historical role of Photius has all too often been viewed only as it concerned the rift between the Western and Eastern Churches He has been regarded either as the Father of the Schism or as the staunch defender of Greek Orthodoxy against the encroachments of Rome It is hoped that by presenting the Homilies of Photius in English translation these one sided views may to some extent be corrected For surprising though it may appear we shall not find in the Homilies a single reference to the Papacy When they are not purely didactic the Homilies are dominated by such topics as the suppression of the Iconoclast movement the re establishment of sacred painting the propagation of the true faith among heretics and the quelling of internal division in the Church of Constantinople From the Introduction      **Patriarch Photios of**

**Constantinople** Despina Stratoudaki White,Saint Photius I (Patriarch of Constantinople),1981 The 9th century patriarch s biography scholarship and correspondence are presented and discussed Also contains a translation of 52 of his letters
