**Donald Scragg**

## **Saints And Relics In Anglo Saxon England:**

**Saints and Relics in Anglo-Saxon England** David W. Rollason, 1989-01-01 *Saints and Animals in the Middle Ages* Dominic Alexander, 2008 A thorough investigation of the saint and animal topos its origins growth and development

**Writing Gender and Genre in Medieval Literature** Elaine Treharne, 2002 Medievalists demonstrate how a focus on gender can transform an approach to literary texts and genres The essays in this annual English Association volume provide useful examples of how the conventions behind and the expectations evoked by literary modes and genres help to shape what purports to be an entirely essential and or socially constructed aspect of identity of the he she or I of the literary text Ranging across materials from Old English Biblical poetry and hagiography to the late Middle English romances and fabliaux the essays are united by a commitment to a variety of traditional scholarly methodologies But each examines afresh an important aspect of what it means to be man or woman husband son mother daughter wife devotee or love in the context of particular kinds of medieval literary texts Contributors ANNE MARIE D ARCY HUGH MAGENNIS DAVID SALTER MARY SWAN

ELAINE TREHARNE GREG WALKER **The Cambridge Companion to Old English Literature** Malcolm Godden, Michael Lapidge, 2013-05-02 This updated edition has been thoroughly revised to take account of recent scholarship and includes five new chapters **The Architectural Setting of the Cult of Saints in the Early Christian West**

**c.300-c.1200** John Crook, 2000-01-13 This book explores the way in which church architecture from the earliest centuries of Christianity has been shaped by holy bones the physical remains or relics of those whom the Church venerated as saints The Church's holy dead continued to exercise an influence on the living from beyond the grave and their earthly remains provided a focus for prayer The memoriae house churches and crypts of early Christian Rome the elaborately decorated monuments containing the bodies of the bishops of Merovingian Gaul the revival of ring crypts in the Carolingian empire the crypts tomb shrines and later high shrines of medieval England all demonstrate how the presence of a holy body within a church influenced its very architecture This is the first complete modern study of this hitherto somewhat neglected aspect of medieval church architecture in western Europe **A Companion to the Early Middle Ages** Pauline Stafford, 2012-12-26 Drawing on 28 original essays A Companion to the Early Middle Ages takes an inclusive approach to the history of Britain and Ireland from c 500 to c 1100 to overcome artificial distinctions of modern national boundaries A collaborative history from leading scholars covering the key debates and issues Surveys the building blocks of political society and considers whether there were fundamental differences across Britain and Ireland Considers potential factors for change including the economy Christianisation and the Vikings

*The Cult of St Katherine of Alexandria in Early Medieval Europe* Christine Walsh, 2017-05-15 St Katherine of Alexandria was one of the most popular saints in both the Orthodox and Latin Churches in the later Middle Ages yet there has been little study of how her cult developed before c 1200 This book redresses the balance providing a thorough examination of the way the cult spread from the Greek speaking lands of the Eastern Mediterranean

and into Western Europe The author uses the full range of source material available including liturgical texts hagiographies chronicles and iconographical evidence bringing together these often disparate sources to map the way in which the cult of St Katherine grew from its early stages in the Byzantine Empire up to c 1100 its transmission to Italy and the introduction and development of the cult in Normandy and England up to c 1200 The book also includes appendices listing early manuscripts containing Katherine s Passio and including key original texts on St Katherine of the period This study will be welcomed by scholars of medieval history and the history of medieval art and as a case study for all those with an interest in the development of medieval saint s cults      *English Medieval Shrines* John Crook,2011 The cult of saints is one of the most fascinating manifestations of medieval piety It was intensely physical saints were believed to be present in the bodily remains that they had left on earth Medieval shrines were created in order to protect these relics and yet to show off their spiritual worth at the same time allowing pilgrims limited access to them English Medieval Shrines traces the development of such structures from the earliest cult activities at saintly tombs in the late Roman empire through Merovingian Gaul and the Carolingian Empire via Anglo Saxon England to the great shrines of the fourteenth and fifteenth centuries The greater part of the book is a definitive exploration on a basis that is at once thematic and chronological of the major saints cults of medieval England from the Norman Conquest to the Reformation These include the famous cults of St Cuthbert St Swithun and St Thomas Becket and lesser known figures such as St Eanswyth of Folkestone or St Ecgvine of Evesham John Crook an independent architectural historian archaeological consultant and photographer is the foremost authority on English shrines He has published numerous books and papers on the cult of saints      *Soldiers of Christ* Thomas F. X. Noble,Thomas Head,2010-11-01      **The Conversion of Britain** Barbara Yorke,2014-05-22 The Britain of 600 800 AD was populated by four distinct peoples the British Picts Irish and Anglo Saxons They spoke 3 different languages Gaelic Brittonic and Old English and lived in a diverse cultural environment In 600 the British and the Irish were already Christians In contrast the conversion of the Anglo Saxons and Picts occurred somewhat later at the end of the 6th and during the 7th century Religion was one of the ways through which cultural difference was expressed and the rulers of different areas of Britain dictated the nature of the dominant religion in areas under their control This book uses the Conversion and the Christianisation of the different peoples of Britain as a framework through which to explore the workings of their political systems and the structures of their society Because Christianity adapted to and affected the existing religious beliefs and social norms wherever it was introduced it s the perfect medium through which to study various aspects of society that are difficult to study by any other means      **Uniting the Kingdom?** Alexander Grant,Keith Stringer,2002-11 A group of Britain s most prestigious historians assemble to explore the formation of the UK its history and its identity Traditional regional and chronological frontiers are broken down as medievalists modernists and early modernists debate      **Edgar, King of the English, 959-975** Donald Scragg,2014 Fresh assessments of Edgar s reign reappraising key elements using documentary

coin and pictorial evidence King Edgar ruled England for a short but significant period in the middle of the tenth century Two of his four children succeeded him as king and two were to become canonized He was known to later generations as the Pacific or the Peaceable because his reign was free from external attack and without internal dissention and he presided over a period of major social and economic change early in his rule the growth of monastic power and wealth involved redistribution of much of the country's assets while the end of his reign saw the creation of England's first national coinage with firm fiscal control from the centre He fulfilled King Alfred's dream of the West Saxon royalhouse ruling the whole of England and like his uncle King thelstan he maintained overlordship of the whole of Britain Despite his considerable achievements however Edgar has been neglected by scholars partly because his reign has been thought to have passed with little incident A time for a full reassessment of his achievement is therefore long overdue which the essays in this volume provide

**Death in Medieval Europe** Joelle Rollo-Koster, 2016-10-04 Death in Medieval Europe Death Scripted and Death Choreographed explores new cultural research into death and funeral practices in medieval Europe and demonstrates the important relationship between death and the world of the living in the middle ages This volume explores overarching topics such as burials commemorations revenants mourning practices and funerals capital punishment suspicious death and death registrations using case studies from across Europe including England Iceland and Spain Drawing together and building upon the latest scholarship this book is essential reading for all students and academics of death in the medieval period

Where Heaven and Earth Meet: Essays on Medieval Europe in Honor of Daniel F. Callahan Michael Frassetto, John Hosler, Matthew Gabriele, 2014-04-17 Where Heaven and Earth Meet is a Festschrift in honor of Daniel F Callahan Professor of History at the University of Delaware It is an interdisciplinary collection that celebrates and advances research in his principal scholarly interests One central focus is on the writings of Ademar of Chabannes and what they reveal about heresy music warfare and the Peace of God in the early Middle Ages Another is on Western religious history ecclesiastical houses hagiography and papal writings and the collection is rounded out by studies of early Islamic Jerusalem as well as Arabic numismatics Contributing authors include Professor Callahan's former classmates graduate students colleagues and admirers of his research The collection will be of interest to researchers in art history history musicology and religion Contributors are Bernard S Bachrach Daniel F Callahan Lawrence G Duggan Michael Frassetto Matthew Gabriele James Grier John D Hosler Anna Trumbore Jones Lawrence Nees Richard R Ring Jane T Schulenburg

Der heilige Wikingerkönig Olav Haraldsson und sein hagiographisches Dossier (2 vols.) Lenka Jiroušková, 2014-10-30 The twelfth century vita of Saint Olav the Norwegian King Olav Haraldsson is an outstanding example of how the intersection of power and sanctity was politically functionalised in the Middle Ages Olav's hagiographic dossier is transmitted in several and

in part newly discovered manuscripts Its contents depend on both the Latin and the vernacular tradition while the milieus in which it was used range from the clerics of the High Middle Ages to the Hanseatic merchants at the end of the epoch

Fourteen studies on language and style on codicological as well as cultic and cultural context of individual copies of the Passio Olavi on the veneration of Olav in Scandinavia England Northern France and Northern Germany on the construction of sanctity strategies of propagating Olav's cult and their narrative realisation and finally on changes of the text its spread and usage are presented alongside the first critical edition of the complete dossier **Anglo-Norman Studies XVII**

Christopher Harper-Bill,1995 *Truth Is Trickiest* Jennifer Neville,2024-11-30 At the end of the tenth century English manuscript the Exeter Book there is a collection of almost one hundred riddles They are notable for many reasons but one feature in particular has challenged modern readers their lack of solutions In *Truth Is Trickiest* Jennifer Neville argues that the absence of solutions rather than being an unfortunate accident uncovers an essential quality of these texts In opposition to the general expectation that a successfully solved riddle will have one correct answer Neville argues that the Exeter Book riddles are written to generate multiple solutions The correct response to an Exeter Book riddle is not a single elegant solution but instead an ongoing process of interpretation that leads readers to question what they think they know *Truth Is Trickiest* contextualizes its readings within the larger field of Old English poetry early medieval material culture and Anglo Latin riddles The book pursues the central issue of interpretation in relation to social values craftsmanship hierarchical social structures violence irony humour and sexuality It concludes with a full list of previously proposed solutions to document the history of the ongoing argument that the Exeter Book riddles have provoked *The Use of Hereford* Mr William Smith,2015-10-28 *The Use of Hereford* a local variation of the Roman rite was one of the diocesan liturgies of medieval England before their abolition and replacement by the Book of Common Prayer in 1549 Unlike the widespread Use of Sarum the Use of Hereford was confined principally to its diocese which helped to maintain its individuality until the Reformation This study seeks to catalogue and evaluate all the known surviving sources of the Use of Hereford with particular reference to the missals and gradual which so far have received little attention In addition to these a variety of other material has been examined including a number of little known or unknown important fragments of early Hereford service books dismembered at the Reformation and now hidden away as binding or other scrap in libraries and record offices **Representing Medieval Genders and Sexualities in Europe** Dr Alison More,Dr Elizabeth L'Estrange,2012-10-01 Transcending both academic disciplines and traditional categories of analysis this collection illustrates the ways genders and sexualities could be constructed subverted and transformed Focusing on areas such as literature hagiography history and art history from the Anglo Saxon period to the early sixteenth century the contributors examine the ways men and women lived negotiated and challenged prevailing conceptions of gender and sexual identity In particular their papers explore textual constructions and transformations of religious and secular masculinities and femininities visual subversions of gender roles gender and the

exercise of power and the role sexuality plays in the creation of gender identity The methodologies which are used in this volume are relevant both to specialists of the Middle Ages and early modern periods and to scholars working more broadly in fields that draw on contemporary gender studies     *Arthurian Literature XVI* James P. Carley, Felicity Riddy, 1998 An indispensable component of any historical or Arthurian library NOTES AND QUERIES
