**Publications** Buffalo Historical Society (Buffalo, N.Y.), 1927      *The Old South Frontier* Donald P. Mcneilly, 2000-07-01 In this deeply researched and well written study Donald P McNeilly examines how moderately wealthy planters and sons of planters immigrated into the virtually empty lands of Arkansas seeking their fortune and to establish themselves as the leaders of a new planter aristocracy west of the Mississippi River These men sometimes alone sometimes with family and usually with slaves sought the best land possible cleared it planted their crops and erected crude houses and other buildings Life was difficult for these would be leaders of society and their families and especially hard for the slaves who toiled to create fields in which they labored to produce a crop McNeilly argues that by the time of Arkansas s statehood in 1836 planters and large farmers had secured a hold over their frontier home and that between 1840 and the Civil War planters solidified their hold on politics economics and society in Arkansas The author takes a topical approach to the subject with chapters on migration slavery non planter whites politics and the secession crisis of 1860 1861 McNeilly offers a first rate analysis of the creation of a white cotton based society in Arkansas shedding light not only on the southern frontier but also on the established Old South before the Civil War      Canada and the Canadians Richard Henry Bonnycastle, 2020-07-29 Reproduction of the original Canada and the Canadians by Richard Henry Bonnycastle      **American State Papers** USA, 1860      The Amateur , 1830      *Beacon Lights of History, Volume 12- American Leaders* John Lord, 2016-07-05 Since the intense era of the Civil War has passed away and Northerners and Southerners are becoming more and more able to take dispassionate views of the controversies of that time finding honorable reasons for the differences of opinion and of resultant

conduct on both sides it has been thought well to include among American Leaders a man who stands before all Americans as the chief embodiment of the cause for which so many gallant soldiers died Robert E Lee His personal character was so lofty his military genius so eminent that North and South alike looked up to him while living and mourned him dead His career is depicted by one who has given it careful study and who himself a wounded veteran officer of the Union army and regarding the Southern cause as one well lost as to its chief aims of Secession and protection to Slavery in the interest of civilization and of the South itself yet holds a high appreciation of the noble man who is its chief representative The paper on Robert E Lee The Southern Confederacy is from the pen of Dr E Benjamin Andrews Chancellor of the University of Nebraska
