special issue of Soccer and Society *Modernity Britain* David Kynaston,2014-12-02 Modernity Britain 1957 1963 continues David Kynaston s groundbreaking series Tales of a New Jerusalem telling as never before the story of Britain from VE Day in 1945 to the election of Margaret Thatcher in 1979 *The Wizard* Jon Henderson,2013-05-02 Stanley Matthews taught us the way football should be played Pel I couldn t believe he was just a man He was the best player in the world Bobby Charlton He told me that he used to play for just twenty pounds a week Today he would be worth all the money in the Bank of England Gianfranco Zola Stanley Matthews is one of the most famous footballers ever to play the beautiful game Nicknamed The Wizard of Dribble for his deadly skills he made fools of defenders around the world He played 84 matches for England in a career that spanned an extraordinary 33 years and such was his popularity that attendance for his club teams Stoke City and Blackpool more than doubled when he played He was a global superstar decades before Beckham Ronaldo or Messi yet what do we really know about this legendary man This first full and objective biography looks beyond the public face of the first gentleman of soccer to explore a life not without controversy This was a player who clashed with his managers who felt undervalued in the age of the maximum wage leading to a charge of blackmarketeering and who was criticised for his showmanship and perceived lack of team spirit There were private dramas too an unhappy first marriage that produced two beloved children and a second to the love of his life a Czech with a dark secret even Matthews never knew and which acclaimed biographer Jon Henderson reveals for the first time Recreating the magic on the pitch and analyzing the key moments that made Matthews great this is a meticulously researched story of a national hero and a fascinating insight into English football in the 20th century **Twilight of the Bengal Renaissance** Subrata Dasgupta,2005 Biography of R K Dasgupta professor scholar intellectual and critic from West Bengal India **Diaspora and Nation in the Indian Ocean** Ned Bertz,2015-09-30 The vibrant Swahili coast port city of Dar es Salaam literally the Haven of Peace hosts a population reflecting a legacy of long relations with the Arabian Peninsula and a diaspora emanating in waves from the Indian subcontinent By the 1960s after decades of European imperial intrusions Tanzanian nationalist forces had peacefully dismantled the last British colonial structures of racial segregation and put in place an official philosophy of nonracial nationalism Yet today more than five decades after independence race is still a prominent and publicly contested subject in Dar es Salaam What makes this issue so dizzyingly elusive for government bureaucrats and ordinary people alike is East Africa s location on the Indian Ocean a historic crossroads of diverse peoples possessing varied ideas about how to reconcile human difference social belonging and place of origin Based on a range of archival oral and newspaper sources from Tanzania and India this book explores the history of cross cultural encounters that shaped regional ideas of diaspora and nationhood from the earliest days of colonial Tanganyika when Indian settlement began to expand dramatically to present day Tanzania a nation always under construction The book focuses primarily on two prominent city spaces schools and cinemas the one a site of education the other a site of leisure one typically a programmatic entity of government the other

usually a bastion of commercial enterprise. Nonetheless the forces shaping schools and cinemas as they developed into busy centers of urban social interaction were surprisingly similar. The state, community organizations, nationalist movements, economic change and the transnational winds of Indian Ocean culture and capital. Whether in the form of institutional apparatuses like networks of Indian teacher importation and curricula adoption or through the market predominance of the Indian film industry, schools and cinemas in East Africa historically were influenced by actions and ideas from around the Indian Ocean. Diaspora and Nation in the Indian Ocean argues that an Indian Ocean wide perspective enables an examination of the transnational production of ideas about race against a backdrop of changing relationships and claims of belonging as new notions of nationhood and diaspora emerged. It bridges an academic divide because historians often either focus on the Indian diaspora in isolation or write it out of the story of African nation building. Further in contrast to the swell of publications on global Indian or South Asian diasporas that highlight longings for and contacts with the homeland, the book also demonstrates that much of the creative production of diasporic Indian identities formed in East Africa was a result of local, albeit cosmopolitan encounters across cities like Dar es Salaam.
