Discussions about Leadership

Sefika Sule Ercetin, 2012-10 The Arab Spring movement shows that people in the Middle East and elsewhere want leaders

who are more flexible coherent and transparent This collection of essays explores the concept of leadership and proposes ways to learn to be a great leader and avoid the mistakes of the past in this academic work Edited by efika ule Er etin one of the leading thinkers in Turkey it offers insights on leadership from numerous contributors The essays consider the characteristics of exceptional leaders the traits that prevent leaders from succeeding predictions about how leadership will change in the future and inherent differences between leaders and followers These essays also detail the differences between management and leadership and examine the debate on whether managers can consistently be great leaders Some say leaders possess innate qualities but there is also evidence to suggest that anyone can hone their skills to become a successful leader In coming years leadership on the political stage and other areas will be more critical than ever Regardless of whether you are a CEO middle level executive aspiring leader or student it is critical to hone your skills through Discussions about Leadership Jsl Vol 19-N5 JOURNAL OF SCHOOL LEADERSHIP,2010-04-16 The Journal of School Leadership is broadening the conversation about schools and leadership and is currently accepting manuscripts We welcome manuscripts based on cutting edge research from a wide variety of theoretical perspectives and methodological orientations The editorial team is particularly interested in working with international authors authors from traditionally marginalized populations and in work that is relevant to practitioners around the world Growing numbers of educators and professors look to the six bimonthly issues to deal with problems directly related to contemporary school leadership practice teach courses on school leadership and policy use as a quality reference in writing articles about school leadership and improvement **Structural Equation Modeling in Educational Research** ,2009-01-01 Over the years researchers have developed statistical methods to help them investigate and interpret issues of interest in many discipline areas These methods range from descriptive to inferential to multivariate statistics As the psychometrics measures in education become more complex vigorous and robust methods were needed in order to represent research data efficiently One such method is Structural Equation Modeling SEM SEM is a statistical technique that allows the simultaneous analysis of a series of structural equations It also allows a dependent variable in one equation to become an independent variable in another equation It is a comprehensive statistical approach to testing hypotheses about relations among observed and latent variables SEM is commonly known as causal modeling or path analysis which hypothesizes causal relationships among variables and tests the causal models with a linear equation system As educational research questions become more complex they need to be evaluated with more sophisticated tools The pervasive use of SEM in the literature has shown that SEM has a potential to be of assistance to modern educational researchers This book will bring together prominent educators and researchers from around the world to share their contemporary research on structural equation modeling in educational settings The chapters provide information on recent trends and developments and effective applications of the different models to answer various educational research questions This book is a critical and specialized source that describes recent advances in SEM in international academia

Standing Still Is Not an Option Christa Boske, 2019-10-01 This book captures the experiences of children in U S public schools and how they utilize artmaking to disrupt injustices they face These first time authors who represent school children parents teachers and community leaders focus on artmaking for social change Their first tellings provide thought provoking insights regarding the impact of artmaking on their capacity to promote social justice oriented work in K 12 school communities As the U S continues to experience significant demographic shifts including increases of homeless children children identified with learning differences thousands of refugees and immigrants children living in poverty children in foster care and increasing numbers of Children of Color those who work in schools will need to know how to address disparities facing these underserved communities These U S demographic shifts and issues facing underserved populations provide opportunities for children teachers families and school leaders to deepen their understanding regarding their experiences within their communities and K 12 schools as well as ways to interrupt oppressive practices and policies they face every day through art as social action Authors call upon decision makers who serve children from disenfranchised populations to utilize artmaking to create equal access for children to explore social justice equity reflective practices and promote authentic social action and change through artmaking Authors reflect on this artmaking process as a catalyst for increasing consciousness creating imaginative possibilities and facilitating meaningful change in schools Authors urge readers to create equal access art spaces to build bridges among schools families and communities Together they contend that artmaking promotes courageous conversations and encourages the exploration of what it means to live this significant work Praise for Standing Still Is Not an Option Standing Still Is Not an Option is a non traditional leadership text not just in words but in deeds It took courage for student first authors to write perform this text and it takes courage for us as educators to read it because our youth want us to speak up more and act differently To quote one student first author It was all new to me I never did anything like this before If I could go back in time I would tell the principals that they need to care about all of the kids not just the favorites If they could actually take the time and talk to me maybe you would actually care because you would get to know me I think they would learn I have a lot on my plate and they need to know about these things It would have really helped me if they would have listened to me talked to me and actually showed me they care If a principal would have shown me they cared I wouldn t be where I am today Isn t it past time that teachers and administrators learned to become their art and let their art remake them Ira Bogotch Professor Florida Atlantic University This book dares to explore the multi faceted nature of voice and its importance in narrating the experiences that have contoured the lives of persons who are so often conditioned socialized and placed in a voiceless space by educational institutions The use of artmaking to articulate hopes and fears in a non judgmental space that calls for a socially just education shifts the focus from traditional notions of narrative to the creative power of expression through art This work breaks new ground in pushing educational power brokers to come to grips with the multiple ways asymmetric power relations are propagated through traditional

structures and how the power of creativity can respond to and disrupt these structures Michael Dantley Dean Professor Miami of Ohio University Christa Boske s edited volume provides an extraordinary service to educational leaders policy makers and those who care about the education stakeholders Through the chapters in this book Boske and her authors demonstrate the power of artistic storytelling and representation to the development and empowerment of young minds For those who care about the education of children and youth this is an essential read Michelle Young Professor University of Virginia former Executive Director of the University Council for Educational Administration UCEA *Advancing Equity and Achievement in America's Diverse Schools* Camille M. Wilson, Sonya Douglass Horsford, 2013-09-05 *Advancing Equity and Achievement in America's Diverse Schools* illustrates how educators students families and community partners can work in strategic ways to build on social cultural and ethnic diversity to advance educational equity and achievement By drawing on the latest data on demographic change constructions of culture and cultural difference and the politics of school reform in urban rural and suburban school communities this volume looks toward solutions and strategies for meaningful educational improvement Contributors consider both the diversity of youth and families served in public schools and the culture of U S schooling highlighting the influence of policy and reform agendas students identities and agency experiences and approaches of diverse educators and the workings of effective school partnerships Chapters also focus on those often overlooked in educational scholarship such as Native Americans students experiencing poverty and or homelessness Muslim students students with special needs and students and educators who are lesbian gay bisexual transgender intersex or queer In all this edited collection stresses the need for high quality education that is inclusive culturally responsive and unifying so all students can experience academic success This book is a meaningful resource for educators policymakers and community based leaders interested in doing such transformative work *What Every Principal Needs to Know to Create Equitable and Excellent Schools* George Theoharis, Jeffrey S. Brooks, 2015-04-25 School leaders who succeed at creating a high achieving learning community must also be committed to creating an equitable environment for all students In this new book key scholars across the content areas show how to put into practice a commitment to equity and excellence across the Pre K12 spectrum Readers learn directly from experts in each of the content domains literacy mathematics science social studies music early childhood special education English language learners world languages and physical education how a commitment to social justice and equity can be grounded in core subject areas why each has a place in the school and what they need to know and do in each subject area This book is a critical instructional leadership resource for new and veteran principals who want to see all students succeed Contributors Antonio J Castro Julie Causton Theoharis Virginia Collier Katherine Delaney Catherine Ennis Virginia Goatley Beth Graue Rochelle Gutierrez Kathleen A Hinchman Anne Karabon Christi Kasa Dave McAlpine Mitchell Robinson Victor Sampson Sherry A Southerland and Wayne Thomas **Qualitative Inquiry in Higher Education Organization and Policy Research** Penny A. Qualitative Inquiry in Higher Education Organization and Policy Research provides readers with the theoretical foundations and innovative perspectives for undertaking qualitative research to influence policy and practice discussions Well known chapter authors discuss innovative strategies for investigating complex problems helping readers understand how research can consider the culture of the institution administrative hierarchy students faculty and external constituencies From both an organizational and policy perspective chapter pairings explore a range of methodologies including ethnography case study critical qualitative inquiry and the notion of grit This volume explores how qualitative inquiry can advance understanding of organizational inequities in higher education and it offers graduate students and educational researchers the tools to improve the organizational function of institutions while contributing to meaningful change

Exploring leadership and ethical practice through... Déirdre Smith, Patricia Goldblatt, 2017-05-19T00:00:00-04:00 Exploring Leadership and Ethical Practice through Professional Inquiry is wonderfully constructed to prompt us to analyze the perplexing problems that inevitably occur when people work in the same institution through the visions theories and moral principles that underlie schools at their best Marvelous and marvelously narrated cases followed by tools for inquiry and lively reflections are well designed to engage aspiring and practicing leaders in honing the ethical principles that will guide their own work Christine Sleeter PhD Professor Emerita California State University Monterey Bay Exploring Leadership and Ethical Practice through Professional Inquiry This collection of case studies is a perfect example of the potential role of professional inquiry as a professional learning approach The truly exceptional achievement of this work is unquestionably the fact that it sought out highly reputed educators in the Ontario national and international education communities It is comforting to see that in spite of their impressive collective knowledge and experience even the commentators do not always agree when it comes to the most important areas of focus The result is a multidimensional overview that can easily lead to provocative discussions This work is a significant addition to the scholarship of educational leadership Serge Demers Director School of Education Laurentian University

IJER Vol 18-N1 International Journal of Educational Reform, 2009-09-16 The mission of the International Journal of Educational Reform IJER is to keep readers up to date with worldwide developments in education reform by providing scholarly information and practical analysis from recognized international authorities As the only peer reviewed scholarly publication that combines authors voices without regard for the political affiliations perspectives or research methodologies IJER provides readers with a balanced view of all sides of the political and educational mainstream To this end IJER includes but is not limited to inquiry based and opinion pieces on developments in such areas as policy administration curriculum instruction law and research IJER should thus be of interest to professional educators with decision making roles and policymakers at all levels turn since it provides a broad based conversation between and among policymakers practitioners and academicians about reform goals objectives and methods for success throughout the world Readers can call on IJER to learn from an international group of reform implementers by discovering what they can do that

has actually worked IJER can also help readers to understand the pitfalls of current reforms in order to avoid making similar mistakes Finally it is the mission of IJER to help readers to learn about key issues in school reform from movers and shakers who help to study and shape the power base directing educational reform in the U S and the world [Jsl Vol 20-N6](#)
JOURNAL OF SCHOOL LEADERSHIP,2011-01-16 The Journal of School Leadership is broadening the conversation about schools and leadership and is currently accepting manuscripts We welcome manuscripts based on cutting edge research from a wide variety of theoretical perspectives and methodological orientations The editorial team is particularly interested in working with international authors authors from traditionally marginalized populations and in work that is relevant to practitioners around the world Growing numbers of educators and professors look to the six bimonthly issues to deal with problems directly related to contemporary school leadership practice teach courses on school leadership and policy use as a quality reference in writing articles about school leadership and improvement *Turnaround Principals for Underperforming Schools* Rosemary Papa,Fenwick W. English,2011-07-21 There s no mystery in turning around low performing or failing schools but there are also no recipes In *Turnaround Principals for Underperforming Schools* Rosemary Papa and Fenwick English identify the essential ingredients for success The causes of failure are complex and interactive Schools are not inert structures but living organisms Putting schools back together is a collaborative venture It takes a team to turn around a school but it all begins with the leadership The key to success rests in a school leader who has a fundamental understanding of the dynamics of schooling human motivation and possesses the resiliency and energy to engage in altering the internal landscape of an unsuccessful school Two veteran educators have put together a work based on their research and experience for the past half century They pull no punches The challenge is not only to turn low performing or failing schools around but to enable them to become more socially just places for all students **Snapshots of School Leadership in the 21st Century** Michele A. Acker-Hocevar,Gary Ivory,A. William Place,Julia Ballenger, Ph.D.,2012-08-01 In the book we provide snapshots describing this critically important time in our nation when federal educational policy implementation has been at a level previously unheard of in the United States We present a chapter on the design and method of Voices 3 eight chapters on analyses of the focus group discussions and two invited chapters that provide a review and critique of our work The chapters will be excellent resources for professors of educational leadership as we respond to the changing environment and improve preparation programs for superintendents and principals We also see the book as a good resource for practitioners who desire to take the pulse of their colleagues in the field to see common concerns across various issues Finally it will be useful to policy makers as they consider the impact of their decisions on the implementation phases in districts and schools With this book you are receiving access to the 27 focus group transcripts on which the chapters are based Instructors of qualitative research may find these data useful in their classes e g for students to practice different types of data analysis and coding **Education Policy Perils** Christopher H. Tienken,Carol A.

Mullen,2015-11-06 Education Policy Perils provides educators and those interested in the future of public education with research based and practical analyses of some of the foremost issues facing public schools today The collection written by experienced scholar practitioners offers insights that include nuanced descriptions of various challenges facing educators and recommendations for overcoming them with an eye toward more successful policy and better implementation The authors apply their expertise to a range of issues from international testing to policy challenges related to curriculum on the state and national levels This volume positions ongoing debates within the wider context of an education landscape struggling to displace junk science ideology with empirical research The scope and sequence combined with the expertise of the contributors make this volume a vital resource for educators at all levels during a pivotal time of major changes in education policy

The Elusive What and the Problematic How ,2008-01-01 For the authors in this book there can be no valid excuses for ignorance in any aspect of education as theory practice That is If we come to learn that all educational problems involve knowledge of complex systems and processes then quick simple solutions should not be an educator s first or only expedient option If all education requires a measure of cultural and contextual understandings then uniform standardized programs and lessons will not meet the needs of all children or communities If educational change takes time and strenuous efforts to take hold then why do we abandon and restart reforms efforts year after year If educational practices are best performed by those closest to the problems then why do we not prepare and continuously develop teachers and administrators to grow intellectually and politically to make wise decisions If who a person is culturally and intellectually shapes who they are as educators then why are our recruitment selection induction and retention policies not influenced by this assumption If today s best practices have not taken careful note of successes in the past then how do we validly measure best practices in use today If one time standardized test scores are not adequate measures of a person s worth a teacher s competency or a school s value to its community then why do our policies and practices say otherwise Unfortunately our ignorance of the what and the how of education and educational leadership has persisted across contexts and history Why This book provides both theoretical and practical answers to these elusive and problematic issues
