## **Saint Athanasius Of Alexandria Original Research And New Perspectives:**

Saint Athanasius of Alexandria George Dion Dragas, 2005 St Cyril of Alexandria St Athanasius great successor tells us Our Father Athanasius of hallowed memory who adorned the throne of the Church of Alexandria for the whole of forty six years and arrayed an unconquerable and apostolic knowledge in battle against the sophistries of the unholy heretics and greatly gladdened the world with his writings as by a most fragrant perfume and all bear witness to the accuracy and piety of his teaching was a man worthy of trust and deserving a confidence since he did not say anything not in agreement with Holy Scripture The present volume consists of a collection of essays which represent original research into the writings of St Athanasius Patriarch of Alexandria 295-373 These essays respond to challenges arising out of the contemporary scholarly studies of St Athanasius theology and writings The new perspectives in Athanasian studies which these essays offer are closer to the original theological legacy of this great Alexandrian Father of the Church who has come down in the history of the Church as the canon of orthodoxy Modern critical research and discussions have too often tended to obscure the Athanasian legacy and bar contemporary theology from the amazing blessings that this great ecumenical teacher and Father of the Church has bequeathed to all Christian generations **Athanasius** Thomas G. *Athanasius and His Legacy* Thomas G. Weinandy, Daniel A. Keating, 2017-11-01 Thomas G Weinandy OFM Cap and Daniel A Keating introduce readers to one the key thinkers of the fourth century and the chief architect of Christian doctrine Athanasius The authors carefully illuminate Athanasius's crucial text Against the Arians unfolding the Trinitarian and incarnation framework of Athanasius's paramount concern soteriology and providing in the second part a robust map of the

reception and influence of Athanasius's thought from its immediate impact on the late fourth and fifth centuries in the Cappadocians and Cyril to its significance in the Eastern and Western traditions and its reception in contemporary thought

*Of God and Man* M. C. Steenberg, 2009-01-01 Scholarship in early Christianity has long focused on themes of theological doctrine on the one hand and anthropology on the other. Doctrinal study has generally concentrated on the rise of Trinitarian language and Christological questions while anthropological studies explore early perceptions of human nature, sin and redemption. This has produced standard chronologies of doctrine dividing early Christian history into distinct if interrelated periods of history in the development of these views. Building on current scholarship, this volume reassesses such an approach to early patristic study through a sustained investigation of anthropology and theology as a single project in the fathers. Taking Irenaeus of Lyons, Tertullian of Carthage, Cyril of Jerusalem and Athanasius of Alexandria as chief examples of the period, it explores how concentration on the human provides the context and lens through which doctrinal questions are articulated. Assessing theology as anthropology as the approach to doctrines of God through understandings of the human, creative insight is gleaned into refined developments of Trinitarian thought far earlier than Nicaea and advanced reflections on the divinity of the Holy Spirit long before Constantinople. The nature of humanity as in the image of God takes on a fresh potency when it is approached not only as a window on the human but the means by which the human reveals the nature of God.

Trinity and Incarnation Steven Nemes, 2023-08-28 This book argues that the doctrine of God taken for granted in the Catholic tradition—divine transcendence, creatio ex nihilo, divine simplicity—makes it impossible to give an intelligible and coherent interpretation of the verbal formulas of the Catholic dogmas of Trinity and Incarnation. By way of response to this apparent incoherence at the heart of the Catholic theological tradition, it proposes an alternative post-Catholic take on these central doctrines in the light of a qualified monistic conception of God and a Spirit Christological interpretation of Jesus's relation to God the Father as presented in the New Testament.

*T&T Clark Companion to Atonement* Adam J. Johnson, 2017-07-27 The T & T Clark Companion to Atonement establishes a vision for the doctrine of the atonement as a unified yet extraordinarily rich event calling for the church's full appropriation. Most edited volumes on this doctrine focus on one aspect of the work of Christ; for example, Girard, Feminist thought, Penal Substitution, or divine violence. The Companion is unique in that every essay seeks to both appropriate and stimulate the church's understanding of the manifold nature of Christ's death and resurrection. The essays are divided into four main sections: 1. dogmatic location, 2. chapters on the Old and New Testaments, 3. major theologians, and 4. contemporary developments. The first set of essays explores the interrelationship between the atonement and other Christian doctrines; for example, Trinity, Christology, and Pneumatology, opening up yet further avenues of inquiry. Essays on key theologians eschew reductionism, striving to bring out the nuances and breadth of the contribution. The same is true of the biblical essays. The final section explores more recent developments within the doctrine; for example, the work of René Girard and the ongoing reflection on Holy Saturday. The book is comprised of 18 major

essays and an A Z section containing shorter dictionary length entries on a much broader range of topics The result is a combination of in depth analysis and breadth of scope making this a benchmark work for further studies in the doctrine
