Sailing To Cythera And Other Anatole Stories:

Sailing to Cythera, and Other Anatole Stories Nancy Willard, 1974 The stories relating the magical adventures of a boy and his cat **Sailing to Cythera** Nancy Willard, 1974 *The A to Z of Fantasy Literature* Brian Stableford, 2009-08-13

Once upon a time all literature was fantasy set in a mythical past when magic existed animals talked and the gods took an active hand in earthly affairs As the mythical past was displaced in Western estimation by the historical past and novelists became increasingly preoccupied with the present fantasy was temporarily marginalized until the late 20th century when it enjoyed a spectacular resurgence in every stratum of the literary marketplace Stableford provides an invaluable guide to this sequence of events and to the current state of the field The chronology tracks the evolution of fantasy from the origins of literature to the 21st century The introduction explains the nature of the impulses creating and shaping fantasy literature the problems of its definition and the reasons for its changing historical fortunes The dictionary includes cross referenced entries on more than 700 authors ranging across the entire historical spectrum while more than 200 other entries describe the fantasy subgenres key images in fantasy literature technical terms used in fantasy criticism and the intimately convoluted relationship between literary fantasies scholarly fantasies and lifestyle fantasies The book concludes with an extensive bibliography that ranges from general textbooks and specialized accounts of the history and scholarship of fantasy literature through bibliographies and accounts of the fantasy literature of different nations to individual author studies and useful websites **Historical Dictionary of Fantasy Literature** Allen Stroud, 2023-06-12 Fantasy is both old and new In the ancient past stories of magic where supernatural creatures existed the gods walked the earth and heroes saved their civilizations from the dark fate that awaited them were intermingled with history religion and fact It is only in the last few hundred years that a conscious suspension of disbelief has allowed us to return to fantasy the literature of the impossible and appreciate it for its craft and storytelling once more Historical Dictionary of Fantasy Literature Second Edition contains a chronology an introduction an extensive bibliography and cross referenced entries on more than 800 authors ranging across the entire historical spectrum More than 200 other entries describe the fantasy sub genres key images in fantasy literature technical terms used in fantasy criticism and the intimately convoluted relationship between literary fantasies scholarly fantasies and lifestyle fantasies This book is an excellent resource for students researchers and anyone wanting to know more about fantasy literature **Catalog of Copyright Entries.
