intruding no literary theory on the play *Blits* brings out the historical and perennial political substance that Shakespeare deliberately put into it He shows that *Caesar* is a work of historical poetry shaped by Shakespeare's mastery of the Roman histories and the Hellenistic philosophies bearing directly on his subject Topics include the love of honor and fame heroic ambition and glory virtue and honor civic strife political murder the role of political oratory public versus private interests Caesarism the decay of liberty loyalty demagoguery luxury spiritedness superstition Stoicism and Epicureanism manliness friendship moral intimidation political imprudence foreign and civil war universal empire and the advent of Christianity
