Excerpt Volumnia referred to above in Act v Sc 3 These passages will be found quoted in full in the notes VIII Plutarch And Non shakespearean Drama The influence of Plutarch is to be traced in the work of other writers besides Shakespeare in the history of English drama although there is no other patent instance of deliberate appropriation of North's style and language Among all the classical subjects of the drama none have proved more adaptable or more popular than Julius Caesar and Cleopatra and Plutarch is the fountain head of information about their lives Julius Caesar figured upon the English stage long before Shakespeare placed him there and the words of Polonius already quoted are an obvious allusion to an academic play on his fall There is an interesting example of a similar play of later date 1607 in the British Museum entitled The Tragedie of Caesar and Pompey or Caesar's Revenge Privately acted by the Studentes of Trinity College in Oxford It is typically academic in the least complimentary sense and portentously dull for it carries on the declamatory traditions of Sackville's Gorboduc The plot is constructed out of the narratives of Plutarch and Suetonius with a jealous exclusion of all their lighter touches and illuminative details but the writer probably read Plutarch in a Latin version as did Stephen Gosson who quotes him repeatedly in his School of Abuse and had doubtless made use of his materials in his play of Catilins Conspiracies Henslowe's Diary records more than one Caesar play anterior in date to Shakespeare's e.g. on November 8 1594 a new play seser and pompey and on June 18 in the following year the 2<sup>nd</sup> pte of sesore On May 22 1602 is an entry of payments to Munday Drayton

**Plutarch's Lives of Coriolanus, Caesar, Brutus and Antonius in North's Translation** R. H Carr, 2007-11 PREFACE

THE Author of this very practical treatise on Scotch Loch Fishing desires clearly that it may be of use to all who had it He does not pretend to have written anything new but to have attempted to put what he has to say in as readable a form as possible Everything in the way of the history and habits of fish has been studiously avoided and technicalities have been used as sparingly as possible The writing of this book has afforded him pleasure in his leisure moments and that pleasure would be much increased if he knew that the perusal of it would create any bond of sympathy between himself and the angling community in general This section is interleaved with blank sheets for the readers notes The Author need hardly say that any suggestions addressed to the care of the publishers will meet with consideration in a future edition We do not pretend to write or enlarge upon a new subject Much has been said and written and well said and written too on the art of fishing but loch fishing has been rather looked upon as a second rate performance and to dispel this idea is one of the objects for which this present treatise has been written Far be it from us to say anything against fishing lawfully practised in any form but many pent up in our large towns will bear us out when we say that on the whole a days loch fishing is the most convenient One great matter is that the loch fisher is dependent on nothing but enough wind to curl the water and on a large loch it is very seldom that a dead calm prevails all day and can make his arrangements for a day weeks beforehand whereas the stream fisher is dependent for a good take on the state of the water and however pleasant and easy it may be for one living near the banks of a good trout stream or river it is quite another matter to arrange for a days river fishing if one is looking

forward to a holiday at a date some weeks ahead Providence may favour the expectant angler with a good day and the water in order but experience has taught most of us that the good days are in the minority and that as is the case with our rapid running streams such as many of our northern streams are the water is either too large or too small unless as previously remarked you live near at hand and can catch it at its best A common belief in regard to loch fishing is that the tyro and the experienced angler have nearly the same chance in fishing the one from the stern and the other from the bow of the same boat Of all the absurd beliefs as to loch fishing this is one of the most absurd Try it Give the tyro either end of the boat he likes give him a cast of ally flies he may fancy or even a cast similar to those which a crack may be using and if he catches one for every three the other has he may consider himself very lucky Of course there are lochs where the fish are not abundant and a beginner may come across as many as an older fisher but we speak of lochs where there are fish to be caught and where each has a fair chance Again it is said that the boatman has as much to do with catching trout in a loch as the angler Well we dont deny that In an untried loch it is necessary to have the guidance of a good boatman but the same argument holds good as to stream fishing

*Shakespeare and the Geography of Difference* John Gillies, 1994-05-12 In this engaging book John Gillies explores Shakespeare's geographic imagination and discovers an intimate relationship between Renaissance geography and theatre arising from their shared dependence on the opposing impulses of taboo laden closure and hubristic expansiveness Dr Gillies shows that Shakespeare's images of the exotic the barbarous outlandish or strange are grounded in concrete historical fact to be marginalised was not just a matter of social status but of belonging quite literally to the margins of contemporary maps Through an examination of the icons and emblems of contemporary cartography Dr Gillies challenges the map makers overt intentions and the attitudes and assumptions that remained below the level of consciousness His study of map and metaphor raises profound questions about the nature of a map and of the connections between the semiology of a map and that of the theatre

*The Spectacular In and Around Shakespeare* Pascale Drouet, 2009-05-27 This volume addresses the economy of the spectacular in and around Shakespeare's plays both in early modern England and in late twentieth century adaptations and appropriations Apart from addressing issues such as implausibility tours de force arousing amazement and excess for the sake of entertainment it raises the question of intentionality what is behind the spectacular Is there always a manipulative purpose How far reaching are the political and ideological stakes The contributors to this volume investigate a broad spectrum of particular phenomena the spectacular sound effects and pyrotechnics displayed for the opening of the Globe theatre with Julius Caesar on performance George Gascoigne's lavish 1575 pageant commissioned by the Earl of Leicester for the queen at Kenilworth The Princely Pleasures the relationship between the spectacular and scientific discoveries as well as their dialectics of appropriation the impact of Mannerist art on The Winter's Tale Coriolanus resistance to ostentation and political shows the anti spectacular counter current running through Timon of Athens Julia Pascal's innovative 2007 stage production of The Merchant of Venice

apocalyptic screen adaptations of turn of the century Jacobean tragedies and Richard III's potential to be graphically interpreted in 2008 as political satire and as a danse macabre

**Narcissism and Suicide in Shakespeare and his Contemporaries** Eric Langley, 2009-11-12 The subjects of this book are the subjects whose subjects are themselves Narcissus so himself himself forsook And died to kiss his shadow in the brook In accusing the introspective Adonis of narcissistic self absorption Shakespeare's Venus employs a generative construction himself himself that provides a keynote for this study of Renaissance reflexive subjectivity Through close analysis of a number of Shakespearean texts including Venus and Adonis Romeo and Juliet Julius Caesar Hamlet and Othello his book illustrates how radical self reflection is expressed on the Renaissance page and stage and how representations of the two seemingly extreme figures of the narcissist and self slaughterer are indicative of early modern attitudes to introspection Encompassing a broad range of philosophical theological poetic and dramatic texts this study examines period descriptions of the early modern subject characterised by the rhetoric of reciprocation and reflection The narcissist and the self slaughterer provide models of dialogic but self destructive identity where private interiority is articulated in terms of self response but where this generative isolation is understood as self defeating both selfish and suicidal The

study includes work on Renaissance revisions of Ovid classical attitudes to suicide the rhetoric of friendship literature discussion of early modern optic theory and an extended discussion of narcissism in the epyllia tradition Sustained textual analysis offers new readings of major Shakespearean texts allowing familiar works of literature to be seen from the unusual and anti social perspectives of their narcissistic and suicidal protagonists Shakespeare's Plutarch : the lives of Julius Caesar, Brutus, Marcees Antonius, and Coriolanus in the translation of Sir Thomas North ,1964 **Shakespeare in Culture** Jason Gleckman, Barry Hall, Lin Chi-i, Ted Motohashi, Richard Burt, Ching-hsi Perng, Han Younglim, Minami Ryuta, Judy Celine Ick, Yoshihara Yukari, Bi-qi Beatrice Lei, Ann Thompson, Mariangela Tempera,2012-01-01 Shakespeare as well as the reading translating teaching criticizing performing and adapting of Shakespeare does not exist outside culture Culture in its many varieties not only informs the Shakespearean corpus productions and scholarship but is also reciprocally shaped by them Culture never remains stable but constantly evolves travels procreates blends and mutates no less incessantly the understanding and rewriting of Shakespeare fluctuates The relations between Shakespeare and culture thus comprise a dynamic flux which calls for examination and reexamination It is this rich and even labyrinthine network of meanings intercultural intertextual and intergeneric that this volume intends to explicate The essays collected here most of them first presented at the Fourth Conference of the National Taiwan University Shakespeare Forum held in Taipei in 2009 cover a wide range of topics religion philosophy history aesthetics as well as politics and thereby illustrate how fruitfully complex the topic of cultural interchange can be **Identity, Otherness and Empire in Shakespeare's Rome** Maria Del Sapio Garbero,2016-12-14 Contributors to this collection delve into the relationship between Rome and Shakespeare They view the presence of Rome in Shakespeare s plays not simply as an unquestioned model of imperial culture or a routine chapter in the history of literary influence but rather as the problematic link with a distant and foreign ancestry which is both revered and ravaged in its translation into the terms of the Bard s own cultural moment During a time when England was engaged in constructing a rhetoric of imperial nationhood the contributors demonstrate that Englishmen used Roman history and the classical heritage to mediate a complex range of issues from notions of cultural identity and gender to the representation of systems of exchange with Otherness in the expanding ethnic space of the nation This volume addresses matters of concern not only for Shakespeare scholars but also for students interested in issues connected with gender postcolonialism and globalization Drawing implicitly or explicitly on recent criticism intertextual studies postcolonial theory Derrida s conceptualization of hospitality gender studies global studies the essayists explore how the Roman Shakespeare of an emerging early modern empire asks questions of our present as well as of our past **Advanced Placement Classroom** Timothy J.
