an attempt to give within a small compass a concise survey of the most glorious epoch in the annals of our country The subject is a vast and an extremely important one A great deal of study and research has been given to it by learned and devoted workers and a great amount of literary and archaeological research still remains to be done before we can assure ourselves that we have gained a really comprehensive view of Early Christian Ireland The size of this volume will not therefore be taken as the authors measure of the importance of a period of history of surpassing human interest and the book itself is only intended as an introduction to the study of larger and more ambitious treatises covering the same ground No useful purpose could be served by overloading with references a book of this kind which is intended for popular use About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *Ireland* J. the darkness and in spite of terrible deprivations not least homesickness re establishing not only Christianity but the glories of classical learning which had fallen into their safe keeping This book lists both saints and scholars often in the same personality their foundations and the works that made the period Ireland s truly golden age
