Sailing For Kids:

Sailing for Kids Tim Davison, Steve Kibble, 2015-07-14 Sailing for Kids is aimed at children aged 8-15 who are taking their first steps into the fantastic world of sailing. Packed full of colour photographs and diagrams, this straightforward and easy-to-understand guide is the perfect introduction to the sport. It is based on the Optimist dinghy, which is the most popular children's sailing dinghy worldwide and endorsed by the UK Optimist Class Association. Topics covered include what to wear, setting up the boat, sailing and safety. For those who want to go further, there are also tips on sailing faster and preparing to race.

Voyaging With Kids Behan Gifford, Sara Dawn Johnson, Michael Robertson, 2015-09-18 A treasure trove of useful, well-organized information on sea-going parenting. Gary Cap'n Fatty Goodlander, Author of *Buy Outfit and Sail*. Choosing a boat that is right for your family, handling the naysayers, keeping your children safe, healthy and entertained afloat: this inspirational and comprehensive guide may be just what you need to turn your dream into a reality. The three authors, who have each voyaged thousands of miles with children on board, provide a factual and balanced look at the realities of family life on the sea. From their own experience and with information from interviews with dozens of other voyaging parents, they discuss caring for an infant on board, handling the changing needs of children as they grow, education options, ensuring parents find the private time to keep their relationships in tune, and helping children make the eventual transition back to shore life. Added to the authors' voices are sidebars from other cruising parents with specialized information on subjects as diverse as handling special diets and how your children can keep in touch with friends around the world. A unique bonus chapter, written by a dozen former cruising kids, looks at the long-term effects of breaking away from shoreside normalcy. A substantial appendix of resources provides valuable further information on the subjects covered in this book. It is said that every parent inflicts their lifestyle choices on their children. Read this book to find why heading out to sea with your children may be the most rewarding infliction of all.
