviews of 355 popular books on CAM Librarians will use the Source Book as a collection development tool Consumers and students will find it an easy to use guide for locating hard to find resources about the latest in alternative medical therapies and treatments This unique volume brings together in one volume print and electronic resources pertaining to an in demand topic provides recommendations of authoritative sources of

Clinical Obesity in Adults and Children Peter G. Kopelman, Ian D. Caterson, William H. Dietz, 2008-04-15 Highly Commended in the 2006 British Medical Association Book Awards Endocrinology This Second Edition brings together more than 20 internationally recognized experts in the field to provide a timely review of current knowledge The text remains an invaluable resource for all healthcare professionals involved in the care of patients who are obese New features of this Second Edition include Addition of two new co editors Professor Bill Dietz USA and Professor Ian Caterson Australia Increased number of contributors from around the globe providing a truly international perspective Includes new information about the causes of obesity its complications and new and novel methods of prevention and treatment Reorganized into sections that address obesity and its social and cultural aspects biology associated diseases life stages pediatric and adult management and environmental and policy approaches

Managing Pediatric Obesity Using Advanced Therapies Claudia K. Fox, 2023-11-26 Treatment of pediatric obesity to date has largely focused on lifestyle therapy While lifestyle therapy is essential for obesity management it is often insufficient particularly for youth who have severe forms of the disease Underlying the limitations of lifestyle therapy is the recognition that obesity is a biological disorder of the energy regulatory system and accordingly to effectively manage obesity the underpinning pathophysiology needs to be addressed This pathophysiology can be targeted with more advanced therapies including anti obesity medications and metabolic and bariatric surgery two treatment strategies supported by the American Academy of Pediatrics Written by leading experts in the field A Practical Guide to Managing Pediatric Obesity is comprised of thirteen chapters each including suggested protocols and case examples The first chapter details the complex pathophysiology of obesity and sets the stage for why advanced therapies are critical for effective obesity management Chapter two provides guidance on best practices for communicating with patients and families about obesity The next three chapters provide direction on how to do a comprehensive patient assessment and employ dietary and physical activity interventions The heart of this guidebook is the chapter on pharmacological treatments which details the mechanisms of action research results and recommendations for anti obesity medication selection and monitoring outlined in a step by step fashion Pre and post operative care for the pediatric bariatric surgery patient is detailed in the next chapter Assessment and management of behavioral and psychological complications type 2 diabetes non alcoholic fatty liver disease polycystic ovary syndrome hypertension and dyslipidemia are covered in the subsequent five chapters Syndromic and monogenic obesity are discussed in the final chapter

Bitter Pills Stephen Fried, 2011-04-27 We take our medicines on faith We assume our doctors are well informed our drug companies scrupulous our FDA diligent and our medications safe All too often we are wrong Just how wrong is documented in this critically acclaimed portrait of the international pharmaceutical industry by one of our most highly respected investigative journalists According to the Journal of the American Medical Association JAMA adverse drug

reactions are the fourth leading cause of death in America Reactions to prescription and over the counter medications kill far more people annually than all illegal drug use combined Stephen Fried s wife took a pill for a minor infection and ended up in the emergency room Some drug reactions go away in a few hours or days Diane s did not This emotionally wrenching experience launched Fried into a five year examination of the entire pharmaceutical industry the most profitable legal business in the world Rigorously documented Bitter Pills is a full scale portrait of pill making and pill taking in America today presented through the powerful human drama of doctors patients drug companies the FDA and government regulators as they war for control of our medicine cabinets

Potassium Channels in Cardiovascular Biology Stephen L. Archer, Nancy J. Rusch, 2001-05-31 Potassium channels K are membrane spanning proteins which serve many important functions and are a hotly debated topic in physiology This book highlights the latest discoveries on the role of K channels in the heart and blood vessels in normal physiology and a variety of disease states

The World's Best-Kept Diet Secrets Diane Irons, 1998 Offers tips about food selection exercise support groups health matters nd eating out and includes a collection of low calorie recipes

The Management of Eating Disorders and Obesity David J. Goldstein, 2007-10-27 A panel of internationally recognized eating disorder experts has expanded and fully updated this widely acclaimed book to reflect recent scientific and therapeutic developments Stressing human physiology treatment and disease prevention the authors take advantage of the new molecular understanding of the biological regulation of energy Updated chapters review specific evidence based and future treatment modalities present an objective evaluation of the treatment and identify the positives and negatives that have been seen during clinical studies as well as cumulative data derived from clinical practice New chapters include material on the use of the internet in the education and treatment of eating disorders and obesity and on the role of appetite and satiety in obesity treatment particularly with regard to the carbohydrate diet

Dangerous Love Pat Ballard, 2011-06-01 Ava Manning has allowed her heart to be broken once Once is enough She never intends to let anyone get close enough to hurt her again She just wants to do her job as a lab technician at Cloneall Drugs Inc without any complications in her life But after Ava saw some research she wasn t supposed to someone wants her dead And now she has to deal with the Southern talking g dropping charming LAPD detective Ricky Don McKinzie Her life is just beginning to get complicated

Conquering Diet Drug Abuse Nicholas Faulkner, Kara Williams, 2015-12-15 This compelling book strips away the messages promoted in glossy advertisements and reveals the real dangers of diet drugs It separates fact from fiction and addresses topics such as the mythology of all natural labels the notion that over the counter is always safe the world of eating disorders and how to live a truly healthy lifestyle Just because diet drugs may be marketed on a national stage doesn t mean they re safe This book impresses upon readers the importance of recognizing the dangers and choosing healthy alternatives

Heartburn and Reflux For Dummies Carol Ann Rinzler, Ken DeVault, 2011-03-10 If you or someone you love suffers from heartburn you know that it can be very disruptive to your daily life Most heartburn sufferers say it stops

them from enjoying food Others say it keeps them from getting a good night's sleep it makes it hard to concentrate at work and it interferes with family activities Sound familiar Don't worry Heartburn is a pain but it can be helped Heartburn Reflux For Dummies is the plain English guide to relief for you if you've been recently diagnosed with heartburn or reflux if you suspect you may suffer from it or if you're concerned about your loved ones This comprehensive book shows you how to recognize symptoms get an accurate diagnosis and work with a physician to receive the most effective treatment available You'll see how to Get your symptoms under control Find the right physician Reduce stress and fine tune your diet Avoid medicines that trigger upset Decide if surgery is right for you This friendly guide explains what the various forms of reflux are as all too often reflux is either self treated or mistreated and followed by serious complications There's detailed information on building a comfortable lifestyle by reducing stress improving your diet controlling portions and timing your meals to minimize heartburn and reflux Plus this sensitive guide even covers heartburn in infants children and the elderly You'll also discover How to heal the esophagus of inflammation or injury as well as manage or prevent complications The latest information on prescription medications and side effects Healthy habits to adopt to reduce your pain triggers Helpful home remedies and alternative medicine The special risks and remedies for heartburn during pregnancy The side effects and complications associated with surgery Complete with a catalog of heartburn medicines and a list of reliable Web sites for people with digestive disorders Heartburn Reflux For Dummies is your one stop guide to stopping the hurt starting to heal and enjoying food again

Weight Management Institute of Medicine, Food and Nutrition Board, Committee on Military Nutrition Research, Subcommittee on Military Weight Management, 2003-12-01 The primary purpose of fitness and body composition standards in the U.S. Armed Forces has always been to select individuals best suited to the physical demands of military service based on the assumption that proper body weight and composition supports good health physical fitness and appropriate military appearance The current epidemic of overweight and obesity in the United States affects the military services The pool of available recruits is reduced because of failure to meet body composition standards for entry into the services and a high percentage of individuals exceeding military weight for height standards at the time of entry into the service leave the military before completing their term of enlistment To aid in developing strategies for prevention and remediation of overweight in military personnel the U.S. Army Medical Research and Materiel Command requested the Committee on Military Nutrition Research to review the scientific evidence for factors that influence body weight optimal components of a weight loss and weight maintenance program and the role of gender age and ethnicity in weight management

Crimes of Persuasion Les Henderson, 2003 In depth fraud coverage of computer crimes such as pyramid schemes make this crime library of internet fraud the cybercrime location for the schemes and scams that con artists perpetrate White collar crimes such as prime bank fraud pyramid scams internet fraud phone scams chain letters modeling agency and Nigerian scams computer fraud as well as telemarketing fraud are fully explained This detailed but easy to read

report on organized crime topics include credit card fraud check kiting tax fraud money laundering mail fraud counterfeit money orders check fraud and other who's who true crimes of persuasion **Fat** Robert Pool, 2001-02-15 When the leptin gene was discovered in 1994 news articles predicted that there might soon be an easy pharmaceutical solution to the growing public health crisis of obesity Yet this scientific breakthrough merely proved once again how difficult the fight against fat really is Despite the many appetite suppressants diet pills and weight loss programs available today approximately 30 percent of Americans are obese And that number is expanding rapidly Fat is the engaging story of the scientific quest to understand and control body weight Covering the entire twentieth century Robert Pool chronicles the evolving blame game for fat from being a result of undisciplined behavior to subconscious conflicts physiological disease and environmental excess Readers in today's weight conscious society will be surprised to learn that being overweight was actually encouraged by doctors and popular health magazines up until the 1930s when the health risks associated with being overweight were publicly recognized Thus began decades of research and experiments that subsequently explained appetite metabolism and the development of fat cells Pool effectively reanimates the colorful characters curious experiments brilliant insights and wrong turns that led to contemporary scientific understanding of America's epidemic While he acknowledges the advances in the pharmacological fight against flab he underscores that the real problem of obesity is not losing the weight but keeping it off Drugs offer a quick fix but they aren't the ultimate answer American society must remedy the unhealthy daily environments of its cities and towns and those who have struggled with their weight and have experienced the yo yo cycle of dieting must understand the underlying science of body weight that makes their struggle more than a question of willpower

Diet Drugs Kara Williams, 2007-01-15 Describes the dangers posed by drugs used to lose weight From source other than the Library of Congress *Eating Disorders* Raymond Lemberg, Leigh Cohn, 1999 Offers a collection of articles which discuss the causes symptoms health and psychological effects and treatments of eating disorders and provides a directory of facilities and programs designed to help people with these disorders
