Sharing Sisters:

Three Sisters James D. Doss, 2008-09-30 Colorado rancher and tribal investigator Charlie Moon is taking a night off to play some poker with his best friend Scott Parris Granite Creek's chief of police when Scott's dispatcher cuts in with an emergency call. It seems a man was on the phone with his wife when their call was interrupted by a bloodcurdling scream and the most gruesome noises he'd ever heard. Would they mind checking it out? Arriving on scene they discover that the man's wife, one of three daughters of a wealthy and powerful rancher, has been mauled beyond recognition. Even after her two sisters, one of whom is a popular TV psychic who on that very night's show reported seeing the real-time murder of one of her fans, turn up at the DA's office demanding answers, the smart money and forensic experts are still laying blame on a hungry bear. But once the wheels of justice are turning and the ratings for Cassandra Sees are going through the roof, the surviving sisters are awfully quick to move on in all kinds of ways. With eyebrows and suspicions raised, Charlie and his irascible aunt Daisy, a Ute shaman whose investigative talents rely heavily on help from the spirit world, set out to track down a killer. A tight plot, quick wit, and clever crimes make *Three Sisters* the twelfth installment in the popular Charlie Moon series, the newest must-have from James D. Doss.

Queer Nuns Melissa M. Wilcox, 2018-05-22 An engaging look into the Sisters of Perpetual Indulgence, queer activists devoted to social justice. The Sisters of Perpetual Indulgence make up an unlikely order of nuns. Self-described as twenty-first-century queer nuns, the Sisters began in 1979 when three bored gay men donned retired Roman Catholic nuns' habits and went for a stroll through San Francisco's gay Castro district. The stunned and delighted responses they received prompted these already seasoned activists to consider whether the habits might have some use in social justice work, and within a year they had constituted the new order. Today, with more than 83 houses on four different continents, the Sisters offer health outreach support and at times protest on behalf of queer communities. In *Queer Nuns*, Melissa M. Wilcox offers new insights into the role the Sisters play across queer culture and the religious landscape. The Sisters both spoof nuns and argue quite seriously that they are nuns adopting an innovative approach; the author refers to as serious parody. Like any performance, serious parody can either challenge or reinforce existing power dynamics, and it often accomplishes both simultaneously. The book demonstrates that through the use of this strategy, the Sisters are able to offer an effective, flexible, and noteworthy approach to community-based activism. Serious parody ultimately has broader applications beyond its use by the Sisters. Wilcox argues that serious parody offers potential uses and challenges in the efforts of activist groups to work within communities that are opposed and oppressed by culturally significant traditions and organizations, as is the case with queer communities and the Roman Catholic Church. This book opens the door to a new world of religion and social activism, one which could be adapted to a range of political movements, individual inclinations, and community settings.

Katharine Drexel and the Sisters Who Shared Her Vision McGuinness, Margaret M., 2023 Although Katharine Drexel has been the subject of several biographies, they have tended to treat her as a perfect human being whom the Church

Sharing Breath Sheila Batacharya,Yuk-Lin Renita Wong,2018-10-31 Treating bodies as more than discursive in social research can feel out of place in academia As a result embodiment studies remain on the outside of academic knowledge construction and critical scholarship However embodiment scholars suggest that investigations into the profound division created by privileging the mind intellect over the body spirit are integral to the project of decolonization The field of embodiment theorizes bodies as knowledgeable in ways that include but are not solely cognitive The contributors to this collection suggest developing embodied ways of teaching learning and knowing through embodied experiences such as yoga mindfulness illness and trauma Although the contributors challenge Western educational frameworks from within and beyond academic settings they also acknowledge and draw attention to the incommensurability between decolonization and

aspects of social justice projects in education By addressing this tension ethically and deliberately the contributors engage thoughtfully with decolonization and make a substantial and sometimes unsettling contribution to critical studies in education
