**Zen Time** Raji C. Steineck, 2025-09-01 Offers a groundbreaking approach to a key text in Zen Buddhism In Zen Time Raji C Steineck provides a robust contextualization of Dogen's Uji the most renowned text on time in Zen Buddhism Situating the text within the historical context of the medieval Zen master's writing Steineck illustrates how Dogen shaped the rhythm of life in the Zen monastery to actualize his idea that time in itself is salvific Dogen was meticulous in his observation of the particulars of each temporal moment regarding them as an opportunity to bring together interrelated tenets of Buddhist doctrine and practice In contrast to readings that equate the Zen approach to time with living the moment and that pit qualitative understandings of time against quantitative understandings Steineck shows how Dogen was able to connect time's qualitative and quantitative aspects in a way that despite its mystical elements remains instructive in relation to contemporary secular and philosophical discussions The book includes a translation of Uji in an appendix
