While the phrase crucial conversation might conjure up images of important officials gathered in conference rooms the authors mean it to refer to the dialogues we engage in every day of our lives. Three things come together to forge a crucial conversation which is a discussion involving two or more people opposing opinions strong emotions and high stakes. Typically

people handle these kinds of conversations in three ways they avoid them they face them and handle them poorly or they face them and handle them well Of those three choices who would not choose the third option to handle them well And yet it usually goes the other way usually when we get into crucial territory we bring out our worst behavior The authors claim that this is because we are designed incorrectly which means we do not know what to do when a conversation slides out of casual territory When we hear someone say something that we disagree with our body reacts in a hostile manner pumping adrenaline through our veins and diverting blood from the brain Worse we are not usually To be continued Here is a Preview of What You Will Get A Full Book Summary An Analysis Fun quizzes Quiz Answers Etc Get a copy of this summary and learn about the book *NCFE CACHE Level 3 Diploma in Supporting Teaching and Learning* Louise Burnham,2018-06-18 Make a difference to classroom learning with this textbook written for the CACHE qualification by highly respected and experienced author Louise Burnham Develop your skills as a teaching assistant with coverage of all units in the new CACHE qualification Build confidence in your role with practical advice and full explanations from best selling author Louise Burnham Translate theory into practice with Tips for Best Practice and Case Studies for challenging topics such as Behaviour Management Strengthen your understanding of theory and practice with comprehensive information linked clearly to assessment criteria Find all the information you need with the colourful clear design and appropriate language throughout Make the most of your training with the Stretch and Challenge feature Engage in debate on important topics with Classroom Discussion suggestions
