**Sagas of Old Western Travel and Transport** H. Wilbur Hoffman, 1980-09      **Octopus's Garden** Benjamin T. Jenkins, 2023-07-10 As Southern California recovered from the collapse of the cattle industry in the 1860s the arrival of railroads attacked by newspapers as the greedy octopus and the expansion of citrus agriculture transformed the struggling region into a vast idealized and prosperous garden New groves of the latest citrus varieties and new towns like Riverside quickly grew directly along the tracks of transcontinental railroads The influx of capital industrial technology and workers especially people of color energized Southern California and tied it more closely to the economy and culture of the United States than ever before Benjamin Jenkins's *Octopus's Garden* argues that citrus agriculture and railroads together shaped the economy landscape labor systems and popular image of Southern California Orange and lemon growing boomed in the 1870s and 1880s while railroads linked the region to markets across North America and ended centuries of geographic isolation for the West Coast Railroads competed over the shipment of citrus fruits from multiple counties engulfed by the orange empire resulting in an extensive rail network that generated lucrative returns for grove owners and railroad businessmen in Southern California from the 1890s to the 1950s While investment from white Americans particularly wealthy New Englanders formed the financial backbone of the *Octopus's Garden* citrus and railroads would not have thrived in Southern California without the labor of people of color Many workers of color took advantage of the commercial developments offered by railroads and citrus to economically advance their families and communities however these people also suffered greatly under the constant realities of bodily harm low wages and political and social exclusion Promoters of the railroads and citrus cooperatives touted California as paradise for white Americans and minimized the roles of non white laborers by stereotyping them in advertisements and publications These practices fostered conceptions of California's racial hierarchy by praising privileged whites and maligning the workers who made them prosper The *Octopus's Garden* continues to shape Southern Californians understanding of their past In bringing together multiple storylines Jenkins provides a complex and fresh perspective on the impact of citrus agriculturalists and railroad companies in Southern Californian history

*Cowboys, Mountain Men, and Grizzly Bears* Matthew P. Mayo, 2010-01-06 From slaughters shootouts and massacres to maulings lynchings and natural disasters *Cowboys Mountain Men and Grizzly Bears* cuts to the chase of what draws people to the history and literature of the Wild West Matthew P Mayo noted author of Western novels takes the fifty wildest episodes in the region's history and presents them in one action packed volume Set on the plains mountains and deserts of the West and arranged chronologically they capture all the mystique and allure of that special time and place in America's history Read about John Colter's harrowing escape from the Blackfeet Hugh Glass's six week crawl to civilization after a grizzly attack Janette Riker's brutal winter in the Rockies John Wesley Powell's treacherous run through the rapids of the Grand Canyon The Earp Brothers hot tempered gun battle at Tombstone General Custer's ill advised final clash with the Sioux

**Inside Alcatraz** Jim Quillen, 2015-01-15 Each day we saw the outside world in all its splendour and each day that view served as a reminder that we had wasted and ruined our lives Jim Quillen AZ586 a runaway problem child and petty thief was jailed several times before his twentieth birthday In August 1942 after escaping from San Quentin he was arrested on the run and sentenced to forty five years in prison and later transferred to Alcatraz This is the true story of life inside America's most notorious prison from terrifying times in solitary confinement to daily encounters with the Birdman and what really happened during the desperate and deadly 1946 escape attempt
