views across the valley and within walking distance of the local village There was only one small problem there was no house And yet the land was affordable and came the agent promised with a possible income from a copse of truffle oaks Just after the birth of their first daughter after leaving the London rat race behind here was a chance for Jamie and his wife to finally realize their dream of owning a property With one final salivating glance at the oak trees the decision was made All they needed now was a dog And their quest to find and train a truffle dog turns out to be as full of hidden discoveries as a truffle hunt itself With delicious humor and superb storytelling Ten Trees and a Truffle Dog is sure to delight anyone who loves dogs food and rural France
