Saluti Notturni Dal Pabo Della Cisa:

Saluti notturni dal Passo della Cisa Piero Chiara, 2012-08-28 La verità sul delitto Spinacrocce una verità certa e univoca sembra inafferrabile L'interesse senza dubbio l'avidità il cinismo forse la passione sono la chiave per spiegare quei due cadaveri trovati dopo una notte di violento temporale nella bella villa solidamente borghese di Pilade Spinacrocce Siamo alle porte di Langhirano nel cuore di una provincia parmense ricca carnale fragrante di profumi e di aromi dove tutto sembra parlare dei piaceri della vita e dove possono intrecciarsi vicende brutali che si colorano in questo che l'ultimo romanzo di Piero Chiara di una inquietante luce pirandelliana Ti ho messo davanti tutte le verità possibili Scegli quella che ti va meglio afferma uno dei personaggi chiave della vicenda Questa frase l'autore sembra ripeterla ai lettori e forse anche a se stesso

The Thinking Space Leona Rittner, W. Scott

Haine, 2016-03-03 The cafe is not only a place to enjoy a cup of coffee it is also a space distinct from its urban environment in which to reflect and take part in intellectual debate Since the eighteenth century in Europe intellectuals and artists have gathered in cafes to exchange ideas inspirations and information that has driven the cultural agenda for Europe and the world Without the cafe would there have been a Karl Marx or a Jean Paul Sartre The cafe as an institutional site has been the subject of renewed interest amongst scholars in the past decade and its role in the development of art ideas and culture has been explored in some detail However few have investigated the ways in which cafes create a cultural and intellectual space which brings together multiple influences and intellectual practices and shapes the urban settings of which they are a part This volume presents an international group of scholars who consider cafes as sites of intellectual discourse from across Europe during the long modern period Drawing on literary theory history cultural studies and urban studies the contributors explore the ways in which cafes have functioned and evolved at crucial moments in the histories of important cities and countries notably Paris Vienna and Italy Choosing these sites allows readers to understand both the local particularities of each cafe while also seeing the larger cultural connections between these places By revealing how the cafe operated as a unique cultural context within the urban setting this volume demonstrates how space and ideas are connected As our global society becomes more focused on creativity and mobility the intellectual cafes of past generations can also serve as inspiration for contemporary and future knowledge workers who will expand and develop this tradition of using and thinking in space
