challenges of our daily lives Campbell dwells on life's important questions Combining cross cultural stories with the teachings of modern psychology he examines the ways in which our myths shape and enrich our lives He explores the many insights of Carl Jung the notion of self as the hero and how East and West differ in their approaches to the ego The book also includes an extensive question and answer session that ranges from mythological readings of the Bible to how the Hero's Journey unfolds for women With his usual wit and insight Campbell draws connections between ancient symbols and modern art schizophrenia and the Hero's Journey Along the way he shows how myth can help each of us truly identify and follow our bliss

Revelations of Chance Roderick Main, 2007-03-08 Explores the plausibility and value of viewing synchronicity as a form of spiritual experience

The Shadow's Gift Robin Robertson, 2011-04-01 There is no change that doesn't begin in the darkness of the human soul The necessity for the confrontation with the Shadow has been known by all cultures in all times and recorded in their myths and legends When the obligation to become whole is laid upon an individual the first task he must undertake is to confront his Shadow The Shadow's Gift Find Who You really Are is about the Shadow contained in each of us and why we must each join with our shadow the archetype of darkness and evil in order to become whole This heroic process is crucial as the projection or denial of the Shadow twists its true meaning into a destructive counter evolutionary force Owning and integrating our shadow allows its transformation in both the world and us The Shadow is a paradox While it initially appears to us as loathsome and despicable it actually contains all our future potentialities for development Perhaps more than any other Robin Robertson discusses it from a the perspective of a belief in the inherent potential good of the Shadow and its ability to assist us in our quest for self actualization Robin Robertson draws from stories of real people's lives the Bible fairy tales and legends modern fiction and the work of famed depth psychologist C G Jung as well as his own experiences His writing is intimate and accessible and his insights and wisdom are conveyed in anecdotal and easy to understand language with clarity and depth
