Shangri-La Michael Buckley, 2008-11-25 Appealing to the adventure traveler or armchair reader who simply wishes to browse and dream this guide promises to lead them into the glorious reality and breathtaking landscapes of the Himalayas

Shangri-la Eleanor Cooney, Daniel Altieri, 1996 A sequel to James Hilton's 1933 classic *Lost Horizons* on a hidden valley of permanent youth in Tibet The time is the 1960s and Hugh Conway the hero of Hilton's book returns to Shangri La to save the inhabitants from the evil designs of a Chinese Communist general who has found a map to the place *Prisoners of Shangri-La* Donald S. Lopez, 1999-05 Lopez finds that even as Tibet's romance is invoked by exiled lamas it ultimately imprisons those who seek the goal of Tibetan independence from Chinese occupation *Prisoners of Shangri-La* Donald S. Lopez Jr., 2018-02-27 Intro Contents Preface to the Twentieth Anniversary Edition Acknowledgments Introduction Chapter One The Name Chapter Two The Book Chapter Three The Eye Chapter Four The Spell Chapter Five The Art Chapter Six The Field Chapter Seven The Prison Notes Index *Romancing the East* Jerry Hopkins, 2013-03-26 Profiling individual legendary authors best selling author Jerry Hopkins combines his research and his own experiences as a longtime expatriate with an intimate knowledge of Asia and offers us a unique perspective on the impact of Eastern culture in Western literature From the time of Marco Polo's trek across the Central Asian desert to the empire of the mighty Kahn no other place on earth not the languid South Pacific or even deepest darkest Africa has so challenged and enchanted the Western imagination as have the fabled lands of the East However soaked in blood its history and no matter how unsettling its social conditions and poverty Asia has never lost its irresistible attraction or mystic It has long been an inspiration for Western novelists so much so that more than 5000 novels have been set in Asia in the English language alone Storied names like Rudyard Kipling Joseph Conrad Pearl S Buck George Orwell Graham Greene E M Forster and many more have used their experiences in Asia as a vibrant backdrop for some of the world's most famous works of literature *Free Trade in the Bermuda Triangle-- and Other Tales of Counter globalization* Brett Neilson, 2004 An alternative approach to mapping the world offers a new way to contest capitalism and globalization Shangri La the Bermuda Triangle Transylvania the Golden Triangle far flung in popular conception these anomalous places nonetheless occupy the same mysterious zone a mythography of unruly cartographic practices And because this mythography becomes associated with a particular area of the earth's surface it may well suggest an alternative means of mapping the world dissociated from the dominant geographical paradigms of nation state economic region and the global local marketing nexus Large scale nonnational geographical spaces that find their genesis in popular feeling mystery and belief these four sites provide Brett Neilson with the basis not only for rethinking the current global reorganization of space and time but also for questioning the dominant narrative by which globalization marks the victory of capitalism *Free Trade in the Bermuda Triangle* moves between analysis of popular fantasies and engagement with on the ground realities weaving together topics as diverse as airplane disasters off the U S Atlantic coast the global drug trade

vampire culture in postsocialist Europe and the search for utopia in Chinese occupied Tibet The study of globalization is largely a solemn affair occupied with increasing economic polarities environmental degradation and global insecurity Free Trade in the Bermuda Triangle maintains a critical focus on these sobering issues but at the same time asks how popular pleasure and enjoyment can create viable alternatives to the current global order Neilson takes seriously the proposition that capitalism must be contested at its own level of generality finding provisional grounds for resistance in nonlocal transnational spaces that embody quotidian hopes desires and anxieties By studying the real and imagined dimensions of these popular geographies his book seeks resources for social betterment in the fallen mythologies of the contemporary postutopian world
